of works Presidency, the return of the documents for correction and completion was considered unnecessary as only delaying the submission of his papers for the orders of Government.

The Applicant in his letter of the 1st May 1880 requests that he may be granted the capitalized value of the pension that may become admissible to him and has accordingly submitted a Medical Certificate of average duration of his life prescribed in Para 5 Section II Clause (4) of the Resolution of the Government of India Financial Department No 2079 dated 31 July 1879.

The attention of the Superintending Engineer was drawn to the apparent inconsistency between the Applicant's character as can be gathered from the Chief Engineer P. W. Department Memo No 688 dated 26 September 79 and that noted on page 5 of the pension application and his reply thereto (letter No 473 dated 7 June 1880) is herewith forwarded for the information of Government.
