This is to certify that I have carefully examined Samuel Papaya Naisso whose descriptive roll is in reverse. I can discover no organic disease. The complaints of being unable through weakness to perform his duties which compel to travel long distances. He is anemic, & complains of his sight not being good. I therefore recommend that he be granted a pension.

His age is by his own statement 49 years & by reckoning 50 years. His incapacity does not appear to have been caused by irregular or intemperate habits.

Establishment Gumastka S. Papias has been employed as gumastka and English writer on different works in this circle during the last 4 1/2 years.

He has a useful knowledge of English & accounts, the foundation of which was laid, I believe, in a three years attendance at the Church Missionary Society's English School in Masulipatanam.

He is an intelligent man, has a thorough knowledge of the duties of his present appointment, has generally conducted himself satisfactorily, and will probably obtain some promotion should he remain much longer in this circle.

If the service claimed cannot be wholly verified from the records of the Accounts Office, reference should be made to the Heads of the Offices in which the applicant states he served during the period in doubt, Section 84 Rule 4; and if verification from this source be not practicable, the applicant must furnish an affidavit on plain paper accompanied by such collateral evidence as may be procurable, e.g., official certificates and the evidence of contemporary employees, Section 84 Rule 5.
