Of Mr Fernandez's private Character I know nothing but his demeanour towards his Superiors is full of respect, and it struck me on both visits that I made to his work that there was confidence expressed in him by the work people under his employ which was probably due to his kind bearing towards them and the care which he has taken to keep them in supplies in that outlandish part.

In returning herewith the Copy of Chief Engineer's Memo. No. 3028 of 25th September/79, bearing the Supdg. Engr's Endorsement No. 944 of 26th Idem, and the marginally noted papers which were sent to me for correction & explanation, with your Memos No. 174 & 250 of the 9th August & 17 September/79, I beg to state that the dates of the Commencement & Cessation of each appointment as detailed by me in the Service Register as well as in the preliminary application are correct as per notes kept by me —

As for the services from 1st October/54 to 28th February 1855, from 1st March to 20 June/55 & from 21st June/55 to 31st December 1856 which are noted by the Examiner P. W. Accounts as not being verifiable from Records, I beg to state that the service for the first named

named period was rendered by me on purely permanent Establishment, but I cannot say with certainty whether the Service for the latter 2 periods was on permanent or temporary Establishts. I beg therefore to forward herewith some Extracts from Offl. & Demi Offl. Correspondence taken place between myself, the Civil Engineer 3rd Division and the Collector of Canara regarding the appointments under reference—

The whole of my service was however continuous from its Commencement up to date, with the exception of the few breaks on leave, and I accepted all appointments offered to me without enquiring in the least as to whether any of them appertained to Permanent or temporary Establishments, my only object being to exert myself to give satisfaction in the appointts. which were offered to me. In consideration whereof, as also of the Character which I have always borne and of the responsible duties which I have performed during the whole of my service, I beg to request that the Government will be graciously pleased to pass the whole period of my service as service Counting towards pension, and with this Concession to permit my relief from duty at the end of December next—

As for the difference of date of birth pointed out by the Examiner P. W. Accounts in the 5th Para of his Remarks on the Preliminary application for Pension, I beg to state that the date given by me in the Service book & in the Preliminary application is correct as per Baptismal Certificate which is herewith submitted.

3. The Halandee Circuit I propose to divide into two sections, one comprising the Coloor Ghaut & roads connected with it from Byndoor and Halandee – the other comprising the Agoomby Ghaut and Roads below. For the former charge extending over 62 Miles, I have the honor to request you will replace at my disposal the services of Mr. T. M. Fernandez, late Hd. 4. The 88 Miles of Agoomby road I have offered to Mr. McKenzie on a salary of Rs. 100 a month, and should he refuse them I shall secure the services of Mr. Barsinge, pending whose arrival, the balance of Rs. 9459 may be placed in the Barcoor Treasury at the disposal of Mr. Fernandez who will start the work, according to the instructions contained in the accompanying Memo: which I request you will be so good as to deliver to him –

Extract from letter dated 27th April/55, from the Collector of Canara to the Civil Engineer, 3rd Divn.

I have the honor to acknowledge the receipt of your letter of the 17th Instant, and beg to state that pending a reply to mine of the 13th Instant, the arrangements which you propose for the Sircy & Yellapoor Circuits can at once take place— That for the Agoomby Circuit must lie over for further consideration—

The Memo: of instructions for Mr. Fernandez will be withheld until the arrangement for the Agoomby Circuit is completed—

Extract from letter dated 16th May 1855 from the Collector of Canara to the Civil Engineer, 3rd Division

× × × ×

For the Agoomby Circuit I had hoped that the services of an European Officer would be available but as this is not the Case, the arrangements which you propose for Mr. Fernandez to take Charge of it, or rather for its being divided between Mr. Fernandez & Mr. Baeringer seems to be the best that is practicable until an Officer can be appointed— I am very sorry to part with Mr. Fernandez as I was most desirous of employing him in tracing the cross road so much needed in the Bunthwal Taluq, but this cannot be helped—

It is very desirable however that he should not be removed until the work in the Mangalore Harbour is completed— Captn. Stuart has under him a thousand men employed, and he must have every assistance that can possibly be given— When that work is completed, I wish Mr. Fernandez to proceed into Bekul to make a small survey, which if made, will enable me to continue the work upon the Coast road— This will occupy him not more than a week, and after that he shall be transferred to the Circuit Establisht.—

The applicants' letter to the Executive Engineer South Canara dated 4 October 1879 together with copies of Demi official correspondence is herewith forwarded. In para 2 of the above, the applicant states that his service from 1st October 1854 to 28 February 1855 was rendered on purely permanent Establishment and that he cannot say with certainty whether his Services for the periods from 1 March 1855 to 20 June 1855 and from 21st June 1855 to 31st December 1856 were rendered on permanent or temporary Establishments. From the Copies of the Demi Official Correspondence it is observed, that the applicant was in continuous employ. It may be stated, however, that the appointments which the applicant states he held during the periods in question are pensionable but it is not known whether the applicant was employed as stated by him and without any break. As the applicant himself states that he cannot with certainty, say whether he was employed on the permanent or temporary establishment, an affidavit from him will be of no use and has not therefore been obtained. The applicant's statement to the effect that he was employed on the permanent Establishment for the period from 1 October 1854 to 28 February 1855 has been taken as sufficient and an affidavit in proper form in support of this period has consequently not been called for as only delaying the submission of the applicant's papers for the orders of
