FROM

THE SECRETARY TO THE GOVERNMENT OF FORT ST. GEORGE,

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
DEPARTMENT OF FINANCE AND COMMERCE.

SIR,

I am directed to forward, for the favorable consideration of the Government of India, the accompanying papers connected with the gratuity application of C. Ponnoosawmy Pillay, late Accountant in the Office of the Chief Engineer for Irrigation.

2. The applicant's total period of service when thrown out of employ by revision of establishment in July 1880 amounted to eleven years, six months, and ten days. The Chief Engineer for Irrigation in his remarks against Entry No. 4 on page 5 of the gratuity application states that the saving effected by the rearrangement of his office establishment amounts to Rs. 157. The Examiner of Public Works Accounts, on the contrary, reports that no saving was effected and that the revision appears to have resulted in an increase of Rs. 6 per mensem.

3. The applicant was evidently discharged under the impression that a saving was being effected by the revision of the establishment; and though the applicant has since died the Governor in Council is of opinion that this circumstance should make no difference in the treatment of the case, and should not prevent the grant to his heirs of the gratuity to which it is considered he was entitled, viz., Rs. (462) four hundred and sixty-two.

I have the honor to be,
Sir,
Your most obedient servant,

OOTACAMUND,
10*th September* 1881.

Secretary to Government.

The Chief Engineer for Irrigation in his remarks against Entry 4 on page 5 of the gratuity application shows an amount of Rs 157 as saving accrued to Government in consequence of the applicant's retirement.

The details of how the amount was arrived at was called for and are herewith submitted. It will be seen from the Chief Engineer's for Irrigation office note that the amounts particularized in the * margin, which it is thought, should not properly have been entered have been included in the amount of sanction for the office of the Chief Engineer for Irrigation and the saving of Rs 157 noted deduced on the basis that the cost of the Establishment of the office of the Chief Engineer for Irrigation before its revision in April 1880, was Rs 1337 while it was only Rs 1174. Thus the revision of the Establishment appears to have resulted in an increase of Rs 163 per mensem instead of the saving of Rs 157 as shown by the Chief Engineer for Irrigation.

* Temporary Establishment cancelled in G.O. No 1700 W. dated 4th April 1878 — Rs 93
Pay of Draftsman lent by the Public Works Department — Rs 70
Total Rs 163

shows an amount of Rs. 154/- as having accrued to Government in consequence of the applicants retirement. The details of how the amount was arrived at was called for and are herewith submitted. It will be seen from the Chief Engineer's Office letter that the amounts particularized in the margin which it is thought, should not properly have been entered have been included in the amount of sanction for the Office of the Chief Engineer for Irrigation and the saving of Rs. 154/- noted, reduced on the basis that the cost of the Establishment of the Office of the Chief Engineer for Irrigation before the revision in April 1880 was Rupees 1334, while it was only Rupees 1178. Thus the revision of the Establishment appears thereby resulted in an increase of Rupees (6) six per annum instead of the saving of Rs. 154/- as shown by the Chief Engineer for Irrigation.

The applicant is reported to have died and the names of the legal heirs of the deceased are noted in the office note. (Copy attached)

* In the Public Works Department, periods of service should be verified by the Examiner, P. W. Accounts, Section 84, Rule 2.
If the service claimed cannot be wholly verified from the records of the Accounts Office, reference should be made to the Head of the Office in which the Applicant states that he served during the period in doubt, Section 84, Rule 4; and if verification from this source also be not practicable, the applicant must furnish an affidavit on plain paper accompanied by such collateral evidence as may be procurable, *e.g.*, official certificates, and the evidence of contemporary employés, Section 84, Rule 5. If the latter course be adopted the authority receiving the application must invariably record his own opinion whether the service claimed has been established and should be admitted or not. Section 84, Rule 6.
The affidavit of the applicant and evidence of contemporary employés should contain information on the following points :—
(*a*) whether the applicant was in *permanent* employ of Government.

Certificate and Report of Examiner, Public Works Accounts, Madras.

Certified that (~~subject to the remarks below recorded~~) qualifying service in Superior grades has been duly proved for (11) eleven years (6) six months and (10) ten days; and that as apparently (there is no saving) not exceeding Rs. 6 Government by the retirement of the applicant it appears very doubtful, whether he is under the circumstances entitled to any Compensation retiring allowance ~~is admissible under Section~~ ~~of the Civil Pension Code. The calculations have been duly verified. The~~ ~~is chargeable to~~ Should Government however feel disposed to take a favourable view of the case, then with the sanction of the Government of India a Compensation gratuity not exceeding Rs. 462/- four hundred and sixty two, equal to (11) eleven months emoluments at Rs. 42/- forty two per annum may be awarded under Section 109(a) of the Civil Pension Code 5th Edition. The calculation have been duly verified. The Compensation gratuity if sanctioned is chargeable to General Revenues.

~~2. Attention is solicited to Section 22.~~

The gratuity shewn above to be admissible will on commutation yield a pension of more than Rupees (2) two per mensem, but the Confidential Medical Report prescribed in Section 99 Rule 3 of the Civil Pension Code 5th Edition cannot be obtained as the applicant is reported to have died.

Sir,

I am directed to forward for the favorable consideration of the Govt of India the accompanying papers connected with the petition of Pandoo Gunaji Pillay late Accountant of the Office of the Chief Engineer for Irrigation.

2. The applicant's total period of service which is shown out of employ by reason of establishment in July 1880 amounted to 6 years six months and ten days. The Chief Engineer for Irrigation in his remarks against entry

m8/8
R15/8

entry No. 11 on page 5 of the gratuity application states that the saving effected by the rearrangement of his office establishment amounts to Rs. 157- The Examiner of Public Works Accounts on the contrary reports that no saving whatever is effected and that the revision appears to have resulted in an increase of Rs. 6 per annum.-

3. The applicant was evidently discharged under the impression that a saving was being effected by the revision of the establishment; and though the applicant has since died the Governor in Council is of opinion that there are circumstances which should prevent the grant to his heirs of the gratuity, to which he was entitled, viz: (Rs. 462) Four hundred and sixty two.- (make no difference in the treatment of the case, and should not it is considered
