*Proceedings of the Madras Government, Public Works Department,
2nd November 1871.*

No. 30. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaiswaram, 4th October 1871, No. 2,093 :—

I HAVE the honour to forward herewith copy of a report received from the Executive Engineer in charge of No. 3 Range, Godavery, on the carelessness and laziness of Delta Superintendent Soondarasivarow, and recommending that he be made to pay the cost, namely, Rupees 54-9-0, of some useless work for which completion certificate cannot be given.

2. As the above-named subordinate appeared to me to be incapable of carrying out works, or understanding the importance of these when ordered for execution on emergency, I ordered him to be reduced to a less responsible position. He will accordingly be reduced from the grade of Delta Superintendent, 3rd class, to the next lower grade, and as this will be sufficient punishment, I request that the value of the useless work carried out by him may be written off to "profit and loss," if approved of by Government.

No. 31. ORDER THEREON, 2nd November 1871, No. 2,774.

ESTABLISHMENT, No. 6.

As, in the opinion of the Superintending Engineer, a reduction in grade is a more fitting punishment for the useless expenditure reported in connection with the Godavery Lunka at the village of Yenumallunka, by Delta Superintendent Soondarasivarow, than retrenchment of the amount from the Superintendent's salary, the Government sanction that method of dealing with the case, but the outlay incurred, of Rupees 54-9-0, should be charged to the work concerned. The Controller of Public Works Accounts will be authorized to admit the charge without the usual completion certificate.

Soondarasivaram, Delta Superintendent, Godavery.—A reduction in grade sanctioned, and the Controller of Public Works Accounts authorized to admit the useless expenditure incurred in connection with the Godavery Lanka at the village of Yemmamallunka without the usual completion certificate.

N^o 866.

Endorsement to Cf. Soondarasivara Row's petition dated 4th September 1874.

The District Engineer Godavery has been charged with the duty of reorganizing and rendering more efficient the conservancy establishment of the Delta, and he has considered it necessary to remove the petitioner from the post of Delta Superintendent for inactivity and general inefficiency. With that decision the Chief Engineer for Irrigation sees no reason to interfere.

2. Where practicable the District Engineer has been desired to provide other and more suitable employment for Delta Superintendents who may be removed from their appointments and this consideration has been shown to the petitioner, who if he proves himself of value in the appointment offered him will no doubt in due course obtain advancement.
