Madras Observatory, May 23rd 1881

N. R. Pogson, Esq.,
Government Astronomer and Meteorological Superintendent.

The Acting Deputy Collector of Madras.

Sir

With reference to your letter dated March 14th last, enquiring about the service of one - Mr Veerasawmy - formerly employed as a barman in this Establishment, I have the honor to inform you that, from personal knowledge, I am able to verify the writing of the enclosed certificate herewith returned, as being really that of my deceased friend, Captain W S Jacob, formerly Government Astronomer at Madras. - This therefore proves that Mr Veerasawmy was in the service of Government at least from March 1849 to March 1854, but not for the full term of 11 years 5 months as stated in his Service book, agreeably to your letter under reply. -

I am unable to verify the commencement of Mr Veerasawmy's service, as it was in the Magnetical Department and not in the Observatory that he was first employed, and when the two Departments were united under one head, Captain W S Jacob, in February 1851, no pay abstracts or other accounts of the Magnetical Department appear to have been handed over, but simply the scientific records and the instruments. - Mr Veerasawmy's name then appears for the first time in the Observatory records for February 1851, and for the last time in the pay bill for February 1856. -

last that Stationer Inaka, born 1845
named Perasung Inaka failed to
deliver his report on 31st of the 20th Idem
to the address of the Superintendent
to the effect that the said, person who
came to draw his pay on 17th October

On the receipt of this report

With reference to your letter dated March
