The following table shows the results of the observations made during the month of August 1970. The data is presented in two columns, one for each day of the month. The first column contains the date, and the second column contains the time of day. The third column contains the temperature in degrees Fahrenheit, and the fourth column contains the temperature in degrees Celsius. The fifth column contains the wind direction, and the sixth column contains the wind speed in miles per hour. The seventh column contains the relative humidity, and the eighth column contains the barometric pressure in inches of mercury. The ninth column contains the cloud cover, and the tenth column contains the visibility in miles. The eleventh column contains the moon phase, and the twelfth column contains the moon age in days. The thirteenth column contains the moon distance in miles, and the fourteenth column contains the moon diameter in arc minutes. The fifteenth column contains the moon altitude in degrees, and the sixteenth column contains the moon azimuth in degrees. The seventeenth column contains the moon declination in degrees, and the eighteenth column contains the moon right ascension in hours, minutes, and seconds. The nineteenth column contains the moon longitude in degrees, and the twentieth column contains the moon latitude in degrees. The twenty-first column contains the moon distance in miles, and the twenty-second column contains the moon diameter in arc minutes. The twenty-third column contains the moon altitude in degrees, and the twenty-fourth column contains the moon azimuth in degrees. The twenty-fifth column contains the moon declination in degrees, and the twenty-sixth column contains the moon right ascension in hours, minutes, and seconds. The twenty-seventh column contains the moon longitude in degrees, and the twenty-eighth column contains the moon latitude in degrees. The twenty-ninth column contains the moon distance in miles, and the thirtieth column contains the moon diameter in arc minutes. The thirty-first column contains the moon altitude in degrees, and the thirty-second column contains the moon azimuth in degrees. The thirty-third column contains the moon declination in degrees, and the thirty-fourth column contains the moon right ascension in hours, minutes, and seconds. The thirty-fifth column contains the moon longitude in degrees, and the thirty-sixth column contains the moon latitude in degrees. The thirty-seventh column contains the moon distance in miles, and the thirty-eighth column contains the moon diameter in arc minutes. The thirty-ninth column contains the moon altitude in degrees, and the fortieth column contains the moon azimuth in degrees. The forty-first column contains the moon declination in degrees, and the forty-second column contains the moon right ascension in hours, minutes, and seconds. The forty-third column contains the moon longitude in degrees, and the forty-fourth column contains the moon latitude in degrees. The forty-fifth column contains the moon distance in miles, and the forty-sixth column contains the moon diameter in arc minutes. The forty-seventh column contains the moon altitude in degrees, and the forty-eighth column contains the moon azimuth in degrees. The forty-ninth column contains the moon declination in degrees, and the fiftieth column contains the moon right ascension in hours, minutes, and seconds. The fifty-first column contains the moon longitude in degrees, and the fifty-second column contains the moon latitude in degrees. The fifty-third column contains the moon distance in miles, and the fifty-fourth column contains the moon diameter in arc minutes. The fifty-fifth column contains the moon altitude in degrees, and the fifty-sixth column contains the moon azimuth in degrees. PENSION CERTIFICATE UNDER SECTION 54 OF CIVIL PENSION CODE.

Certified that I have examined Subba Rao son of Subba Rao His age is, by his own statement, 46 years, and, by appearance, about 46 years. I consider Subba Rao completely and permanently incapacitated for further service of any kind in the Department to which he belongs, in consequence of genuine disability and disease.
His incapacity does not appear to me to have been caused by irregular or intemperate habits

A resolution of the members of
 the College in 1860 and reappointed
 5 days afterwards. On the
 2nd day of the 20th April 1861, the
 Applicant resigned his
 appointment of 3rd. Tuncamun
 Clerk of the 2d. Class of Collection
 Officers. His resignation
 was accepted on the 17th
 day of 1861 on which date he
 was again appointed as 4th
 Tuncamun Clerk, 1st Class
 of Collection Officers No. 572,
 as shown in the book of
 the 17th day of 1861, a translation
 of which is herewith forwarded.
 From that it appears that
 though there was no break
 in the service the Applicant
 was not on duty from the
 2nd April to 16th day of 1861, but
 the days of absence from April
 1860 to however that he was
 present from 20th to 30th April
 1861, at the first mission,
 the entire sick period,
 having been apparently

Treated accordingly without

24TH NOVEMBER 1882, No. 1145, PENSION.

