ESTABLISHMENT, No. 5.

EXTRACT Proceedings and East
Coast Canal Budget communicated to
the Inspecting Engineer for Communi-

cations and District Engineers of Chingleput and Nellore.

2. It would appear that the sum of Rupees 900 for Petty Establishment should be added to the amount to be transferred to the Public Works Department. And the Board will be requested to increase that item in future Budgets to Rupees 1,320 to provide a maistry for each section of the canal respectively, within Chingleput and Madras limits, on a consolidated salary and allowance of Rupees 55 to be drawn on certificate of his maintaining a boat and crew, as recommended by the Inspecting Engineer for Communications. They will be maintained at once, and any excess over the present allotment made good by savings from works.

3. It appears from Lieutenant-Colonel Farewell's report on the subject that the section of the Northern Canal within Chingleput limits requires a greater maintenance allowance than that within Nellore limits; the provision of Rupees 7,000 in the current year's Budget will, therefore, be divided between the two districts in the proportions of Rupees 4,000 and Rupees 3,000. The sum of Rupees 1,200 for maintenance north of Dugerajapatam will be transferred from the Chingleput to the Nellore District. His Excellency the Governor in Council is not of opinion that the maintenance allowances should be increased; whatever additional sums may be required must be obtained by submission of estimates, as that for deepening between the Pulicat Lake and Dugerajapatam, the allotment of which also belongs to Nellore.
