Proceedings of the Madras Government  
Read the following  
Letter from the Superintendent of  
Works Presidency No. 3700, dated 15th  
January 1881.

I have the honor to report  
the death of a Cooly boy at the  
General Hospital Works on the morning  
of the 24th. Ultimate caused by a  
fall from a scaffolding about 20  
feet high. The scaffolding was  
in perfectly good order and the fall  
was due evidently to the boys own  
carelessness.

2. The Doctor at the Hospital  
attended on the boy after he fell  
but he died almost immediately.

3. The boy was aged about 18  
years, was accustomed to work  
on scaffolding and was in good  
health. His mother was also working  
with him at the time.

4. No inquest was held on the  
body of the deceased. It would appear  
that Mr Grant who is in charge

of the Military portion of the Hospital  
and who attended on the deceased  
reported the accident to the Police  
Authorities and stated the death  
of the Cook to have resulted from  
fracture of the skull. Upon  
intimation received from the former  
through the Police that no inquest  
was necessary, the deceased's  
relatives were allowed to remove  
the body. The body meanwhile  
had been placed in the Hospital  
dead house and was in charge of  
the Medical Authorities.
