Jacob. Jacques in the

His age is, by his own statement, *56* years, and by appearance, about

in the Department to which he belongs in
consequence of *Chronic arthritis & Deformities of the knee*

His incapacity does not appear to *me* to have been caused by irregular or
intemperate habits. *I am* of opinion that *he* is fit

With reference to your letter of 22nd dated the 1st instant, I have the honor to state that on receipt of a reply to a reference made to the Accountant General on the subject of Mr. Jacques' services for the period from 22nd December 1848 to 9th June 1853 and from 16th August 1855 to 31st August 1856, his pension papers will be duly completed and forwarded for the orders of Government in the Pension Department.

In case the services of Mr. Jacques for the above period cannot be recovered from records of the Accountant General's Office, it is requested that Mr. Jacques may, to save delay, be called upon to submit an affidavit supported by such collateral evidence as may be available and the same forwarded to this Office together with the application duly completed with information on the following points:

- (a) The circumstances under which the applicant's services for the period (11th April 1867 to 10th October 1869) during which he was employed on the Special Temporary Establishment of the Executive Engineer's Office, Wynad, have been claimed as qualifying. A.C. 3,274 dated 11th October 1869, the employment of Mr. Jacques as Head Clerk and Accountant special Executive Engineer's Office, Wynad, retaining a lien on his permanent appointment of Head Accountant, Goudalor Range was sanctioned, but

to admit of his service being counted towards pension.
 It should be explained whether any other individual
 had counted service in that appointment.
 Vide Sections 55 and 74 Civil Pension Code.

(b) The Audit registers of this Office show
 that the applicant drew a minority of pay
 up to 1st January 1883 (not 3rd Decr/84
 as entered in the application) and that
 his resignation was accepted by Government
 from that date. Vide G.O. N° 2520 dated
 28th August 1886. Explanation of this
 discrepancy is requested.

(c) As the applicant was pronounced unfit
 for further service on the 17th April/82, his
 discharge is allowed for the 18th June claimed
 in the Salary Bill of the West Coast Div.
 cannot be admitted with reference to Section
 145, Rule 1 of the Civil Pension Code.

(d) The reason of the applicant's reduction
 to Super 40/7. M. on the 16th July 1884.
 should be noted against entry N° 2 on
 the 5th page of the application. (5)

3 As the period of Mr. Jacques' service
 prior to 11th October 1889 cannot be counted
 towards pension unless specially condoned by
 Government, and as he will exhibit his previous
 services, have rendered a useful service of less
 than 15 years, entitling him to a gratuity which,
 on commutation, will yield a pension of more
 than

than £2/ per annum. The confidential
 Medical Report presented in Section 99- Rule 3. of
 the Civil Pension Code should be obtained and
 forwarded to this office.

4. The Applicant's Service book and the
 application for pension are returned for completion
 and retransmission with the necessary information.

5. Mr. Jacques' declaration under
 Section 135. rule 2. received with your letter
 together with a copy of that letter have been
 forwarded to the Accountant General for
 necessary action.

2. Your Memorialist most respectfully further begs that his service of 2 years and 6 months in the Executive Engineer's Office Wynad sanctioned under G.O. No. 4085 dated 22nd December 1866 may be reckoned towards pension, as it will be observed in para 5 of the letter embodied in G.O. No. 3274 dated 11 October 1869 that your Memorialist's service in Wynad should in addition be restored to him. This in connection with the despatch from the ^{Right Honourable the} Secretary of State for India dated 27 September 1869 will sufficiently prove that your Memorialist and others of the Office Establishment served in the Wynad District at the risk of their lives and health, besides, among several others two of the members died and one resigned owing to illness contracted

Section 96. an interruption in the service of an officer entails forfeiture of his past service, except in the following cases

in that malarious district. But your Memorialist remained at his post prosecuting his public duties faithfully and energetically.

3. Your Memorialist also begs that the period of 1 year and 10 days during which he remained unemployed after being entertained in the Police Department at Coimbatore owing to reduction in the Establishment is an interruption in the service and is inadmissible under Section 96. Rule (d).

4. From paragraph 4 referred to in G.O. No. 3274 dated 11 October 1869 it will be observed that Government have saved Rs. 50 a month owing to Memorialist's industry and special qualifications as Head Clerk of the Executive Engineer's Office Wynad. As the saving to Government during his incumbency was Rs. 2380 and a loss to Memorialist of Rs. 3400 being the difference of Rs. 50 between his pay in Wynad and what was offered to him in the Irrigation Company's Office, which appointment your Memorialist preferred in the hopes that his service would be appreciated by a paternal Government, he should receive a higher

pension than one-half of the granted to him.

Your Memorialist having for a long time of years performed his public duties in malarious parts of the District is not only disabled from rendering further service, but is also diseased for life with repeated attacks of serious illness thereby causing great pecuniary loss. He therefore humbly craves that Your Excellency in Council will, in consideration of his arduous service of above 30 years under 19 Officers to who have uniformly testified to his conduct, be graciously pleased to award his claim towards pension most favorably and liberally and thus support him in his old age, and his family consisting of 8 children - in which act of charity Your Memorialist is in duty bound. Proceedings of the Madras Government,
Public Works Department, 11th October 1869.

N^o 200.

Read the following letter from the Officer
in charge of Public Works operations in the Wynnad
to the Secretary to Government, Public Works
Department, dated Vythery, 16th September 1869,
N^o 306.

I have the honor to bring to the notice
of His Lordship the Governor in Council the
case of Mr. F. J. Jacques, who has now served
as Head Clerk in my Office since April 1867.

