The Chief Engineer
and Secretary to Govt. P.W.D.

Sir

I have waited all this time expecting to receive my bonus and pension and am very disappointed in not having heard anything further in the matter. Your letter, No. 1706 dated 13 July last, to the District Engr. S. D. Malabar, informed me that my Pension papers were completed and forwarded to Government and I was in hopes of soon hearing that they had been passed for disbursement. Fearing that the matter may have been lost sight of, I beg to bring the subject to your notice and solicit an early settlement.

I beg to remain

No. 209 & 209a

Copy of Memo No. 686 dated Ootacamund 4th September 1874 from the Chief Engineer P.W.D. to the Controller P.W. Accounts.

The Chief Engineer is satisfied by the papers laid before him, of Mr. overseer Dumphy's habitual neglect of duty; especially with reference to the management of the Lime Kilns a very important charge, and one which he had every facility for supervising with credit, had he accepted it in a right spirit.

He is further satisfied from his behaviour in the present case and from his antecedents reported in paras 6 and 7 of the District Engineers letter No 3396 of of 29th August, that Madras and its neighbourhood are the very worst localities in which Mr Dumphy could be employed, his home ties and other distractions evidently preventing his settling steadily to work. The Chief Engineer has also reason to believe that he is encouraged in his unreasonable behaviour by injudicious relatives who ought to know better.

Not only, therefore, is the promotion to the 2d Grade granted to Mr overseer Dumphy from the 1st December 1872, on the recommendation of the same officer who has now had to report his misconduct, cancelled; but the Chief Engineer forbids his entertainment at the Presidency, or in the adjacent District, until further orders

Colonel Walker does not lay much stress on the fact of Mr

Mr Dumphy having gone to Ootacamund while on Sick Leave, though undoubtedly he should have reported the fact in a straight forward manner, and should have obtained Dr Colvin Smith's sanction for the trip. But is further procedure is quite irregular as he has failed to report himself to the District Engineer of the Neilgherries and to obtain his sanction for consulting Dr Adam, as prescribed in G.O. No 1712 of 2d July 1873. Consequently, under the operation of the order now passed on his case, he is out of Employ from the date on which his original sick leave expired.

The proper course to have been adopted by the District Engineer would have been to ha suspended Mr Dumphy pending

pending reference to Superior authority.
