Extract from a letter addressed by the President
on the 9th May 1856 to the acting Sec. Treas.

I request that you will present my Compliments to Romaine her Ammie Boyce Sahib, and express to her the high opinion I entertain of her character, and the respects I feel for her position - You will farther say that I am most happy to know that, although at one time, when the excess of her grief at His Highness's decease prevented her from exercising to the full her own good sense and judgement, she was imposed upon and misled by those who had their own ends in view, she is now fully sensible that the conduct she was then averted to follow would not have redounded to her honor, and that she is now fully

aware

aware that the credit of her high name,
 and the virtues of her exalted
 character, will be best maintained
 by following the advice of the President,
 who alone, of all that are about her,
 has no private objects to serve -
 You will request Kamaichee Amma
 Boyee Sahib, to receive the expression
 of my best wishes for her future
 health and welfare, to believe
 the assurances of my continued
 interest in her fortune, and to trust
 to the sincerity with which I offer
 her my continued friendship -

I see no objection
 to give them papers.
 but I would leave
 it to Mr. Forbes to ex-
 ercise his discretion
 in the matter - There
 is no saying what Mr.
 Norton's object may
 be & Mr. Forbes will
 have opportunity of
 knowing it -

Now is it that Mr.

Chung still continues
in course of the Res:
:dency - When given
the orders to make
it once to bring des:
:patches? If he
has not reported his
order to those orders
they should be re:
:acted -

From Pres. D. of
Pres. Chung's letter

It appears as unfor-
-tunate for Kamaek
that the Governor Sahiba
as it has been con-
-sidering the fact
that Mr. Chung should
have been acting
Resident in this
important position.
The only reason why
to spare much by
his tenure of office
is the regulation
of the duties

I entirely concur - I would
trust nothing to the sense or
discretion of the ^{late} Resident. I
think he ought to be forthwith
removed -

Vallum 22^d December 1856
From J. W. Cherry Esq^r
Acting Resident of Tanjore.
To T. Pycroft Esq^r
Chief Secretary to Government
Fort St. George.

Sir,
I have the honor to forward
copy of an application made by Mr. Norton
before he left, to be furnished with a
copy of certain Paragraphs in a fore-
-well letter addressed by Mr. Forbes
to the Serkele, upon the occasion of
his relinquishing his Residency du-
-ties for his appointment to the Revenue
Board on the 9th of May last.

2. I beg to send a copy of the
Paragraphs alluded to by Mr. Norton
and request the permission of the Govern-
in Council to furnish them to him.
3. It will be observed they are
highly complimentary to his client Her
Highness Namachar Boyer Sahib, and
I

En: No. 1.

En: No. 2.

2 I fully subscribe to all that my predecessor said of her exalted character, her high name, her good sense and judgement.

4- I have before brought to the notice of Government how admirable her conduct was all through the late trying times when H. H. Awar Sahib and the 7 Boyer Sahibs attempted to turn the Palace upside down with their intrigues and false complaints.

5- Hamacher Boyer Sahib always abstained from taking any part in those measures, which resulted in as great a triumph for the accused, as they brought deep disgrace on the authors, and she also strictly observed what Mr. Forbes had told her as to "following the advice of the Resident, who alone, of all that are about her, has no private objects to serve."

6- She patiently waited for the answer that was so long in coming as to the disposal of the Raj, and as it turned out

out to be, when it did come, the dispersing of all her hopes for its continuance; when the decision arrived that the Raj was extinguished, her distress and disappointment were as great, as had been her previous faith and confidence in the Government.

7- She sought my advice as to the course she was to pursue, and I have no doubt whatever, would have done any thing I told her, for my influence over her was great. I was however most careful in not shewing the appearance of any decided bias one way or the other. To encourage the hopes she entertained of what Mr. Norton could do for her and the cause she had so much at heart, and to agree with her in the necessity for any opposition against the Government she had but so lately faithfully obeyed, were steps that I of course scrupulously avoided.

8- On the other hand the responsibility was too great, for me to recommend an opposite course of quiet submission to

to what she considered was injustice - I should have also laid myself open to future reproaches by her for having given advice that was inimical to her interests, however consonant with those of Government, forfeiting thereby my position and character as an impartial counsellor - I felt it was therefore my duty as an officer, as it was no less my privilege as an Englishman, to point out, that there is redress for every body under British rule who fancies himself injured - that the law of the land makes no distinction between Government or individuals - and that she or any body else is at full liberty to recover her rights or her property by the way she best could - she immediately sent for Mr. Horton -

9 - Jealous of the character of the present Government for its liberality, and feeling sure that there need be nothing in its acts that required mystery and

and that would not bear full enquiry when attacked, I was careful to throw no obstacle in the way of Camachee Boyer's legal adviser, and I have endeavored as consistently and conscientiously as I could, to observe the instructions I originally received from Government when Mr. Horton first came to Tanjore to afford him "every reasonable facility" -

10 - I have supplied the copy of the declaration by H. H. Camachee Boyer Sahib asked for in Mr. Horton's second Para - all the other Ladies were similarly furnished when their signatures were verified - it is only about the request in the first part of his letter, that I am doubtful of acceding to, without the previous sanction of Government -

11 I take this opportunity of sending the verifications of 5 out of the other 8 widows' signatures, the other 3 were

when I went, and have never sent for
me since.

12 Mr. Norton has also obtained
the signatures of 40 of the Zenanah
Ladies and has written to have them
verified too. I beg to know the wishes
of Government as to whether they con-
sider such to be necessary.

I have the honor to be
