No 7. North Street, Collector's Office,
Camp Palmanair, 28th January 1881.
From,

To, W. P. Whiteside, Esquire.
Collector of North Street.

R. Davidson, Esquire.

Sir, Chief Secretary to Government,
Fort Saint George.

In returning herewith Petition No 236
of 1880 presented to Government by Minu-
-sami Chetti, late compositor, and bearing
Endorsement dated 15th Instant, I have the
honour to submit the following report.

2. The Petitioner was a compositor
in the Press Department attached to this
Office on a salary of Rs 15 per mensem,
and, as he was above 55 years of age and
very inefficient, he was ordered to retire
from the Public Service from 1st May 1880,
when he attained the age of 58 years, and
on the same date an application for his
Pension was submitted to the Accountant
General. No medical certificate was sub-
-mitted with the application, as it was
not considered necessary, the Petitioner

having

having been in Superior Service at the time of his retirement, but the Accountant General having, however, insisted upon the production of a Medical certificate, the Petitioner had to be sent for from Madras where he then was and made to appear before the Billaah Surgeon who, though he was at first of opinion that Petitioner was able to serve a year longer if by serving one year more he would be eligible for a higher Pension, changed that opinion on reconsideration and has declared the unfitness of the Petitioner for further service.

3. As regards Petitioner's allegation that the Deputy Collector told him that he would be re-entertained in his post, Mr Marjoribanks assures me that it is quite untrue, and as regards his allegation that his services were dispensed with "for the simple reason to serve a favourite of some superior Officer at the expense and ruin of your poor Petitioner," I beg to state that it is likewise untrue, the post not having yet been filled up.

4. During the last 10 years of his service the

the conduct of the Petitioner was anything but satisfactory as will be observed from the following circumstances.

5. During the year 1870 the Petitioner brought certain serious charges implicating the character of his immediate Superior, the Head Compositor, and, on an enquiry held under my orders these charges having been proved to be deliberately false, he was suspended for one month from 7th December 1870. Subsequent conduct was very often brought unfavourably to notice as not doing a proper share of work, being insubordinate and picking quarrels with other members of the Establishment thus setting a bad example in the Press office. In the year 1876 a pseudonymous petition was received by me in which the Petitioner was represented to be a man of very bad character and as one constantly absconding himself from his work in order to go about begging. This Petition was referred by me to my Treasury Deputy Mr Marjoribanks, for enquiry and report.

report, and I extract the following from his letter dated 8th November 1876.

"From my knowledge of the man and from inquiries I have made regarding him, I cannot certainly report favourably of him, but I believe he is not so bad as he is represented in the Petition. He is the individual who in the year 1870 brought certain charges against the Head Compositor and was suspended on that occasion for one month by your orders.

"He is a very slow workman, is very deaf, and has a most uncouth appearance. He attends to his work with tolerable regularity, but I am told he goes about soliciting contributions out of office hours for charitable purposes.

"He is now past 54 years of age and it is my intention to recommend his retirement from the service as soon as he completes his 55 years, as I do not consider him a useful servant at all."

On receipt of the above report and having regard to his antecedents, I passed the following orders in my letter No 2555 dated 22nd November 1876.

The

"The Compositor in the Prep Department against whom complaint is made appears to be by no means a desirable party to retain in the collectors' office and his services will be dispensed with as soon as he attains the age of 55."

7. As soon as the Petitioner learnt that the verification of his services had been taken in hand on his attaining the age of 55 years, he attempted to show that his age was not 55 years at the time as clearly established by the records, but 2 or 3 years less. On this point I have simply to re-iterate the remarks which I have already recorded on the subject in his Pension application. The year of the applicant's birth as borne on the records of this Office is 1822, but the applicant now states that he was born on the 23rd August 1825. His statement is, no doubt, quite unreliable, and there seems no reason why this information which is voluntarily given just at the time when he is about to be superannuated, should have been withheld for so many years, if it were true.

The

8. The Petitioner's qualifications are very poor, he has some knowledge of Telugu with a smattering of Tamil, but is quite useless as a compositor in the Tamil language. Of English he is utterly ignorant. In the case of his own mother tongue i.e. Telugu, he has been found to be a very slow compositor to which post he was somehow promoted from that of a Pressman. The Petitioner's Services should have been dispensed with early in 1877 according to the decision arrived at in his case, but owing to the heavy work entailed by the pressure of the late famine and the time taken up in completing the verification of his services which extend over a period of 33 years, the decision in question was not carried out until May last, a fact which goes to show that the Petitioner was not hastily removed from service, and it will be discerned from the facts mentioned above that the Petitioner, notwithstanding his unsatisfactory character

Character and indifferent qualifications, has been dealt with more leniently than he deserved.

ABSTRACT.

Retention in service

77
15-1-81

It states that Peter was once sent to the Zillah Surgeon who declared him (vide his letter of 11th Sept/80) fit for further service, but that on some further representation of the ~~Colon~~ the Zillah Surgeon appears to have changed his mind & stated that Peter having completed his 55 years of age, was unfit for further service being old and deaf. Adds that Peter was a little deaf from his birth, and that defect did not prevent his being able to discharge his duties as a Compositor satisfactorily for the last 33 years, that it requires only a few months more to entitle him to a pension in the Superior Scale, while by being compelled to retire now, he is entitled only to 4 R^s. - Prays for orders for his reinstatement and retention in service for 5 years more.

