No. 1059.

Extract from the Minutes of Consultation under date the 17th December 1857.

Read the following letter from the Accountant General.

Requests to be informed whether the Accounts Current between the Honorable Company and His Highness the late Nabob of the Carnatic, and also the Accounts Current between the Honorable Company and His Highness the late Rajah of Tanjore, and the Estimates for the succeeding year, are to be prepared in this Office for the past official and Revenue Year 1856-57, *and for subsequent years,—also requests to be favored with the Orders of Government regarding the entries in the Territorial Books of the ⅓th Revenue of the Carnatic and Tanjore Countries.*

(Here enter 8th December 1857, No. 260.)

The Right Honorable the Governor in Council is of opinion that the Annual Accounts Current between the East India Company and the late Nawaub of the Carnatic and Rajah of Tanjore, and the Estimate for the succeeding year, which have hitherto been furnished by the Accountant General, are no longer necessary and may be discontinued at once; and that the usual entries on the above account, described in the 3rd para: of Mr. Prendergast's letter, need not be made in the Territorial Books for 1856-57, now under preparation. But the respective shares, &c., of these Princes may be made up to the date of their demise only and placed to their credit in account.

2. Under the orders now passed dispensing with the separate Accounts Current above referred to, there will be no necessity for exhibiting in future in the Accounts of the Collectorates specified in para: 4, under the two Divisions therein mentioned, the Revenues and Charges of the Countries which belonged to the Carnatic Sircar and Tanjore Raj respectively.

No. 260

From

The Accountant General

To

The Chief Secretary to
Government

Sir,

No. 1671 in the Financial Department

By the Extract from the Minutes of Consultation dated 7th August, passed on my letter dated 30th June 1857, I was informed that it was not necessary to make any provision in the Prospective Estimate for 1857/58 for payments on account of the Balances of the one fifth Remmo of the Carnatic and Tanjore Countries, which balances had not been paid since the decease of the Nabob of the Carnatic and the Rajah of Tanjore in October 1855. I have the honor now to request that you will have the goodness to inform me, whether the Account Current between the Honorable Company and His Highness the late Nabob of the Carnatic, and also the A/c between

between the Honorable Company and His Highness the late Rajah of Tanjore, and the Estimate for the succeeding years which have hitherto been annually prepared in this Office and submitted to Government, are to be prepared also for the first Renewal and Official years 1856/57 and for subsequent years. or whether they may be discontinued?—

2. The last Accounts Current and the Estimate were furnished to Govt. with my letters dated the 4th and 18th March last respectively, and no orders have been communicated to me on either of them because the Balances exhibited therein were not to be disbursed on account of the Nawab and the Rajah, as was the case during their life time.—

Nos. 394-412

3 I also beg to be favored with the orders of Government whether the usual entries are to be made in the Territorial Books for 1856/57 now under preparation, crediting the late Nabob and the late Rajah of Tanjore with the amounts of their respective shares of the 1/5th Revenues of the Carnatic & Tanjore Countries, and the Travancore Peishcush and Nuzzaranah, and the Annual Stipend respectively for 1835/56, and debiting the same to "Charges General of the Revenue Department," or whether their respective shares &c. are to be made up, up to the date of their respective deaths only, and placed to their credit in account. In the latter case, however, all payments made on account of those respective Princes, their relatives and servants &c. which are now debited to their personal heads, will have to be transferred on the Territorial Books to the head of "Charges General of the Revenue Dept."

*as per Accounts Current forwarded to you with my letters of the 4th and 18th March last.

4 I have also to bring to the notice of Government that if the preparation of the separate Accounts Current under reference are to be dispensed with, and the revenues of those countries are to merge with the General Revenues of the Honorable Company's Territories

Territories under this Government, then there will be no necessity for exhibiting the collections of Revenue and Charges in the accounts of the Collectorates noted in the Margin under two Divisions respectively. Under one Division are placed the Revenues and Charges of those Countries which appertained to the late Nabob or the late Rajah of Tanjore respectively, and under the other Division those of the Honorable Company's Countries. The keeping up of these two divisions entails some labour upon the Establishments of the Collectorates and also to this Office.

1 I have the honor to acknowledge the receipt of the Extract Minutes of Consultation dated the 4th Instant desiring me to furnish at an early date, an account exhibiting under the several heads the income derived by the late Nawab from the State for each of the five years preceding his death.

N: 332 in the Political Department

2 I beg to submit herewith accordingly, an account shewing the income derived by the deceased Nawaub for the period required. The Government will observe that the amount of the income is the same in each of the five years, and it consists of two items only.

3 The Collections of the several Sources of Revenue of the Districts included in the Carnatic as well as the Charges of Collection &c., and the net Collections will no doubt vary in each year as a Matter of Course, but the one fifth Share of the Net Revenues credited to the Nawaub is always calculated on a Stipulated Sum of Twenty five lacs of Star Pagodas, agreeably to the first Article of the separate explanatory articles annexed to the Treaty between the former Nawaub of the Carnatic and the East India Company, dated 31st July 1801, and consequently the Punjum Hissa or 1/5th Share of the net Revenues of the Carnatic payable to the Nawaub will be the same every year, unless in any year or years the Net Collections may happen to fall short of the Stipulated Sum of 25 lacs of Star Pagodas. The excess, whenever there is an excess above that Sum, which has generally been the case, is appropriable by Govt. for certain purposes enumerated in the said Article.. Rupees 87,50,000
