Copy of Letter from the Executive Engineer South
Arcot Division to the Superintending Engineer 3rd Circle
dated 26 February 1880 N^o 132. 15M

I have the honor to submit the accompany-
ing application for Pension on behalf Trichinopoly Hama-
garaya Mudaliy Sahib Overseer Tammamalai Taluq, who
has been permitted to retire from the Service under the
Resolution of the Government of India dated 31st July
1877 N^o 2077.

2. Homagaraya Mudali's services as Draftsman N^o 4
Range Office South Arcot were dispensed with for ineffi-
ciency for the post on the 11th June 1864 by the then
Superintending Engineer 5th Division, in his N^o 258 of the
8th Idem on the report of the Executive Engineer then
in temporary charge of the Range in N^o 13 of the
31st May 1864. On appeal of the Mudali (or rather Pellan
as he then called himself) the Superintending Engineer how-
ever passed an order in N^o 409 of the 22nd June 1864
that there was no objection to the employment of the former
in int. doc work as a Maistry but in this order no men-
tion is made as to the counting of his past service.

3. Homagaraya Mudali in an application dated 6th
December 1877 requests that the whole of his service, that is
including that prior to his dismissal in June 1864 or prior to
his appointment on the 9th August 1864 as Taluq Overseer
Tammamalai may be taken into account in calculating his
pension. In support of this request states that his service
commences from May 1846 that he was considered a good Drafts-
man by the predecessors of the Executive Engineer.

Mr. Warrington, who recommended his resignation; that it was this Office who recommended him subsequently for the post of Local Fund Draftsman in the South Arcot Collector's Office and that it was in consideration of his past efficient service he was exempted from passing the prescribed test for Salary Converter in G.O. No. 3456 of 3rd November 1862.

4 In Section 56 of the Civil Pension Code it is distinctly laid down that removal from Public Service for inefficiency or failure to pass a prescribed examination entails forfeiture of past service nor does it appear that the Superintending Engineer in his order on the appeal of Hanagaraya Mudali declared that the past service of the latter counts. There does not therefore appear sufficient ground for entertaining the latter's application of 6th December 1897. I have however deemed it advisable to send up the application together with other papers referred to in the preceding 2 pages for your disposal or if necessary for submission to Government.

5. It would appear that with reference to the section above quoted no steps were taken before for verifying the applicant's service prior to 9th August 1864 as remarked by Major Macd P.E. in the Service Book on the 14th May 1898. But in receipt of Hanagaraya Mudali's application of 6th December 1897 the old records of the late Civil and District Engineer's Office have however been gone into and his past service verified as far as possible. This has been the chief cause of delay in sending up at once his pension application.

6. There is a slight

14 September 1856; he is not able to produce any satisfactory evidence in support of the same, except copies of 2 testimonials furnished to him by 1st Assistant Civil Engineer Lieutenant Moberly and Assistant Surgeon Varden, showing a service of only 8 months in 1855; but he states that the original documents were lost by him and that there are contemporary servants to bear testimony to his service in the Road Department. The remaining period up to date of his dismissal in June 1864 has been verified and the service Books altered accordingly.

7. As regards Kungarya Mudali's service as Local Land Draftsman in the Collector's Office Letter N^o 742 of 14th December 1859 from the Treasury Deputy Collector is forwarded herewith. From this it would appear that the appointment was not formally sanctioned by Govt. nor does it appear that the Mudali was employed in that capacity for the whole period claimed by him; nor has he any papers with him to prove this or the circumstances under which he left the appointment. His service from 13th December 1864 to 31st December 1864 has therefore been taken as temporary.

8. Under the circumstances stated above the service of Kungarya Mudali prior to his appointment on the 9th August 1864 as Subdy Assistant has not been taken into account but if it is decided that his past service should count, the required affidavit and evidence of contemporary servants will be obtained. This will certainly cause some further delay as it would appear that the contemporary servants are in other districts, but as I doubt the necessity for this evidence under the circumstances stated above I have not taken any steps in the matter.

The pay abstracts and returns of the Old District Office show that before he was taken a Local Fund Draftsman in the Collector's office Hanagaraya Mudali had been called "Kangaraya" or "Kangaraya Pillai" he appears to have changed his title of "Pillai" into "Mudali" as soon as he had left the Public Works Works Department in 1864.

