The entries in the Pension application and service book are incomplete and incorrect in regard to dates &c but as the entire period of the applicant's qualifying service has been verified from office records, the return of the documents for correction and completion was considered unnecessary as only delaying the submission of the applicant's papers for the orders of Government. For the same reason the specific report and opinion of the head of office prescribed in the amended rule 6 to section 84 of the Civil Pension Code was considered unnecessary and has not been obtained
