Proceedings of the Madras Government,
Public Works Department, 3rd February 1873.

No. 57. Read the following letter from the District Engineer, Godavery District, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 17th January 1873, No. 486:—

As I have not yet been furnished with the nominal roll of individuals to be transferred to the Lower Godavery with the floating stock belonging to the Upper Godavery, promised in the 2nd paragraph of letter from the Officiating Secretary to the Chief Commissioner, Central Provinces, embodied in G. O., No. 2358-A., dated 8th October last, I have the honor to request I may be informed what I am to do with Captain Barber who is in charge of the Upper Godavery steamers, now as Colonel Rundall, Director General of Irrigation, has left the district, and the steamer used by that officer is laid up in ordinary for the season.

2. I beg to observe it is very advisable to retain the Services of Captain Barber and some of his best men, as there can be no doubt the Godavery navigation must soon again attract attention, and if we lose these men all the knowledge of the river and the experience gained during the last twelve or fifteen years will be entirely thrown away; the cost of this will be about Rupees 300 a month.

No. 58. Order thereon, 3rd February 1873, No. 360.

Establishment, No. 5.

The Godavery District Engineer will be authorized to retain the Services of of Captain Barber and some of his best men in connection with the Upper Godavery navigation works and future coal explorations.

2. It is observed that an appropriation of Rupees 30,000 has been made in the Imperial Budget Grant for next year on account of the Upper Godavery navigation works; and that the Government of India are prepared to increase that allotment, if found to be insufficient.

3. The pay of Captain Barber and his crew for the remainder of the current year can be debited against the sum of Rupees 15,000 for repair of Godavery navigation floating stock, for which an application was made to the Government of India in letter No: 2849 of 4th December 1872.

I have the honor to return Examiner's letter No: 97 S.E. 1st dated 20th May 1882 bearing your Endorsement No: 585 G.D. dated 30th May 1882 and to afford the following information called for by the Examiner in connection with pension applications of Syrangs K Jaganaikooloo and D. Seshaya.

(A) In the accompanying G.O. No: 360 dated 3rd February 1873, it was ordered that the Services of Captain Barber and some of his best men (the best men referred to in the G.O. being the individuals whose pension applications are under reference) may be retained and accordingly pay was drawn for them in this Division from 1st April 1873, which, I believe, is the date of their transfer to this Division.

(B) On a further reference being made to office copies of Salary Bills, it is found that pay at Rs20 per mensem, was drawn to K Jaganaikooloo from June/73 and to to D. Seshayya from August 1874 in this Division. That portion of Salary Bills referring to these men is extracted and herewith sent.

Copy of letter from the Officer in Charge Eastern Delta Division Godavari to the District Engineer Godavari No. 571 dated 2nd December 1878.

With reference to letter No. 157/G.D. dated 8th October 1878 from the Examiner of Public Works Accounts communicated with your endorsement No. 2415 dated 28th October 1878, I have the honor to inform you that the information regarding the source from which the salaries of Syrang K. Jagannaikulu and Engine driver D. Seshiah previous to June 1873 and August 1874 respectively were met is not found from the records of this Office, but on reference to Captain J. B. Barber Assistant Engineer under whom those individuals have been for a long period serving, the following information has been given by that Officer in his letter dated 17th November 1878 as well as by Mr Vanstavern in his letter No. 274 dated 21st November 1878 addressed to Captain Barber.

That Syrang Jagannaikulu and Engine Driver D. Sashiah when first employed were paid out of Quarry funds in the lower Godavari District previous to 1858, that from 1858 to 1860 they were paid out of special Estimate sanctioned by the Madras Government for carrying commissariat Stores to the Upper Godavari, and that from 1860 to 1871 they were paid out of Estimate sanctioned by the Government of India for the Transport Department

Upper

Upper Godavari and that their salaries were drawn at Rs 40 and 25 respectively and charged to that Department, and that from the latter date until January 1873 when the Steamer was transferred to Dowlaishvaram their pay was charged direct to works.

As regards Sathiah's pay it appears that it was charged sometimes direct to the works at other times to the Transport Department and his pay was Rs 25 per month.