2. Were it not that Mr. Jacques' case is such
an exceptional one, I would not venture to bring
it forward after the former decision of Govern-
ment vide G.O. N^o 2520 dated 9th August
1866; but if ever faithful and most valuable
service can be pleaded to cancel a fault, I do not
think that its claims could be more reasonably
urged than in this instance.

3. The testimonials forwarded herewith, &c
relative to Mr. Jacques' previous services, require no
remark beyond the one that they could scarcely
be worded more eulogistically; and I must add
that my own experience permits me to say that I
consider them fully deserved.

4. The fact that Mr. Jacques at present
holds

holds, carries with it a salary of Rupees 100/- and is a temporary one, dependent on the continuance of the present organization of the Department in Wynad; but though fully aware of this, Mr. Jacques some time back refused an offer of the situation of Manager in head office of the Irrigation Company, at a salary of Rupees 150/-. This I know for certain, as Mr. Jacques brought me the letter in which the offer (which appears unsolicited) was conveyed; but as it was coupled with an intimation that he must take it up at once, he knew that it would cause me the greatest inconvenience to lose his services at such short notice; and although I told him that I would not allow that to stand in the way of his advancement, he with extreme good feeling and disinterestedness refused the post, saying, that as I had given him employment when he was in want he would not like to make such a return as to leave me at a time when it would be so inconvenient. I would beg to mention that the difficulty I should have been placed in would have been very great, as independent of the fact that it is scarcely possible to get competent persons to fill vacancies in the Wynad Establishment, especially when the drawback of the posts being temporary is added, I was at the time in bad health myself, and the other members of the office would have been quite incompetent to manage the work. Mr. Jacques has since remained steady at his work, and though he has by no means

29
escaped the illness which has at one time or another, prostrated every employe in the district; last season he suffered severely from fever, and was frequently obliged to leave office from its effects, but always made an effort to return to work as soon as he possibly could, and when in reality his state would have justified his absence; nor during the whole time did he ask for leave, although sickness in his family (of whom he lost one member, a young child,) obliged him to send it down to Calicut, where they have lived at an increased expense him ever since. I would also add, that, in addition to his special duty as Head Clerk of my Office, he has discharged the duties of accountant for the Tythery Range without any additional salary being assisted only by a Clerk on Rupees 40/- per month, other Ranges have an accountant on Rupees 75/- so that there has been a saving of Rupees 35/- per month to Govt. which but for Mr. Jacques' industry and special qualifications would not have been possible.

5. Taking the foregoing into consideration, and the high testimonials in Mr. Jacques' favor, as well as the venial fault he committed, (the only one that appears against him during his whole service) also that I have ascertained from Colonel Walker that, if referred to, he would not make any objection, I beg permission to be allowed to appoint Mr. Jacques to a vacancy now existing

on the permanent strength of the Establishment, as Head Accountant of the Gooddalone Range, and that his previous service may be restored to him to count for pension, as well as the time during which he has served in my office; and I feel myself quite safe in guaranteeing that should His Lordship be pleased to extend this indulgence, Mr. Jacques' future service and conduct will make good return for the same.

6. As however, I could not spare Mr. Jacques' services myself, I would beg to retain him still in my office on his present salary, and entertain another person to act temporarily in the Gooddalone Range office on the salary of that post, a step that would entail no extra expense to Government.

N^o 201. Order thereon 11th October 1869 N^o 3274.
Establishment, N^o 12.

In consideration of the very favorable testimony which is borne to Mr. Jacques' conduct and qualifications, His Excellency in Council is pleased to exempt him from passing the Unconquanted Service Examination and to authorize his employment by Major Kennedy in the manner proposed.

2. Mr. Jacques' claims to count former service towards pension will be duly considered when he is an applicant for pension.

Memo

The Accountant in charge of the
Coimbatore District Accounts, having apparently
failed to carry out the Controller's orders for adjust-
ment of the Imperial and Local funds and having
a second time sent in, what appears to be erroneous
Local Fund Accounts, for the year 1863-64 and failed
to reply satisfactorily to the Collector's objections to
the accounts first sent in, the Superintending Engineer
has no alternative but to supersede him.

M^r Pinto and M^r Jacques will
therefore change places for the present in the
Superintending Engineer's establishment and
M^r Jacques will join the circuit office as soon as
M^r Pinto can dispense with his assistance. Messrs
Fernandez and Labo will be so good as to give
M^r Pinto such assistance as may be in their power.

I wish you well, and trust

interests by decreasing your salary,

Mr. G. S. Dymally

W. H. M.

After both a great and
longer experience than can fall to
the lot of many Indian Officers, I
am able on the close of 40 years
commissioned service to state that
amongst the numerous office servants
I have been brought in contact
with during my prolonged public
service not excepting the once very
extensive establishment of the D.P.W.
I conscientiously believe that Mr.
J. J. Jacques whom I have known
now as W^d. Accountant and used
as my confidential manager of the
Coinbator District Engineer's Office
is more thoroughly acquainted with
all

Mr. Jacques' remuneration
I deem to be very inadequate regard
being had to his length of service
Special & general qualifications, &
think him highly deserving of early
promotion and sincerely hope
that he may shortly receive it. His
moral character being as exemplary
& upright as his official capabilities
are conspicuous.

I have much pleasure in complying
with your request, and in hereby
certifying that, during the 8 months
I had charge of the Superintending

proved yourself experienced in the
routine & detailed works of the D.P.
the office, a smart accountant
& trustworthy in such official matters
of which solutions require tact in
their management.

With best wishes for the pros-
perity of your further career.

Executive Engineer

It is needless to add to
the foregoing testimonials.
Mr. Jacques has done very ac-
-cumbent work in his time, but
has suffered considerably from
the climate of the West
Coast, and also during his
long service in Wyandott.
I have had experience of his
qualifications for over fifteen
years and can endorse the
opinion of other officers.
