M^r Prout joined the Kurnool Range on the 29th Feb 1868 & followed the 20th of March 1867. For the first part of the time he was in charge of the Pallyenda Salug but was moved to Kurnool at his own request. He was there employed in drawing plans, making estimate. He worked well & attended regularly. (Signed) J. O. Engineer Has been very inattentive to orders and neglectful of his work since his arrival in the Range in April last which added to his retarding payments to the Contractors and others in the Salug has rendered the progress of works in the Pernoongah Salug most times a failure up to date 21 January 1873. (Signed) J. O. Engineer At the beginning of last February M^r Prout was severely reprimanded by the Superintending Engineer for his indolence and general inattention to his duties, since which there has been some little improvement in him for better; he is naturally intelligent and if kept well up to his work will, in time prove a very useful member of the Department. (Signed) J. O. Engineer At first not very energetic, but latterly has improved further both in intellect and would do well with care and attention. (Signed) J. O. Engineer M^r Prout's fault of delatoriness he has not got quite over, it is particularly observable in relation to the submission of Plans & Estimates submitted to him to prepare this is much to be regretted as the Engineer has not evinced any lack of intelligence or activity in the supervision of works in his Salug but more energy and attention to office duties would be necessary if he is desirous of being well reported of. (Signed) J. O. Engineer Continues satisfactorily. I am very well pleased with him. Almost fully satisfied. (Signed) J. O.
