Proceedings of the President L. F. Board's Chingleput District.

Read again the following papers:—

Letter from the Deputy Inspector of Vaccination
Chingleput District, No. 129 dated 28th July 1879.

Letter from do— No. 150 dated 26th August 1879

Records forwarded with the above.

The Dy Inspector brings to notice the conduct
of 1st class Vaccinator Rungaswamy Pillay of
Tirupuramator Division, and transmits his ex-
planation. This man is clearly shown by his own
weekly Reports and by an inspection made by
the Dy Inspector to have been, in spite of warnings
and six previous punishments in the shape
of fines, most grossly careless and lax in
the execution of his duty.

His explanation is of the lamest character.
He has not attempted to account for the
entries which show that, for from two to three
days a week, he vaccinated no one, and that,
during the other days, he did a minimum
of work.

The

The President is not surprised that, with
such men as Nungasanny Pillay in the District,
the Board of Revenue should have to remark
upon the high cost of each vaccination operation.

The Dy Inspector suggests the punishment
of suspension for three months.

This is far too lenient a way of dealing
with such a worthless servant, as this
Vaccinator has shown himself to be.

He is clearly unfit to hold the post of
1st class Vaccinator any longer. The President,
therefore, degrades him permanently to 2nd class,
from the 1st Instant. The Dy Inspector will be
good enough to make the necessary proposals for
transfers and transfers, consequent upon this order.

CERTIFICATE

CERTIFIED that I, E. C. Trimmell, Surgeon Major, L. F. B. B. District
have carefully examined P. Nungasanny Pillay
son of Madhava Pillay 2nd Vaccinator, in the Tirupur
Division Chingleput District. His age is, by his own statement,

60 years, and, by appearance, about sixty years. I consider

P. Nungasanny Pillay

to be completely and permanently incapacitated for further service of any kind

in the Department to which he belongs, in consequence of old age

& General Debility. His incapacity does not appear to me to have been

caused by irregular or intemperate habits.

Reply to the Accountant General's Objections
Memo No. A.D.K. dated 4 March
710
1887. 13

1. (9) The cause of the delay of 3 months in the submission of the Applicant's Pension application is explained in the accompanying copies of correspondence which took place between the President and the Deputy Inspector of Vaccination. From this it will be seen that complete information was received in this Office only on the 7th February 1887. About the latter part of the last year, there was a change of the Deputy Inspectors and that being the period when they are constantly required to be on tours of inspection, the delay, it appears, was unavoidable.

2. (23) In regard to the omission of the Applicant's name in the Census Registers from 19th September 1868 to 20th September 1869 the Inspector of Vaccination states that "the applicant would appear to have been serving in the South Canara District during that time, having been transferred to it on the 2nd September" - As this does not seem to be a sufficient explanation, a further reference has been made to that Officer and a copy of his reply will be duly communicated when

Respectfully to hand

abstract of the

for the month of

when received.

The omission, in the Audit Registers, of Rengasawmy Pillay's name in July 1870, is accounted for as follows.

"29th June 1870 is the exact date on which Vaccinator Rengasawmy Pillay was transferred from the Kurnool to the Chingleput District.

"The date 8th July 1870, given by the Deputy Inspector of Kurnool, is the date on which he left Kurnool for Chingleput.

"1st August 1870, the date, given by the Accountant General, would appear to be the date on which he joined his appointment in the Chingleput District, the interval between 29th June and 31st July 1870 having been spent in going from one District to another."

3. (24) The reason why, the Sick Leaves enjoyed by the Applicant in the month of February and from 3rd October to 30th November 1870, were not shown in the Register, is reported to be owing to "an oversight". No records of leaves were kept in the Inspector's office. This period will now have to be deducted from the net Qualifying Service.

The saving of Annas 8 shown opposite to his name in November 1866, is said to be the amount of a fine inflicted on him in that month.

He was absent on Sick Leave in the months of December, January and February, on account of pay. The remainder of his salary represents the savings shown in the Pay Abstracts for those months.

4. (25) The Inspector of Vaccination, having intimated that the information required in this Enquiry is not available in his office, a search in the old records here is being made; and the result will be communicated as soon as possible.

The calculation as to apportionment of general charge of pensions to General Revenues and Local Funds will be furnished as soon as possible.
