His age is, by his own statement, 56 years, and by appearance, about 56 years, I consider Valluvatticuzhi Valloochair to be completely and permanently incapacitated for further service of any kind,

in the Department to which he belongs in consequence of old age & general physical debility. His incapacity does not appear to me to have been caused by irregular or intemperate habits. I am of opinion that he is fit for further service of a less laborious character than that which he has been doing, or may, after resting for months, be fit for further service of a less laborious character than that which he has been doing.
