From M. H. Chagitar Log
off ACCOUNTANT GENERAL
TO THE GOVERNMENT OF MADRAS,

To THE Collector of
District.

Sir,
 With reference to the application
 for pension on behalf of M. M.
 Manu alias Mubetadap late 3rd
 Compositor on the Establishment
 of the Printing Department of your
 Office, I have the honor to enquire
 whether the Press Department in
 your District was permanently
 organized on or before the 1st June
 1856 as would appear from the
 accompanying translation of the
 appointment order No. 112 dated 3rd June 1856.
 If so, please furnish me with a
 copy of the G.O. sanctioning the
 establishment of the said Depart-
 ment together with information
 as to why neither the Establishment
 nor the Applicant's name ap-
 pears in the Annual Returns
 from

from 1857 to 1860 on record in
this office; and why in the Returns
from 1861 the date of the applicant's
appointment in the Press Department
is shown as 25th May 1860. If
the establishment was constituted
on or after the 25th May 1860 only,
the applicant's right to count towards
pension the period of service
rendered prior to that date should
be justified.

I have the honor to be

Kistna District Collector's
Circular Kachai Obalesami

From

J. G. Horsfall Esquire
Despatched from Masulipatam
7th March 1882
Collector of Kistna.

To

The Accountant General.
Madras.

Sir,

With reference to your letter No. ¹²⁹⁴ 225
January 31, 1881 I have the honor to forward
a copy of Revenue Board's Circular No. 3343
of 13th December 1855 sanctioning the establish-
ment of a press at Masulipatam as also
a copy of Mr. Acting Collector Fraser's letter
to the Revenue Board No. 57 dated 6th June
1856 reporting the entertainment of an
establishment for the conduct of the
press business, etc.

2. It is not known why the establish-
ment does not appear in the Annual
Returns from 1857 to 1860; the omission
was probably due to the establishment
being at first considered an experi-
mental one.

With the introduction of Mr. Kelly's scale on 25th May 1860 this experimental establishment was constituted into a permanent one and therefore that date was probably taken as the date of the applicant's appointment.

3. I consider that under Chapter IX Section 70 Rule 2 of the Civil Pension Code the man's service from 1st June 1856 to 24th May 1860 qualifies as the experimental Press Office was eventually made permanent under Mr. Kelly's scale.

I have the honor to be

In the above Extract Minutes of

a present arrangement of the Board's
suggestions in regard to the disposal of
the Printing Presses ordered from America
and those now on hand.

2 Presses will accordingly be established
in the Districts entered in the margin and
the Board request that the Collectors will

make the necessary arrangements.
3 The Government will not admit any
part of the cost of working these Presses as
an extra charge. They are willing to leave

it optional with a Collector (with the Board's approval) to entertain only a portion of the proposed Press Establishment at first, corresponding with the funds available; but the Board do not think this will be found a desirable arrangement, as it is only by taking advantage of the Press to its utmost capacity that its more economical working will be fully realized.

4. The Establishment which will probably suffice for the efficient management of a Press is shown in the accompanying Memo as well as marginally. The salaries will of course vary in different districts, and at first the full establishment need not be entertained nor the full salary given; but whatever expense is incurred, it must be met by reductions.

5. The Presses will work chiefly for the Collector's Office; and the greater portion of the expense will necessarily devolve on them. They will however also work for

The manner in which this shall be effected is not yet determined; but the rule will probably be in Departments which have little work to be performed (and that only occasionally) to charge for the work done at certain fixed rates, and to require those Departments which have a larger amount of regular work to make a permanent reduction in their establishment nearly equivalent to the value of their work and to pay for the surplus. The whole of these sums will be at the Collector's disposal for the maintenance of the Press, which may also be open to private parties when not employed for public offices. The Boards are in communication with the Sudder Court, the Chief Engineer &c. as to the mode in which their respective Departments shall contribute towards the expenses of the Press, but the Collector can at once

communicate with the local officers on the subject, and they will report the reductions they intend making in their own Establishments, Salook or Hoogoor, as they may deem most expedient.

6 In the event of qualified persons not being available in their own or the neighbouring Districts, they will apply to the Board who will engage suitable persons at Madras. The Collector of Tinnevely and Canara will avail themselves of the private Presses in those Districts, to the full extent of the reductions they have made or can make in their respective offices. The Collector of South Arcot will in like manner make use of the Press in the Provincial School, at Cuddalore.

7 There are no Presses yet available for the Districts of Kurnool, Guntur, and Chingleput, but the Collectors of the two last Districts can avail themselves of the Press at Maonlepatam, and the Gazette Press respectively, meeting the expense by reductions in their offices.

in regard to the supply of Stationery and other requisites, and it has been determined that "all such articles as may be required for the Vernacular work shall be provided from the amount sanctioned for Sandermard, and for English work, that is, for forms or other documents in substitution of writing in the English Department, the paper will be supplied from the store of English Stationery."

9 In North Arcot the paper used for ordinary Vernacular Circulars &c, was French paper, such as had been previously used for Salook Correspondence. For the larger form of Accounts a strong description of Country paper was employed. It may perhaps be found practicable to make use of English Printing paper; but the necessary funds must be drawn from the underward allowance or the earnings of the Presses.

Sir,

I have the honor to acknowledge
the receipt of your letter noted in the
margin, and to state for your inform-
ation that the Iron Press with the
packages of printing materials subsequently
despatched, has arrived safely. The 1st

has also arrived. An establishment of
the strength noted in the margin has
been entertained for the present from
the 1st Instant, and they are to be paid
by reductions which I have made in the
existing establishments in the following

I have entertained only a portion of the establishment for the present and partly because some inconvenience and hardship would be felt by making reductions at once, to the full amount sanctioned and partly because I wished to see the working of the Prep a little before employing the full complement of establishment. The scale of charges has not yet been from the Superintendent

of the Gazette Prep - For want of printing Ink and several sundries which have to be prepared here, the Prep has not yet been set agoing but I hope to see it in operation in a few days.
