and not from the 2d August/55 as originally entered in the Pension application, and the service book which are now altered accordingly. He remained under the orders of the Revenue Deptt up to 31st January 1856 when the Tank Establishment was transferred to the D.P.W. From 1st February 1856 to 31st March 1857, there are no records forthcoming in this Division, but I have reason to believe that the applicant remained in the service continuously from the above period as the documents (Tamil) herewith enclosed go to prove.

From April/57 to 30th April/64 the services have been verified. I beg to point out that the period

period for which there are no records to verify having been rendered in a grade ineligible for pension, I trust that with the documentary proof herewith sent, there will not be further question about the matter.

With regard to para 3 of the Examiner's letter, I beg to state, that as already explained in my letter No. 3583 of 22d December/79, it was very necessary for the services of the Applicant to be retained subsequent to the date of the Medical Certificate i.e. up to 21st June 1879, and for which he was paid his salary also.

In conclusion I beg to recommend

recommend that you will be good enough to obtain the sanction of Government to condone the deficiency in the qualifying service under section 78 A of the Civil Pension Code: in consideration of his having served 8 years in an inferior grade.

Certified that should Government be pleased to treat the period of the applicant's services from 1st May 1864 to 30th April 1865 on the strength of his affidavit, the statements of his contemporary servants and the declaration of the Superintending Engineer that the service claimed has been established and should be admitted, qualifying service in Superior grades would amount to 14 years, 11 months and ~~24~~ 14 days and that an invalid gratuity not exceeding Rs one hundred and eighty (180), equal to 12 months' emoluments, is admissible under Section 68 (a) of the Civil Pension Code. Even if the applicant's services from 1st May 1864 to 30th April 1865 are rejected, the amount of gratuity shown as being admissible will not in any way be affected.

The Superintending Engineer as also the Executive Engineer recommended that the deficiency of 16 days in the applicant's qualifying service of 15 years to entitle applicant to 1/3rd pension may be condoned under the ruling contained in Section 78 A of the Civil Pension Code and that he may be granted a pension equal to 1/3rd of his average emoluments. Should Government be pleased to accede to this recommendation and also treat the period of his services from 1st May 1864 to 30th April 1865 as qualifying, the applicant will be considered to have rendered a qualifying superior service of 15 (fifteen) years and will be entitled therefore to an invalid pension not exceeding Rs 5 (five) per mensem, equal to one third of his average emoluments, under Section 68 (b) of the Civil Pension Code. The pension if sanctioned is payable from 22d June 1879.

The calculations have been duly verified.
