Copy of letter from the Superintendent
Engineer Okinglah District to the Chief
Engineer Department Public Works No 2555,
dated 23rd September 1875.

I have the honor to report that
I have reduced Overseers Beeby and M.
Narain Achary from 2nd to 3rd Grade from
this date.

2 They have worked very unsatisfactorily
generally both as regards submission of
Estimates and execution of work and have not
improved on repeated censure.

3
4 Narain Achary in addition to idleness
has given cause for suspicion of fraud on
the Huam tank calingalah, he admits that
11,000 (some say 16,000) bricks, which have been
charged as new were taken from the old
work but pleads that it was through over-
sight not fraud.

5 Sub. Engineer Donaghue reports
also that the mortar used in the foundation
was

was very bad, which the Overseer says appears
in consequence of the work having been
exposed to the water in spite of baling.

Narain Achary has 18 years
service in the Department and has borne a
very good character generally.

I propose in addition to reducing
him to make him pay for the work badly
executed and incorrectly charged, leaving
it to him to recover it, as he says he can,
from the builders.

REMARKS BY HEAD OF OFFICE.

1. As to character and past conduct of Applicant. *On the whole good.*

2. Explanation of any suspension or degradation. *See remarks in History of Service.*

3. Regarding any gratuity or pension already received by Applicant. *See Chapter XX.*

4. Explanation under Section 59, Rule 1, so far as the Head of the Office can give it. *Invalid's pension.*

5. *Copy of the Remarks.* *The applicant is inefficient owing to old age and infirmity. His Service Register and Medical Certificate accompany. He was sent before the Medical Officer at his own request.*

(2). *The applicant's Services up to 29 February 1880 have been verified by the Examiner of P. & Accounts. The verification which furnished by him is enclosed. From this it will be seen that Naray and Chang's Services from 1st April 57 to 30 April 57 are not verifiable owing to incompleteness of the Examiner's Records. As required by Rule 5 & Section 127 the enclosed affidavit on plain paper has been taken and it is supported by an authenticated extract from the Service Register submitted by the Examiner.*

(3) *In the Audit Register for the marginally noted period his name is said to appear as "Narainam". This, it appears, might have been the result of a clerical error.*

(4) *Narayana Chetty, though a long fund servant, serves under G. O. No. 1915-3. O. dated 6 October 1881, to be entitled to Pension. The recent orders of Government with holding the receipt of the Pension rules from that servant is declared not to have retrospective effect.*

(5) *In striking the average emolument^{tho}, his pay for the time he was on leave with allowances, was taken at what it would have been, had he not been absent from duty - page IV Note 1. C. P. C.*

(6) *The mode of personal identification inserted in Col: 17 page 1 of the application are insufficient. The Local Fund Engineer has been requested to supply a few more and when these are furnished, they will along with the Local Pay Certificate which has also been called for, be sent on to the Accountant General.*

(7) *The delay in the submission of this case is explained in the accompanying extract from the L. J. Engineer's No 215 dated 12th November 1881.*

6. *Specific opinion of the Head of Office (see)* *Service from 1. 5. 57 to 28. 9. 81 has been furnished by records and should be admitted.*

Service from 1. 4. 57 to 30. 4. 57 has been covered by an affidavit and supported by an authenticated copy of S. Register and should therefore be admitted.

Resubmitted for President's consideration.
