Sir

I have the honor, with reference to your letter No. $\frac{\text{A.D.K}}{706}$ to state that I find nothing in the correspondence, forwarded with my letter No 196 dated 16th February to make it apparent that the service of V. Chinnacasavalu Moodely, from 10th March 1849 to 25th April 1876 was not verified from office records. His service from 1866 to June 1880 was verified from records in the office of Inspector of Vaccination (Vide Column "How Verified" on page 2 of the application for pension). It is his service from 10th March 1849 to 1865 that cannot be verified, as the records to do so are not available. Vide last para of letter No. 195 dated 9th February 1881

1881 from the Inspector of Vaccination, and letter No. 226 dated 21st January 1881 from the Collector of Bellary.

The information required in para 2 has been filled in the application for pension. The applicant is dead and so no affidavit can be taken from him, nor is the testimony of any contemporary servants available. His entire service may be admitted, as his service Register is duly attested by two responsible officers Drs Shortt and Laing.

The date when he was first appointed as 2nd class Vaccinator of the Gooty circle, and copy of the order of appointment has been promised by the Collector of Bellary. It will be forwarded when received.

I append a memo shewing the proportionate debit of the pension to General Revenues and Local Funds.

I regret the delay in disposing off this reference, it was owing to the papers having had to be referred to the Collector of Bellary for certain information. His final reply was received only the 24th May.

Sir,

With reference to your letter No 196 dated the 16 February 1881 forwarding certain papers received from your subordinate Officers regarding the application for Pension on behalf of the late V. Chinnacasava Mudali, I have the honor to request that you will explain for the information of Government, how you were satisfied as to the establishment of his service rendered from 10th March 1849 to 25 April 1876 when it is apparent from the accompanying correspondence furnished that the period was not verified from Office records as

it

it ought to have been.

The Application is herewith returned for insertion of the particulars of the Establishment on the 1st Column of the 2d page and of the specific opinion as to whether the entire service should or should not be admitted below No 5 on the 3d page. The memo. showing the proportionate debit of the applicant's pension to General Revenues and Local Funds called for in paragraph 2 of this Office letter No. ADK/573 dated the 6th October 1880 has not yet been furnished.—

SIR,

With reference to your endorsement No. 252V dated 3rd August 1880 on a letter from the Inspector of Vaccination and Deputy Sanitary Commissioner, Madras Presidency, forwarding an application for Pension on behalf of V. Chennakasavalu Mudali, late a 2nd class Deputy Inspector of Vaccination, I have the honor to request that you will be good enough to cause the applicants services from 1849 to 1865 to be verified from the records of the Bellary Collector's Office, where the applicant is stated, in the column "How verified" on the 2nd page of the application, to have served during that period, and to report the result to this Office at an early date, together with information on the following points:

1 Why the applicant was retained in service up to 9th June 1880, when the medical Certificate declaring him to be

unfit

unfit for further service is dated the 12th May 1880. This procedure is strictly prohibited. Service after date of the Medical Certificate does not count for pension without the Special Sanction of the Local Government, (Vide Rule 1+ Section 64 of the Civil Pension Code).-

2 Why the applicant is shewn in the History of service to have been employed as 2nd Class Inspector of Vaccination on Rs. 40 from 26th April 1876, while he appears from the records in this Office to have been promoted to that appointment only on the 8th May 1876.

3 Why the applicant is shewn to have been on sick leave from the 11th instead of from the 4th January 1877 as is proved by the records of this Office.-

4 Why a saving of Rs. 17-11-10 is shewn against the applicant's name in Pay abstract for May 1877.-

5 Why the character and past conduct of the applicant are stated opposite to No. 1 on the 3rd page of the application to have been good while they appear from the remarks in the 8th Column of his service Book to have been far from satisfactory.-

I further request that you will ascertain, either from the President of the Local Fund Board, Bellary, or from the Account Department of the Collectorate of

17

of that District, and intimate to me, the exact date from which the Applicant's pay was debited to Local Funds, and furnish me with a memo of calculation showing the apportionment of the charge of the applicant's pension to General Revenues and Local Funds - vide definition (d) Section 2 of the Civil Pension Code.-

The Register of application and the Service Book are herewith returned for necessary corrections. They should be retransmitted to this Office when no longer required, together with a Last Pay Certificate.-

His age is by his own statement 52 years and by appearance about 52 Years. I consider V. (a). Non-qualifying being service rendered before the attainment of the age of 22 years.

Service from 13th June/50 to May/61 cannot be verified either from the records of the Collector's Office Bellary, or from those of this office, service the records are not available in the former and the names in detail are not given in the Annual returns of the latter Office.

Service from May/61 has been verified partly from the Annual returns and partly from the Audit Registers on record in this office. From the papers accompanying it will be seen that the applicant's services for the period prior to June/65 have not been verified from the records of the respective offices in which he had served. The reason for the omission is stated to be due to the want of records. But the service after that date has however been verified from the records of the Office of the Inspector of Vaccination.

Service from 1st to 11th March/77 has been recorded as non-qualifying since no pay was drawn by the applicant for that period.
