The Accountant General

Certified that qualifying service in Superior Grades has been duly proved for 21 years 8 months and 11 days; and that should Government be pleased to accept the explanation furnished by the Executive Engineer in his remarks opposite to his on the 5th page of the application in respect of the impossibility to provide the applicant with a suitable appointment elsewhere, a compensation pension not exceeding Rs. 13-5-4 per annum, equal to $\frac{2}{3}$ average emoluments, will be admissible under Section 89 and 85(c) of the Civil Pension Code 5th Edition.

The saving to Government effected by the abolition of the applicant's appointment is reported to be Rs. 120-0-0 per annum.

In view of the information received from the Examiner, the applicant's qualifying service for the period intervening between 13th December 1874 and 1st January 1875 appears to have been paid from the Local Fund Revenues. Hence the pension admissible is chargeable to Local Funds and General Revenues in the following manner:

Rs. 5-2-6 to General Revenues
" 5-2-10 to Local Fund.

The Character and past conduct of the applicant do not appear to have been entirely satisfactory. It is to be regretted with regard to make such reduction in the amount of any pension that may be granted to him as it may deem proper with reference to Rule 1 Section 22 of the Civil Pension Code.

Although the application seems to be one susceptible of disposal by the Examiner Public Works accounts that office contends that it should be reported upon by this office. With this letter No. 866 P. dated 9 March 1881. It is recommended that the application has been disposed of by this office.

Your Endorsement No 513 S.A. Dated 2nd Instant on Examiner's No 498 S.A. Dated 28th September 1880 returning for want of certain particulars the application for pension of Sub-overseer J. M. Varasawmy Naidu

2 The information required in paras 1 & 2 of the Examiner's letter has been already furnished with the exception of the amount of saving accrued to Government by the abolition of the applicant's appointment. This omission is now supplied. General reduction of Establishment and unwillingness of L. F. Bd to take in the applicant in their service are the only causes for not providing him with suitable post.

3 The particulars required in clause (a) to para 1 have already been furnished in the pension application. I do not see what further particulars are required. It is distinctly noted in column 10 pages 243 of

of the application how the services has been verified, against is stated against entry 6 in page 5 that the Service is borne out by records. I have now again only to repeat that the entries in the application which include the 3 periods noted in margin against clause (a) have been verified from records in this office and are borne out thereby. The breaks &c. have also been already noted. I think that the Service for which pension is claimed had all been rendered in grades eligible for pension and gratuity.

4 As regards the service of the applicant from 14th December 1864 to 31st March 1869 as Local Fund overseer, there is no specific order of Government authorizing the same to be counted; but as his subsequent service in similar appointment is taken into account, there does not appear any reason why the former should not be treated similarly. During the former period ^{pay was passed by the collector on} the applicant's pay Bills submitted by the D. P. O.

5 The Local Fund Establishment of the South Arcot District had originally been organized in 1857 by both the collector and District Engineer (and probably with the sanction of the Board of Revenue) this was

172
was however done away with in the reorganization of May 1863, the Establishment was again in 1864 re-~~estab~~reinstated after consultation by both the then Superintending Engineer and Collector. This very Establishment was converted into Petty Establishment of Overseers &c. sanctioned in G.O. No 1050 R. D. of 21st April 1863. The former was paid by the collector from the same source whence the latter received their pay.

6 In the Local Fund Rules framed by the Board of Revenue in 1871 under sections 24, 25, 26, 28, 30, 32, 34, & 35 of Act III of 1871 (Madras) it is laid down (in Rule III) that the Petty "Establishment of Overseers &c. already sanctioned for each district shall be retained on the same conditions of service as at present. Under this rule, it was considered that the service of Local Fund overseers in this District prior to 1869 can be counted as their pay was formally passed by the collector from the Local Funds.

7 In the present case. Veerasaamy Naidu

Naidu is entitled to a pension of one third of his average pay even excluding his service as Local Fund Overseer from 14th December 1864 to 31st March 1869 but I think it advisable to submit the matter to Government for their decision

During the 3½ years that I have had charge of the N^o 3 Range, South Arcot District, the bearer of this Veerasaamy Raider Local Fund Overseer has given me entire satisfaction. Veerasaamy Raider has charge of some 150 miles of District roads in the Tirukalase and Kullacurichy Taluqs, the most part of which has been constructed under his own personal orders. Veerasaamy Raider is a hard working intelligent respectable man, knows his work well & does his work in a creditable satisfactory manner without giving much trouble to his Range Officer. I shall be glad to hear of Veerasaamy Raider's further promotion in the Dept. which I consider him deserving of. 28th April 1869. <i>M. Howard Lupton,</i> Assistant Engineer. Veerasaamy Raider has served under me in the 3^d Range, South Arcot as Local Fund Overseer & performed his duties in same to my entire satisfaction. It affords me therefore much pleasure in testifying to his abilities for carrying out the various works connected with District Road; which he has done with great assiduity. I have always found him correct in his accounts; & his manners and conduct ^{are} much superior to those of his class in general. 22nd April 70 } <i>S. G. C. F.
