No 4317.

Proceedings of the Court of wards dated 9th August 1861.

Read the following letter from Captain F. J. B. Priestley, Superintendent Revenue Survey, to W. Hudleston, Esquire, Secretary to the Court of Wards, Chepauk, dated 31st July 1861, No 734:—

1. I have the honor, in reply to the Proceedings of the Court dated 24th June 1861, to inform you that on the Completion of the field work of the Godavery District Survey (about the end of February next), I expect to be in a position to undertake the Survey of the Kimedy Estate. In my opinion no loſs of time will occur by this apparent delay, as in place of untaught beginners, such as must be entertained if a Commencement is at once to be made, I anticipate being able to transf trained men from No 2. Party.

No 3282.

2. I must premise that the leſs full and efficient the Survey party the greater the Cost, but it will not I consider be good policy to establish one on the present Scale for the Survey of this Estate, as Men would hesitate to engage themselves on a work that only promised one year's employment. I should, therefore propose forming a party of about one-third the strength of those now organized, Capable of turning out when at full work from 350 to 400 Square Miles per annum. The Cost I estimate would be between 90 and 100 Rupees per Square Mile exclusive of the purchase of instruments and Stationery.

3. I take it for granted that the Revenue Servants of the Estate will perform the duties of demarcation, and that as elsewhere the Services of the Village Talliaries, Toties and others, will be available.

4. I beg to explain the Cause of the delay in my reply to be my departure from Madras the day but one after the receipt of the Proceedings under reply, and my intention at that time of myself visiting the Kimedy Estate when making a tour of inspection to Guntoor and Rajahmundry. I now find that I Cannot Spare time to make this visit till the beginning of 1862, and will after doing so, report any modification I may think neceſsary in the proposal now made.

5th July

5. A rough Estimate of Establishment, Cost and out-turn is appended, also the probable outlay for equipment and the Annual expenditure for stationery.

Rough Estimate of Establishment to Survey 350 to 400 Sqre Miles per annum.

SUPERINTENDENT 1880 14·2 REVENUE SURVEY

1. Ordered to be Communicated to the Collector of Ganjam with reference to his letter dated 27th May 1861. No 133. —

In Ans. 6th June 1861. No 3452.

2. The Court quite agree with Captain Priestley that it is advisable to delay the work for a short time in order to obtain the Services of trained men.

3. With reference to paragraph 3. of Captain Priestley's letter the Court request the Collector to take into Consideration the arrangements to be made for demarcation in anticipation of the Survey. There seems no reason why a sufficient field of work for a season should not be ready to hand on the arrival of the survey party, but at the same time nothing will be gained by erecting boundary marks which will be washed away by the Monsoon before the Survey reaches the Village..

Certified that I have carefully examined Karri Venkatasamy son of Karri Seetharamasamy a Head Surveyor of the Madras Survey His age is by his own statement 41 years and by appearance about 50 years. I consider Karri Venkatasamy to be completely and permanently incapacitated for further service of any kind in the Department to which he belongs in consequence of general nervous debility and defective eye-sight. His incapacity does not appear to me to have been caused by irregular or intemperate habits.

Has the honor to state that the applicant was employed in the Survey of the Parlakimedi Estate from the 11th April/65 to 31st December/66, which was performed under the orders of the Court of Wards, contained in its Proceedings No. 431, of the 9th August/64, a copy of which is enclosed as requested. His Service counts for pension under para 4 of the Special rules in Appendix D of the Civil Pension Code 2d Edition. The contribution mentioned in the proviso of that para was not paid, as it had effect only from the 9th Nov/67.

[illegible] 23rd April/63.

2/ This period of Service was not verified by means of affidavit or other documents as the Account General appears to to presume; but from copies of Pay Bills lodged in this Office. As these Pay Bills would probably be on record also in the Accountant General's Office, the Leather bound Books in question, have not been forwarded, and should they be the documents required by that Office, they will be sent on hearing from the Central Office.

3/ The reduction in 1869 was only temporary one in order to keep the expenditure within the Budget allotment and the applicant did not apply for gratuity with a view to seek employment elsewhere.