GOVERNMENT OF MADRAS.

PENSION DEPARTMENT.

READ—the following papers:—

From the Collector of Salem, dated 2nd October 1882, No. 2089.

From the Accountant-General, dated 31st October 1882, No. A.D.J.-297.

ORDER—dated 24th November 1882, No. 1145, Pension.

Under Sections 102 and 109 (b) of the Civil Pension Code (5th Edition), the Right Honorable the Governor in Council is pleased to grant to Caroor Subba Row, late Tahsildar of Tirupatūr, Salem District, an invalid pension of Rs. (58-5-4) fifty-eight, Annas five, and Pies four per mensem, payable at Salem from 4th May 1882, in consideration of his qualifying superior service of twenty years, four months, and twenty-six days.

2. The Collector's recommendation of a pension of Rs. 60-13-7 is due to the fact of the applicant's average emoluments from 1st November 1880 having been erroneously calculated at Rs. 200 instead of at Rs. 175 a-month.

3. The medical certificate, dated three months and twenty-eight days after the applicant ceased to do duty, is accepted under Section 128, Rule 2, of the Code.

4. The leave allowance irregularly drawn need not be recovered from the pension now granted.

5. Under Rule 7, Section 93, the applicant's absence without leave from the 26th April to the 16th May 1861 is converted into leave without allowances.

G.O., 24th November 1882, No. 1145.

NOVEMBER.

Pension.

Granting an invalid — of Rupees 58-5-4 per mensem to C. Subba Row, late Tahsildar of Tirupatūr, Salem District.

Proceedings of the Madras Government.

READ the following papers:

From the

Accountant-General, dated

ORDER THEREON, 26 November 1882 No. 1145

UNDER Sections 102 and 109 of the Civil Pension Code (5th Edition), the Right Honorable the Governor in Council is pleased to grant to

C. Subba Row late Tahsildar of Tirupatūr Salem District an invalid pension

of Rupees (58-5-4) eighty eight annas five and pie per mensem payable at Salem from 1st May 1882

in consideration of his qualifying service of twenty years, four months and twenty six days.

2. The Collector's recommendation of a pension of Rs 6-12-7 is due to the fact of the applicants average emoluments from 1st November 1880 having been

To the Accountant-General, with Register.

Collector of Salem

26/11/82

been erroneously calculated at
Rupees 200 instead of Rs 175 a
month.

3 The medical certificate dated
3 months and 28 days after
the applicant ceased to do
duty is accepted under Sec.
128 Rule 2 of the Code.

The delay was not his fault: SEE
Coll. letter of 2nd October 1882 no 519.

4. The leave allowed irregularly
drawn by the applicant and
not recovered from him.

provision was granted as G.O.
15th March 1882 no 239 (Provision)
had not been communicated to the
Collector prior to the applicant's
retirement on 3rd May 1882.

5. Under rule 7 sec: 93 the
applicant's absence without leave
from the 26th April to the 16th May
1881 is converted into leave
without allowance.

Under rule 7
of the Code

set of facts. better mit.
R.W.

Applicant was granted 2 years
furlough on 4th May 80. Meanwhile
on 31st October 80 he was provided
to draw pay from that date to the
expiry of his leave 3rd May 1882
at the ^{higher} rate of Rs: 200
contrary to Section 6 & 132.

While on furlough
he was promoted from
a Pashit worth 175
to one worth 200 a
month & therefore under
Sec 6 C. Leave Code
he was not entitled to
draw pay till his
return to duty. Para
4 of the Draft is therefore
directly contrary to the
provisions of the Code. A
passage in the Act itself reports
has been marked as being
quite unimpeachable.

but in the sanction. I am sorry
to say - unless a culpa
18th July 1882. no 632.
1882 7/11/82.

Govt. of 1882 Madras.

PENSION.

To

THE ACCOUNTANT-GENERAL,

&c., &c., &c.

Dated

Despd.

Reed.

G.O., 24 November 1882 N. 1145

Granting an unpaid pension

of Rs. 58-5-4 per mensem to
S. Subba Rao late
Sahibdar of Tripattur
Taluk District.

* Prasad's Manager's public explanation.
It was not in the bundle which I
dealt with. I sent for it & now
it has again been extracted. Why?

The Hon. Secy. 22/11/02
