To The Secretary to Government
Public Works Department

Madras 2^d November 1880

Sir,
I regret to have to report a serious accident at these works on October 30th to a cooly named Lutchmanen which terminated fatally.
2. The deceased was engaged in looking after one of the concrete mixer machines, and had been accustomed to the work for more than 2 years. On October 30th he attempted to throw a driving belt into gear in a most dangerous way contrary to the invariably observed custom, and in so doing he was caught by the belt and taken round the shaft.

The

3. The accident was so instantaneous that no assistance could be rendered until too late. The unfortunate man was conveyed at once in a drosky to the Inowegar Choultry where he died from the shock to his nervous system.

4. He seems to have left a family depending upon him for support.

forward herewith copy of the proceedings
at the Inquest upon the Cooly Dutch-
man who was killed on these works

now the honor to enclose an application
for a gratuity of fifty rupees (Rs. 50)
for the widow of Lutchmanew, a cooly

30th 1880.

2. I have inquired very closely into
the relationship of the deceased to the
woman for whom I now make application,
and am satisfied that she is his wife.
The evidence that I have obtained to
ascertain this, is that of three men
who have known the woman for 15 years,

in well known firms in Madras, and the
third is employed on these works.

by Government, I would suggest
that the gratuity be paid from
the Harbor Works Funds, and
entered as a separate charge under
