SIR,

I have the honor to forward herewith an application for gratuity on behalf of D. V. Subramaniam late Talug Overseer's writer in the Western Delta Division Godavery, accompanied by his service Book and a certificate from the Zillah Surgeon at Rajahmundry declaring him unfit for further service, and to request you will be good enough to submit it for the orders of Government through the Accountant General Madras in the usual manner.

I have the honor to be
Sir,
Your most obedient Servt

Ex. Engineer for Supt Engineer G.D.

No. 4 3 73 E.No.

Proceedings of the Madras Government, Public Works Department, *13th February* 1873.

No. 275. Read the following letters:—

From the District Engineer, Ganjam, to the Chief Engineer and Secretary to Government, Public Works Department, dated Chetterpore, 20th December 1872, No. 30.

I HAVE the honour to inform you that in conformity with G. O., No. 2,686, dated 15th November 1872, paragraph 10, I have appointed 1st Class Surveyor W. Subbarayudu Naidu as Overseer on the permanent establishment of this district from the 1st instant, and he has been posted to the Goomsoor Taluq; there are now three Imperial Overseers in this district for the three taluqs of Chicacole, Berhampore, and Goomsoor, certainly not too many, as the taluqs are large and a good deal intersected and inflated by Zemindary lands.

No. 276. From the Controller of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Fort St. George, 21st January 1873, No. 2,441.

IN forwarding for information a statement of the original allotment and actual strength* of Overseers in the several districts of this Presidency, I have the honour to request the orders of Government as to whether the *present* distribution of this class of subordinates is to hold good in the future.

1 Statement.

* Including vacancies.

2. So long as Superintending Engineers had the administrative control of more than one district, it was competent for them, as occasion required, to increase the strength of one district by a corresponding reduction in the allotment for another. Now, however, that this arrangement is at an end, and each district has a separate and independent officer at the head of its Public Works Department, the matter assumes a different aspect, and the question arises as to whether the distribution ordered in the G. Os. as per margin should not be reverted to, or some other distribution made that will meet the necessities of the present time.

No. 1,599, 18th June 1863.
,, 1,137, 28th April 1865.

3. The changes in the districts as per margin were made on the responsibility, and under the orders, of *Superintending Engineers.* In the case, however, of the augmentation of the strength of Overseers in the former 8th Division, a corresponding reduction was made in the Presidency allotment in the Proceedings of *Government*, Nos. 1,752 and 2,081, dated 4th June and 3rd July 1866, respectively. The transfer originally stood as from the Presidency to *Madura*, but the Superintending Engineer subsequently employed the additional Overseer* in *Tinnevelly*, where there are at present two vacancies.

Copy of letter No 189 S.E. 1st Circle dated 16th June 1879 from the Examiner P. W. Accounts to the Superintending Engineer 1st Circle.

In returning the papers connected with the gratuity application of D. C. Supramaniem late writer under Overseer in the Western Delta Division Godavari, I have the honor to request that you will be good enough to furnish this Office with information on the following points.

I. Whether the appointment in which the Applicant was entertained on the 1st February 1866 was permanent or temporary; if the former, how long did he continue to be employed in that appointment.

II. On what date was the applicant transferred as temporary writer on Rs 15 under Overseer. Please see G. O. No 1442 dated 3rd May 1869, in which Mr Overseer Kay under whom the Applicant appears to have served during a portion of his service was only allowed a temporary writer on Rs 10 per mensem.

III. Whether the Applicant was attached to the Permanent Establishment or not in March 1873; if so, under what authority was he paid out of Estimates for that month, and why was he reappointed on the 1st April 1873.

2. It is observed from the enclosed Copy of Memo No 493 dated 14th May 1870, that the Applicant was suspended, until employment could be found for him elsewhere - S. E's* Memo No 675 dated 1st June 1870, appoints the Applicant as writer vice A. Venkatasubbiah resigned, but does not state the Division to which he was posted. The Entries in the Audit register of this Office however shew that pay was drawn for the Applicant from 15th June 1870, and it is inferred therefore that the Applicant was transferred from No 3 to No 4 Range while under Suspension and that he did not join the latter Division until the 15 June 70.

