From the Chief Engineer for Irrigation, dated 3rd May 1881, No. 21 W.

ORDER THEREON, 1st August 1881, No. 689.

Under Sections 100 and 109 (b) of the Civil Pension Code (5th Edition), the Honorable the Governor in Council is pleased to grant to Vellore Natherasecomony Mudaliar, late Draughtsman in the Office of the Chief Engineer for Irrigation, a compensation pension of Rs. (25) twenty-five per mensem, payable at Madras from 1st August 1880, in consideration of his qualifying superior service of twenty years, eight months, and twenty days.

2. It is not stated under the head "Remarks by Heads of Office" opposite to No. 4 in the third page of the Register of application what steps, if any, were taken to find employment for the applicant. Neither the Examiner of Public Works Accounts nor the Accountant-General has called for this information before submitting the case to Government.

3. The Examiner of Public Works Accounts will now obtain and furnish the information required.

4. It appears, also, from the foregoing papers, that no saving in this case has accrued to Government, and the Chief Engineer in his letter of 3rd May 1881, No. 21 W., states the circumstances under which the applicant was removed from the service.

5. Copy of these Proceedings will be forwarded to the Government of India for confirmation.

SIR,

In your Official Memorandum No. 25 dated March 31st, you make enquiry of the Examiner of Public Works Accounts regarding the circumstances under which Vellore Natherasikamoney Moodelliar, late of this Office, had been directed to send in his papers for retirement.

2. In reply thereto, I have the honor to inform you that on the re-organization of this Office last year a reduction of establishment was determined on which necessitated the removal of some of the employees. The man in question being one of those who could best be spared was therefore directed to apply for the pension to which he was eligible.

I have the honor to be

Sir,

Your most obedient Servant.

Sir,

The undersigned has the honor to

In reply to your letter of 14/5/80 dated the
17th Instant, I have the honor to state that the services
of P. Nethrasigamani ¹⁸⁶⁰ Auditor from 10 May
to 31 March 1864 as Draftsman on Rs. 50 per
mensem in the office of the Consulting Engineer
of the Irrigation and Canal Company have been
verified from the annual returns of 1st class of
each year on record in this office and found to
be correct. The Establishment of the Consulting
Engineer appears to be permanent and the services
rendered in it therefore qualify for Pension.

Madras N^o 7 & I dated 1st July 1880.

I have the honor to return herewith the
pension application and service book of V. Nathaschamney
Mudaliar, Draughtsman, together with its enclosures received
with your letter N^o 91 G, dated 21st June 1880, and with
reference to the concluding portion of Section 83 para 1 of the
Civil Pension Code, to state that his final application for
pension should not be submitted until the applicant is
actually relieved of his duties on retirement.

2. As no saving has accrued to Government in the
Establishment of the Chief Engineer for Irrigation in consequence
of the abolition of the applicant's appointment, it appears
very doubtful whether he will be entitled to any retiring
allowance under rule 6, Section 59 of Civil Pension Code,

case comes under Section 59
para 8 of the Code rather than
under para 6, as the man's
application for pension
is a sequence of the general
scale of revision of the Iri-

In reply to your letter
No 103 C dated 6th July 1880, I have the
honor to state that the case of V. Kathra-
sikamoney^{Modelliar}, Draftsman, does appear to
fall within the scope of rule 8 section
59 of the Civil Pension Code, but as the
difference between his present pay (Rs 75)
and the reduced pay (Rs 25) of his appoint-
ment has not produced a real saving
to Government (section 59, rule 6, Civil
Pension Code) but has apparently been
otherwise utilized in giving promotions
to other members of the office, it appears
doubtful whether V. Kathrasikamoney
Modelliar will be entitled to any
compensation retiring allowance
without the special sanction of the
Government

Government of India.

Replying to your letter N. No. 11. & I dated 22nd July 1880 I have the honor to return herewith the final Pension Application of Draughtsman V. Kathrasikamoney Member of this Office.

2. He has been relieved from duty with effect from the 1st August.

3. With reference to para 2 of your letter under reply, I request that you will submit the papers to the Pension Department for final orders with such remarks as you may deem necessary. At the same time I take the opportunity of requesting that you will represent, that through the reorganization of this Office, which has rendered it necessary to pension Kathrasikamoney, thereby resulted in an increase of Rs. 58 to the cost of the permanent Office establishment, yet there was at the same —

Previous scale 1195 $\frac{3}{4}$ time a saving of Rs. 154
Present or 1253 $\frac{3}{4}$ in the temporary office establishment, so that there resulted a net saving of Rs. 99.

Draft Order and papers relating to the Pension of V. Natherasecomory Moodliar, late draftsman in the office of the Chief Engineer for Irrigation -

Retransmitted to the Pension Department with the following explanation.

The reduction of Establishment in the Office of the Chief Engineer for Irrigation sanctioned in G.O. No 491-W dated 3rd March 1880 was no part of the general revision and reduction of the Department.

With regard to paras 2 and 3 of the draft order in the Pension Department, no steps have been taken to find other employment for the late Draughtsman, it not being intended that he should be re-employed, his pay having been much in excess of the scale now in force.

Noted and

h.d.

4. I cannot but think also that para 6 section 39 Chapter II of the Civil Pension Code should be wholly neglected in considering this case, which comes neither under the definition of discharge to make room for a better qualified Officer, nor under that of a general reduction of Establishment.

5. The case seems to come wholly within the scope of para 8 of the same section as the draughtsman's Appointment has been abolished in consequence of a general scheme of revision for this Office.

6. Para 8 is quite clear on this point, saying that this does constitute abolition of Appointment within the meaning of the section, and this being so, the applicant is, I believe, entitled to a pension, as it would be cheaper to grant him one than to give him a Personal Allowance.

Certified that should Government be pleased to accept the Applicant's service from 1st January 1859 to 31st August 1859 on the strength of the original Certificate (here with) and the duration of his continuous service in the same grade, qualifying service in superior grades would amount to 20 years, 18 years and 10 months, but that as no earnings appear to have accrued to Government in consequence of the abolition of the Applicant's appointment, no retiring Compensation Allowance appears admissible with reference to Section 59 rule 6 of the Civil Pension Code.

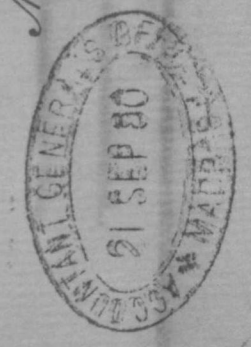

2. Should however it be decided by Government to grant the Applicant any Compensation retiring allowances for his qualifying service in superior grades of 20 years, 18 years and 10 months, and 20 years by days, and that a Compensation not exceeding Rs. 10,000 Twenty five hundred pounds equal to one third of his average emoluments to be paid in instalments, with the sanction of the Government of India, be admissible in his own opinion whether the service claimed has been established as per the Civil Pension Code.

The calculations have been duly verified. Office.

Now should the Applicant's service from 1st January 1859 to 31st August 1859 be accepted, the amount of pension shown above as being admissible under special sanction, will in no way be affected.
