honor to inform you that owing to the
frequent changes that have taken
place of late years in the organi-

consequent distribution and transfer

are by no means complete nor do
they extend to so early a period as
the years 1857 to 1859 during which
Rama Rao is shown to have been
employed in this Department. As
the audit Registers of salaries in the
Examiner's office will afford easy
means of verifying the service.
I would suggest your applying

No. 211.

Extract from the Minutes of Consultation under date the 6th February 1858.

Read the following papers.

Letter from the Collector of Chingleput.

Reporting the date on which the Marahmut Head Goomastah was ordered to join the District Engineer. (Here enter 6th January 1858, No. 3.)

Extract from the Proceedings of the Chief Engineer.

Furnishing the information called for by Government in Extract Minutes of Consultation No. 2361, dated 21st December 1857, and recommends that Rama Row be struck off the List of Sub Overseers in consequence of continual absence from duty. (Here enter 15th January 1858, No. 6666.)

1. In his Proceedings of the 21st November 1857, the Chief Engineer recommended that the name of Rama Row, Marahmut Head Goomastah in Chingleput, be struck off from the list of Sub Overseers: In the Extract Minutes Consultation, dated 21st December, the Government, after making certain observations, called for information from the District Engineer, with reference to the petition presented by Rama Row; and as one of the charges brought against the Petitioner by Lieutenant Moberly was that Rama Row did not join his office until the 4th April, though the Collector ordered him to do so on the 1st January 1857, Mr. Shubrick was desired to report on what date the Petitioner was allowed to leave his office.

2. In reference to this call, the Collector reports, in the letter above recorded, that Rama Row was directed to join the District Engineer's office only on the 3rd April, and not on the 1st January 1857, as stated by the District Engineer. Thus the charge brought forward by Lieutenant Moberly in this instance appears to be altogether unfounded. The District Engineer gives no satisfactory reason why the Petitioner cannot be provided for in his Office Establishment, but in his Proceedings, also above recorded, the Chief Engineer repeats his recommendation for Rama Row's removal.

3. The Government regret to have to record their opinion that this Petitioner has not been fairly treated. He was a Goomastah in the Collector's office, and on the transfer of the Executive was appointed to a similar office under the District Engineer. In passing orders on a reference from the Civil Auditor, the Government, under date the

Para. 9. 11th of August last, said that all servants of the Engineer Establishment thrown out of employ by the late reduction, and all hitherto unprovided for, should be provided for in the Office Establishments of the Engineers, or in the second Class of Sub Overseers, "according to their merits," and on receiving this order, Lieutenant Moberly removed Petitioner from his situation of Goomastah, and made him a Sub Overseer. So far therefore from providing for him according to his merits, as the Government had ordered, he was taken from an office for which he was fit, and in which he had officiated up to receipt by Lieutenant Moberly of the order of the 11th of August, and was placed in a situation for which he had had no training, and for which he was obviously unfit. Unwilling to join an office from which he must have known that his incapacity would cause his immediate dismissal, Petitioner has hitherto absented himself, and for so doing Colonel Faber now recommends his dismissal.

4. In the margin are quoted the several orders which the Government have already passed on this single subject of the injustice done to the old servants of Government on the

transfer of the Executive; to many of them the Chief Engineer has replied, and has expressed his anxiety to carry them out in the spirit in which they were given; that he has failed to do so in the case of Petitioner, the Government must emphatically declare, and as they will not have their orders set aside, and will not allow even the meanest of their servants to be deprived

of his office without cause, they now peremptorily order that Petitioner be restored to a place in the District Engineer's office, and that a vacancy be made for him by the removal of some servant not transferred from the Collector's Cutcherry.

Ordered that the following endorsement be made on the Petition presented by Rama Row.

"The District Engineer of Chingleput having been requested to provide the Petitioner with a situation in his office, he will wait on that Officer."