If this is correct and if there is nothing in the records of the Western Delta and Ellore Divisions to prove that the applicant drew pay from 1st to 14th June 1870, he should be considered as under Suspension during that period.

3. I request that copies of letters referred to in *S. Es. Memo No 493 dated 14 May 70, may be forwarded to this Office for reference.

Sir,

Referring to Examiners letter No 189. S. Est. communicated with your No 808 C. D. of 1/7/79 I have the honor to furnish the following information in connection with the application for Gratuity on behalf of Overseer's Writer D. V. Subbramaniem.

2. The applicant states, and this office record bears out this statement, that the appointment in which he was entertained on the 1st February 1866 was a permanent one, and that he continued in that appointment till 22d January 1869, when he was appointed as temporary Writer under Assistant Engineer Mr Brickwell.

x His letter herewith

3. Although the applicant did duty for some time as writer under Mr Bay, yet it appears he was not borne on the temporary Establishment - Pay of one Y. Narayanadoss was drawn as

MINER No 751 3 DEC 79 ENCS

as Overseer's Writer on temporary Establishment in the Division in the year 1869-70.

4. The applicant was attached to the Permanent Establishment in March 1873, since his pay for that month as an Overseer's Writer, was drawn in this Division salary bill, but that amount having been disallowed by the Examiner with a remark "vide this Office letter No. 1164 dated 28th March 1873 to the address of District Engineer, Godavari", it was paid from Estimates under authority given in District Engineer's No. 334x dated 30th April 1873. The applicant was not re-appointed on 1st April 1873 his services having been previously dispensed with: he continued from the above date in the same post which he had held before. His pay was drawn and passed in the usual way from 1st April 1873.

x Copy of this memo also forwarded from S. E. Office

5 As the applicant drew no pay from 1st to 14th June 1870 he is considered as under suspension during that period and necessary corrections made in the application.

6. Copies of letters referred to in Superintending Engineer's Memo: No. 493 of 14/5/70 alluded to in para 3, are herewith forwarded. All the papers received with the letter under reply are herewith returned.

The applicant's services prior to 31st December 1863 have not been verified as they do not count for pension or gratuity, having been forfeited by resignation. Vide Section 56 of the Civil Pension Code. His services from 1st February 1866 to 1st August 1877 have been verified from the records of the Divisional Office and confirmed with a few exceptions as noted below, by those of this Office.

(a) The entries in the Audit Registers of this Office do not clearly show that the applicant secured a lien on his permanent appointment while accepting the appointment of Temporary Writer on Rs: 25 per Mensem on the 22d January 1869; but from the accompanying original certificate of Overseer Mr. Bay it would appear that he did secure a lien on former appointment and the period has therefore been classed as qualifying.

(b) According to the entries in the Audit Registers of this Office no pay appears to have been drawn for the applicant for March 1873 and on enquiry, it is found that the applicant's salary for that month was paid out of Estimates sanctioned for Works. The applicant's pay for the month was claimed by the Executive Engineer but was disallowed by the Audit Office with reference to the accompanying Order of Government No. 467 dated 13th February 1873 wherein it was stated that Overseers and their Establishment in excess of the sanctioned number in consequence of the reorganization which took place at that time should be employed in the Districts where the Staff fell short of the sanctioned number

number. From the fact of the applicant's pay having been drawn and admitted in the regular bill from the next month i.e. April 1873, it is presumed that the procedure of his having been paid out of Estimates was due to some inadvertence and did not vitiate his past Service. The period has therefore been classed as — qualifying.

The applicant was declared unfit for further Service owing to general debility while still under the age of 55 Years but the 2d Medical opinion referred to in Note 2, Section 63 of the Civil Pension Code has not been obtained as the ruling in question was promulgated subsequent to ~~this~~ the date of the first Medical Certificate (i.e.) (2d August 1877).
