ABSTRACT.

Reminder

states, that he was relieved from active duty in Jan. 1880, that after a long delay in verifying his services, the Examiner of Public Works Accounts, informed him (fets) under date the 13th Oct. 1880, that his application for pension & bonus has already been completed & forwarded for the sanction of Govt, but that as no order was received up to 1st Dec. last, fets on 2nd Dec. submitted an appeal to Govt, & was also compelled to dispatch a telegram prepaying it in order that he might be favoured with a reply by wire; but that as he received no reply even to this, the confidence of his creditors in him has been materially shaken & he finds it difficult to raise a loan of even a few Rupees to meet the requirements of himself & his poor family, & that he has already pushed his credit to its utmost stretch.

He, therefore, with tears in his eyes, implores earnestly that Govt may sanction the payment of his bonus & pension to him.

To
The Chief Secretary to Government

Madam Sir,

The Examiner Public
Works Accounts informed me in
his letter dated 13 October last 1880
in reply to mine of the 25 September
that my application for Pension and
bonus had been duly completed
and forwarded for the sanction
of Government and that I may expect
orders on the subject soon.

Although it is now more than
a month since I had this inform-
ation, yet I have up to date received
no intimation from Government of
sanction having been accorded for
the disbursement of my Bonus and
Pension.

It is now exactly a year since
I was ordered to retire from the public
Service & during these last 12 months
it has been my hard lot, for no
fault of mine, to suffer privations
and the greatest imaginable hardships
for want of means for the support
of

of myself and my family - My only
source of income having been stopped
from the date of my retirement
from service -

Being unable to bear these
hardships any longer most respectfully
solicit you to have the kindness
of having the necessary orders
passed for the disbursement of
my pension & bonus & relieve me
and my family from the distress
we are suffering from, for which
act of kindness I shall ever feel
grateful to you -

I beg to remain
Honored Sir,

Your most Obedt. Servant.

The Superintending Engineer,
4th Circle,
Coimbatore

Honored Sir,

In enclosing herein the accompanying copy of the remarks made by the Examiner of G. W. Accounts on the Preliminary Application for pension submitted by me in October last, I beg most deferentially to represent the following circumstances for your favorable consideration

2 Before entering into the subject matter of this petition, I must, on the threshold, state that the aforesaid voluntary application to retire from service was sent in by me under the distinct understanding that I would be entitled to all the concessions held out in the Resolution of the

Government of India dated 31st July 1879, published at page 572 of the South St. George Gazette for 1879. But it is with no little concern and alarm that I now find the Examiner remarking that my "services prior to 1st April 1870 have been vitiated by resignation vide Section 56 of the Civil Pension Code". With reference to this remark I must submit that the Controller's objections were not at all anticipated by me at the time of submitting my application, and that the said application was conditional and to have held good only in the event of my obtaining one third pension, because, in the first place, I was not at all aware of the existence of the provision in the Pension Code referred to by the Examiner as it is a notorious fact that Officers are never, in the whole course of their service, supplied with

with such Books as the Civil Pension Leave and other Codes, nor have they, considering the nature of their duties, which involve constant travelling & opportunities to make themselves closely acquainted with the provisions thereof, even supposing such forms formed part of the records of their Office. On the contrary, the view all along taken by the Executive Engineer and the Government of my service prior to 1869 has uniformly been such as to confirm my belief that my said services prior to 1869 were reckoned as services qualifying for pension, inasmuch as, it has always found a place in the gradation List, and moreover as my promotion to my present 1st grade was based on my seniority in the department. Over and above this, I beg to submit that my Service Register was verified in the Executive Engineer's Office after the

the receipt of the G. O. dated 3^d November
1879. No 275 M. accepting my application
for pension, and hence it was not
possible for the Executive Engineer's
Office to detect the flaw before my
application was sent on to Govern-
ment.

3 If before sending on my
application to Government the Exr.
Engineer's Office had referred to
my Service Register the interruption
in the service (which I did not even
think of as likely to affect my case)
I would necessarily have attracted
their attention, and I would have been
apprised of it accordingly. Of course,
I would then have withdrawn my
application at once, because, as al-
ready stated, my application was
purely based on the belief that I
would obtain one third pension, and
because, in the event of my know-
ing that the interruption in the
service

service above referred to would come
in my way, there was nothing to prevent
me from continuing in the Department
until I would be entitled at least
to one third pension.

4 From the circumstances detailed
above, you will observe that a pardon-
able misconception on my part, for
which I am in no way responsible, is
about to subject me and my family
to permanent loss and that the only
means of sustenance to wit one third
pension to which I looked forward
with certainty is to become a matter
of preadventure. I am quite equal,
in every respect, to work for many
years to come, and it was only the
tempting offers held out by Govern-
ment that induced me to apply for
pension voluntarily without having
been compelled by Government to
do so. Moreover, I have a growing
family to provide for, and have no
other source

other source of income save the pittance
of pension which I am eagerly and
anxiously waiting for at the hands
of Government.

5 In Conclusion, I implore
most earnestly that, on a benign
Consideration of all the Circumstances
set forth above, you will be pleased
either

- (1) Sanction, or recommend for
my retention in the Department
- (2) or Sanction my retention until
I am entitled to one third
pension.
- (3) or move the Government to
Condone the interruption in the
service remarked upon the
Examiner and forthwith sanction
the payment to me of one third
pension.

I beg to enclose for your
kind perusal 4 original Certificates ^{x which have}
granted to me by the Royal ^{will follow}
Engineer

Engineer Officers under whom I served.
14
Hoping that you would be
graciously pleased to grant my pray-
-ers

I beg to remain,

1880 }
