With reference to your letter No. [illegible] dated 29th July 1880 I have the honor to return herewith the service book and pension application &c of late [illegible] Superintendent [illegible] with the required documents.

2. The delay in the submission of the pension papers is owing to the Applicant's service book having been maintained in an incomplete state which necessitated frequent references to Divisional Offices and to the searching for the required records which are not in proper order owing to the frequent reorganization of the Department.

No 2 Range, Superintendent		12	–	28 Aug 1856	[illegible]					For the periods from 6th May 1853 to 30 April 1856 and from 1st August 1858 to October 1865, cannot be checked from the Audit Register on record in the office or from the records of the Divisional and such offices, owing to the omission in the former of the names of incumbents of the applicant grade and to records not being available in the latter. The affidavit, with statement of certain pensioners servants has however, been obtained agreeably to rule 5 section 84 of the Civil Pension Code and the period classed as qualifying on the strength of the statement of the Superintending Engineer that the service claimed has been established and should be admitted. From the Audit Register of this office it appears that a sum of Rs 1/5 was stopped from the applicant's pay in each of the following months, viz. May, September and October 1856. The circumstances under which these sums were stopped cannot be ascertained from either the records of this office or from those of the Division. The amounts in question have been treated as fines.

Verified from the Audit Registers of this office and found correct

Under G.O. No 426 I dated 20th ~~25~~ May 1878 Government in the P.W. Department dispensed with the applicant's services (as well as those of others) with effect from 31st March 1878 on revision of the Conservancy Establishment of the Kistna District and directed that applications for pensions or gratuities submitted on behalf of these persons should be dealt with under the ordinary rules. But this office in letter No 325W of 23d October 1878 pointed out to Government that the revision resulted in an annual increase of 57 Rs over the original cost of the Conservancy Establishment and that therefore no compensation gratuity or pension could be granted to retiring incumbents under the ruling contained in section 59, Rule 6, of the Civil Pension Code and solicited further orders on the subject. On this Government in G.O. No 2687W dated 24 October 1879 decided that the applicant's case as well as those of others similarly situated should be dealt with under the ordinary rules of the Civil Pension Code provided a medical certificate is submitted in support of each application.

A medical certificate is herewith submitted in support of the incapacity of the applicant dated 21st December 1879 after a lapse of more than a year from the applicant's relief on retirement. This is owing to the correspondence which took place between this office, the Superintending Engineer and Government on the subject. The delay in the submission of the application after the receipt of the Medical Certificate is explained in the second para of Superintendent of Works, Kistna, letter No 1527 dated 21st October 1880 (copy attached).

I consider Manchiraju Krishnamurty late Channel Superintendent in the P.W. to be completely and permanently incapacitated for further service of any kind in the Department to which he belongs in consequence of cataract of both eyes & double inguina hernia.

His incapacity does not appear to me to have been caused by irregular or intemperate habits.
