statement 49 years and by appearance about 54
years. I consider him to be completely and per-

of General Debility & Intermittent fevers. His incapacity
is not the result of his own imprudence, but is the
result of fevers contracted while on duty as a public

Reasons: - Is not able to see properly, his hands are
tremulous. Is unable to stand for a long time.
His muscles are flabby. Further he suffers from
blinding fevers, each attack of which tells
heavily upon his Constitution.
