Sir,

Your N^o 2981 dated 15 November 1881
regarding Masterly Mr. Andrews' gratuity

In returning the papers connected with
the above subject, having duly made the cor-
rections pointed out, I have the honor to inform
you, that the Confidential Medical Report
called for, was submitted with this Office
N^o 1393 dated 16 November 1881 with regard to
the reason of the applicant's reduction on the
16 July 1874, I saw nothing was recorded here, and
from the statement of the Masterly, it is observed
that the reduction was made by Major H. H.
Vibart on a simple cause as a sort of fine for
a few months, for which no Munro order was
furnished to him, nor the same was found
in this Office. But for the diminution of the
pay on the 8 June 1877, I believe, the enclosed
copies of Memoranda will clearly show all
what had happened.

Mr. Andrews

Sub. Overseer

5th July 1877

17/1
The District Engineer having inquired into the conduct of Sub. Overseer Andrews has arrived at the opinion that he has been guilty of repeated neglect of the District Engineer's orders with reference to excavating earth for the construction of Rough stone work at the Butts, before the Rough stone had been collected. The District Engineer gave positive orders that no excavation should be made till the stone was ready at site and by a constant neglect of these orders the drainage works would have been considerably damaged had there been (as was to have been expected at the time) heavy rain. In addition to this Sub. Overseer allowed the aprons to retaining walls at the Butts to be built of dimensions less than allowed, without bringing it to notice and in fact allowed the work to be scamped.

There are other things against Mr. Andrews which leave room in the mind of the District Engineer for grave doubt as to the desirability of retaining Mr. Andrews in government employ; but the District Engineer is not perfectly satisfied with Mr. Andrews' compliance and of course gives him the benefit of the doubt. The cases alluded to are first - The origin of the petition sent inastensibly by coolies, for which it has been proved in court the

large sum of 10 Rs was paid. secondly - charging daily pay for 7 coolies (for 3 days in May) who were at the same time employed by Mr Andrews on task work. The District Engineer directs that Mr Andrews pay as sub Overseer should be reduced to 50 Rs. In future the District Engineer trusts that Mr Andrews will be more particular in attending to the District Engineer's orders and in exacting proper work from contractors and coolies and that he will be altogether more circumspect and straightforward in his conduct.
