This Officer was employed in the Lighthouse Range, during the Famine in 1877 and 1878 for a period of 11 months, during this time I had on many occasions to give him instructions regarding the works under his charge. I always have found him anxious to carry out orders and to push on his work. He has a fair knowledge of Road making, and his work is in every way creditable.

This Officer has been sick nearly the whole time which under my orders he has had no opportunity to do what sort of a work - more he is