Sir,

With reference to your letter No. 11 of the 30th ultimo, I have the honor to inform you that I quite concur with you in the view taken by you of the charges brought against the Head Compositor, Balasundra Mundy. I have no objection therefore in dismissing those charges, and do not think it advisable to transfer G. Minie - Samy Chetty, as recommended by you.

He has undoubtedly taken an active part in getting up several false charges against the present Head Compositor, and I have therefore resolved to suspend him for one month, and to warn him that on the next occasion he is unfavorably reported on he will be summarily dismissed from the Public Service.

10. The Governor in Council is pleased to accede to the suggestion contained in para 7 of the Board's letter and to direct that the Press already established in North Brest be worked at the Public Charge, a reduction being made in the District Establishment sufficient to meet the cost. Being also of opinion that the expenditure already incurred on this account to October 1854 amounting to Rs (1582 - 3 - 3) One thousand five hundred and fifty two, Annas three and Pies three, as well as any subsequent expenditure by Mr. Whittingham, the present collector, is properly a public charge, the Governor in Council desires that the same be debited to Government and that the two officers who have borne this outlay shall be reimbursed. The Board of Revenue will issue instructions accordingly and report the expenditure incurred by Mr. Whittingham on this account to the Office of Audit.

No. 1279

Reply to Accountant General's letter, No. 258,
dated 20th July 1880.

I The Applicant's Service from 1st December 1853 to 9th July 1855 was treated as nonqualifying, as, - although the expenditures incurred from private funds on account of the Press established in this District (and which was subsequently taken over by Government) was declared to be properly a public charge and debited to Government, - the duties and scale of pay of the Printing Establishment were not, during the above period, regulated in the ordinary manner by Government nor subject to regular audit. The Applicant's Service subsequent to the above period, that is from 10th July 1855, was shown in the Application as qualifying as Government, by accepting the transfer from the above date (10th July 1855) of the Press including the Establishment in existence at the time, and evidently undertaken to regulate the duties and scale of the Establishment in question, and that it was their intention that the Establishment was not an experimental or temporary one is gathered from the resolution ordered by them to be made in the District.

Establishment to meet the cost - Even granting that the Establishment was at first experimental or temporary, the applicant's service qualifies under Clause I of Rule 27, as under Mr. Pelly's Scheme, the scale of pay of the District Press Establishment was placed on a permanent footing. Section 24 of the Civil Pension Code does not appear to apply to the District Press Establishment as the pay of that Establishment was only accounted for and was subject to the regular audit of the Accountant General like any other permanent Establishment - It may also be observed that Sections 49 and 50 of the Civil Pension Code under which the Services of Pressmen and Printing Establishments are respectively treated as inferior or superior do not exclude the members of the District Press Establishments.

II No other Government Order is traceable on the records of this Office besides the Extract from the Minutes of Consultation No 287 dated 8th March 1855, a copy of which has already been submitted to the Accountant General. In pursuance of this order a reduction was made in the District Establishment to meet the cost of working the Press and the pay of the hands required

for working it was charged to Government from the 10th July 1855. vide copy of Collector's letter to the Board dated 9th Idem and translation of copy of Collector's Letter to the Major Cash Keeper dated 10th August 1855 No 117 herewith sent.

III (1) A further reference to the pay abstracts shows that the correct date from which the applicant's service began as 5th Compositor is the 13th December 1864. The necessary alterations have been made both in the application and in the Service Register which are herewith returned - Probably the date given in the Annual Returns is that of the Government Order No 2124 dated 19th November 1864 under the sanction conveyed in which the salary of the Press Establishment was revised with effect from the 13th December 1864.

(2) The Office Copy of the Annual Returns shows that there was a Pressman on Rs 12 on the Establishment of the District Press but it is not possible at this distance of time to explain why the official designation alone and not the name of the applicant, likewise, was shown therein. In the Pension Application the correct and full house name of the applicant was ascertained and given. The

letter C in the Annual Return for 1861 and the letter L in the Returns from 1862 to 1865 appear to be mistakes for S.

(3) The Applicant having passed 55 years of age, was removed from service without a Medical Certificate as per note to Rule I of Section 65, Civil Pension Code, quoted in the Application: Section 85 Rule 2 quoted by the Accountant General appears to be inapplicable to the present case as the Application is not for an Invalid's Pension as erroneously shown under heading II, page I of the Application but for inferior pension to which the Applicant appears to be entitled for his combined inferior and Superior Service of over 30 years under Section 77 of the Civil Pension Code quoted against heading No 9. The word "Invalids" against heading II has now been scored out under the initials of the undersigned. Under those circumstances, it does not appear necessary to obtain and forward a Medical Certificate.

Age of the applicant at birth as borne in the records of this office is 1822, but the applicant now states that he was born on the 25 August 1825. His statement is not quite reliable and there seems no reason why this information should be admitted as correct at the time when he is supposed to be 57 years of age. It is not possible to examine him at present. It is recommended that the statement should be accepted as correct.

* If the application is for a compensation, pension or gratuity, the nature of the change of establishment which has given rise to the claim should be fully stated.
