11. Explanation why the applicant was removed from the service before his incapacity for further service was duly established by a certificate.

12. Explanation why the medical certificate is post-dated to the extent of ^{3 months & 16 days} the applicant having ceased to do duty on the 22nd October 1880, the certificate is dated 7th Feb 1881.

13. Information as to whether the applicant applied for his ^{pension} gratuity during his life time: if so, when he applied and when he died.

(a.) Whether the applicant was in permanent employ of Government.

(b.) Whether there were any breaks in the continuity of his service and whether he was at any time absent on leave other than privilege; if so, the nature of such breaks and the duration of such leave of absence should, as far as possible, be specified.

16. Information as to whether the appointment of ^{in which the applicant is stated to have been acting from} to ^{was fully vacant, and whether any person, save the applicant, counted service in it during that period.}

17. Information as to whether any endeavours were taken to provide a suitable appointment for the applicant. The amount of saving effected to Government by the abolition of his appointment in the Division of Establishment should be stated.

18. Insertion of the ^{applicant's father's name in the accompanying medical certificate} ~~the name of the person who acted as a guarantor for the applicant~~

It appears from the entry in Column 11 on the 5th page of the Service Book that the applicant was removed from service on the 22nd October 1880, in consequence of the abolition of his post. Information is therefore requested as to whether the abolition was duly authorized by Government. If so the query No. 17 above should be fully answered and if not the applicant's eligibility for any retiring allowance should be justified with reference to Rule 1 Section 61 of the Civil Pension Code although he has produced a medical certificate of unfitness for further service.

Query.

2. The necessary entry has been made.

7. The service book of the applicant is returned duly signed in the appropriate column on the 1st page as desired.

8. Copy of the Collector's docket No. 2022, dated 8th October 1880, directing that the services of one of the weighers at Kasaragod be dispensed with, is enclosed.

9. The submission of the application was in the first instance delayed for nearly three months till the Officer in immediate charge of the Sea Customs Department, had an opportunity of personally examining the applicant with a view to ascertain if he was fit for further employment, and when the application was submitted it was unaccompanied with a medical certificate. It had therefore to be returned, and the papers were not received back complete for nearly a month and a half. Hence chiefly the delay.

12. A medical certificate was not in the first instance submitted with the application owing to an oversight on the part of the Officer in immediate charge of the Sea Customs Department. This omission was afterwards supplied on the same being pointed out to the above Officer. Hence the apparent post-dating of the certificate observed.

17.

17. From his appearance as well as from his own statement the applicant was physically unfit for further service - a fact subsequently established by medical evidence. Hence there was no necessity for any endeavours being made to re-employ him.

The saving effected by his removal is Rs 6 a month or Rs 72 a year.

18. A revised certificate is enclosed with the required entry duly made in it.

19. The Applicant has the following marks besides that noted in the application. -

A small black mole on the forehead above the left eye-brow.

Two others on the right side of the neck, one being immediately below the ear.

Another on the right side of the pit of stomach.

A small wart on the left side of the chest.

22. The Establishment (Haudaichar Sibbundi) on which the applicant was employed from 15th October 1855 to 30th June 1858, though nominally styled "Extra," was all along regarded as a permanent establishment, and actually continued till the introduction of the Police. The Applicant appears to have been employed as an Acting Peon on full pay on this Establishment for the first three and half months, after which he appears to have been confirmed as the word "acting" does not occur in the Pay Abstracts.

24. The Medical Officer does not consider the applicant

applicant to be under 55 years of age and thinks that detailed reasons for his opinion are not therefore required. His reply on the subject is enclosed. The ⁹ dated 17th May '81 N^o 101. Applicant states that his age and date of birth as entered in the application were given by him approximately, and that he has no written record of his birth. -

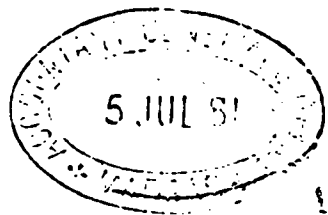

The abolition of the applicant's post was not specially sanctioned by Government. It was however the necessary result of the abolition of the Salt Depot at Nileschwar in consequence of which the services of one weigher were found unnecessary. The abolition of the post was contemplated simultaneously with the reduction of Establishment sanctioned in G.O. 19th November 1880, N^o 1559 R.D., but could not for want of certain information be included in the report embodied in the above G.O. On receipt of the information the post was directed to be abolished, but through an oversight the abolition was not reported to Government. A report has since been submitted through the Salt Commissioner.

It is true that the services of the applicant were discontinued on the abolition of his post, but even if the post were not abolished, his discharge would still have been necessary on account of his bodily infirmity which was the sole cause of his being selected for discharge and of his not being

being re-employed. Hence his claim to the retiring allowance recommended is no way affected by the accident of the abolition of his post.

Certified that should Government be pleased to accept the explanation furnished by the Collector in respect of the circumstances under which he was obliged to accept the Medical Certificate past dated to the extent of 3 months and 16 days the applicant having ceased to do duty on the 22^d October 1880 while the Certificate is dated 7th February 1881 though such acceptance is opposed to rule 1 section 61 of the Civil Pension Code qualifying service in Inferior grades will be duly proved for 33 years and 3 days: and that an Invalid Pension not exceeding Rs. 23 per annum equal to 1/2 pay will be admissible under sections 61 and 70 of the Civil Pension Code 1880. The calculations have been duly verified.

The delay in the submission of this application is explained by the Collector who has replied to this Office by letter No. 1881 dated 25th April 1881.

In accordance with Rule 3 of the Regulations of Government is respectfully submitted to Section 22 of the Code. It will be seen from the explanation furnished by the Collector that the applicant's removal from the service on 22^d October 1880 was due partly to an anticipated abolition of appointments in consequence of a reduction of Establishment under Contemplation and partly to his bodily infirmity. But as the abolition was not sanctioned in time and as the Applicant's incapacity was ultimately established by a Medical Certificate, this Office has deemed it right to recommend the grant to him of an Invalid Pension in lieu of a Compensation pension as proposed by the Collector.
