The applicants service for the entire period from 1863 (the date of beginning of service, not given, but such if given will not affect the amount of gratuity he is shown to be entitled to 31 December 1879, cannot be ascertained from either the Audit Reports or record in this office or from the records of the Division & Office (except that the latter show that he was employed since September 1878 in the "Executive Salary") & owing to the omission in the records of the names of incumbents in inferior grades and to acquaintance with not being available in the latter. The applicant with statement of contemporary servants has however obtained from the applicant in support of his continuous employment for the whole period in the permanent Establishment a receipt from the Division of the "First Senior Code" and the period closed as qualifying in the strength of the declaration of the Executive Superior that the service claimed is admissible.

2. The applicants service were discontinued in the afternoon of the 31st December 1879 in consequence of the General reduction of Public Works at Baltimore.