I have to report the utter inefficiency of the individual who I find is filling the situation of Draftsman in the 4 Range Office 2. He was formerly Accountant and Estimate maker in the 2nd Range of this District but being reported by Mr Graham to be useless in this capacity owing to his want of knowledge of English he was appointed Draftsman in the Office of the 4 Range on the recommendation as I am told of the Manager of the Superintending Engineer's Office.

*Proceedings of the Madras Government, Public Works Department,
3rd November 1868.*

No. 33. Read the following letter from the Superintending Engineer, 5th Division, to the Secretary to Government, Public Works Department, dated Salem, 17th October 1868, No. 131:—

1. With reference to the Order of Government of the 25th November 1867, No. 3,662, I have the honor to report that Kanagaroya Moodelly, Talook Overseer in South Arcot, is unable to pass the prescribed departmental test.

2. He was an Apprentice and Maisry in the old Road Department in 1846. Since then he has been employed as a Maistry in the Civil Engineer's Office, and as Estimate-maker and Draughtsman in the Range Office, also as a Draughtsman for Local Fund Works. He has had charge of the Trinomalay Talook for a year, and the Range Officer reports that he has worked well. He has a fair knowledge of surveying, levelling, estimating, and plan drawing, and is qualified, by long experience, for the post of Overseer; I beg to recommend his case for the favorable consideration of Government.

No. 34. ORDER THEREON, 3rd November 1868, No. 3,446.

ESTABLISHMENT, No. 3.

In consideration of the favorable testimony borne to the qualifications of Kanagaroya Moodelly, the Government resolve, as a special case, to exempt him from passing the departmental test, and to sanction his permanent employment as a Talook Overseer in the South Arcot District.

Endorsement

Our petition received from Kanagaroya Pillai, late draftsman in N.A. Range office South Arcot.

The petitioner would not have been removed from the appointment of draftsman in the 4th Range office had not the undersigned felt satisfied as to his unfitness for that post.

2. There is no objection to the employment of the petitioner as an out-door work as a Maistry. In this capacity he may be found useful.

Engineer, South Arcot Division. No 743 of 17th Decr 1879.

In reply to your letter No. 633. dated
6th instant, I have the honor to state that on referring
to the records of this office it appears that T. Kanagaroya
Mudali assumed charge of the Office of draftsman on
Rs 50 per mensem in the Local Fund Department on the
13th December 1864 and continued to serve in that Capa-
city up to 31st December 1866. The office does not seem
to have received the sanction of Government but seems
to have been created by the Collector himself apparently
under the discretion given in Board's Proceedings of
21st June 1864 No. 3816. There is nothing on record to
show whether it was a permanent or temporary berth,
or under what circumstances Kanagaroya Mudali
left it. The papers in his possession viz, the first
order appointing him or the subsequent one dispensing
with his services may throw light on the matter, and I
would suggest therefore that they be referred to.

For Orders - This man's
services extend from the
1st of May 1846 but cannot
be counted until from
the 1st of Nov^r 1849 when
he became 22 years of
age. His services from
1st Nov^r 49 to 14 Sept 56
cannot be verified

In 1864 when employed
as a draftsman in S.
Acre he was dismissed
as unfit for the post
on 12th June 1864 and
he did not obtain per-
-manent re-employment
until the 9th of August 64.
The case is a hard one,

the man was well
spoken of and in G.O.
(P.H. Dept) - 2-3rd Nov^r 1868
No 3446 was specially
exempted from passing
the Departmental tests
in consideration of his
qualification for the
post of Taluq Overseer.
It is unusual to condone
an interruption caused
by dismissal but as
the man's verified ser-
-vice from the 15th of
September 56 if admitted
would only give him
a pension of Rs 32, the
Govt of India could
apparently condone the
interruption under the
new Sec: 546 of the
Pension Code.

Sum not sum whether
It is proposed that
G.O. sanction -
But the man's case
seems to be a very
hard one. A man who
is connected with an
Acct^y & Estimates making
having found unfit for
the post as work he
expected - is then made
a draftsman! who
states more unfit for
that post.
