Tanjore

Commissioner's Office

23rd February 1857.

From

M. L. Phillips Esq

Commissioner of Tanjore

To

T. Pycroft Esq

Chief Secretary to Government

Fort St. George

Sir,

I have the honor to report that in conformity with the instructions communicated to me in Extract from the Minutes of Consultation, dated the 29th ultimo, N^o 100, I made such intimations as seemed necessary to inform the persons hitherto employed in the Dowlat Suckter Putter department of the late Raj, of the sum assigned to them as gratuity, and as pensions to be drawn from 1st of last month.

2. The pensioners have been apprized that their services are regarded as having ceased on the 31st December last. As, however, the usual indent for the Palace allowances had been submitted and passed

for the month,

Esq

W. L. Phillips

passed prior to the receipt of the instructions under notice, it will be necessary hereafter to refund to the Province Treasury such sums as have been drawn under the head of Dowlat Sushter Putterk.

3. According to the List of Gratuities and pensions now sanctioned by the Government, 46 persons are entitled to receive sums of ready money, amounting on the aggregate to Rs. 3944.12-0 which the number of pensioners who will draw monthly allowances, at a total outlay of Rs. 1882.2-0, is not less than 845-

4. As the best and readiest means of apprizing the persons concerned, of the measures resolved on for their future support, I first made the Saib of the late Raj the medium of communicating to them the instructions which I had received. I also issued a brief proclamation addressed to those to whom gratuities were due. I further sent for and personally addressed the

latter

latter and I have in the same manner had before me, at different times, the whole of the Subordinates of the Dowlat Sushter Putterk Department.

5. As yet however, no applications have been made to my office for payment of the gratuities and from the manner, bearing and remarks of the men, it is clear to me that for some time to come, they will abstain from presenting themselves to receive them. A similar course will, I am satisfied, be adopted not only by the pensioners from the Dowlat Sushter Putterk list, but by many of the other pensioners on the two Establishments of which in a few days I shall transmit Statements with recommendations.

6. It is their impression that the proceedings of the Agent for some of the ladies in the Palace will end in their restoration to office under the widow of the late Rajah as Ranee, and that in order not to diminish their

claim

claim to reemployment under the to be
revived dynasty, they must accept nothing
at my hands. This belief, which the Agents
people seem to have been at much pains
to create and foster, involves the further
belief that they are to receive, until
the accomplishment of their expectations,
a monthly allowance of money and grain,
but whether from the Rajah's widow,
or the Agents Agents they have not, I
apprehend, any very clear notion.

8. Under these circumstances,
I do not now think it proper to put the
Government to the expense of a tempo-
rary establishment for the super-
intendence and disbursement of the
pensions assigned. I shall limit
myself on a necessity, arising, to such
aid as may be unavoidably required.
But it is advisable, I submit, that
I be provided with the means required
to meet the demands of the pensioners
when they do come forward and to
this

this and I shall exercise the discretionary
power with which I seem to be vested
by the Extract from the Minutes of
Consultation marginally quoted, making
as much use as I can of the establish-
ment of the Presidency and Commis-
sioner now at my disposal.

9. I am now about to lay before
Government a list of the "Dowlat
Pamloke" establishment consisting of
1801 individuals, of whom very few
will be entitled to only gratuities.

10. The submission of that list
will be followed, at a brief interval,
by another of the "Hoogoon Pamloke"
Subordinates, whose number is 2300, —
more than $9/10$ th of whom will, I con-
sider, be declared entitled to pen-
sions under the rules prescribed
for the settlement of such claims.

11. There will thus be at Tanjore,
independently of the late Rajah's
near and distant relatives, a body
of about 4500 ordinary pensioners
drawing in very many instances
extremely

extremely small monthly allowances, the
disbursement of which will be quite
as troublesome as the payment of larger
pensions in round sums. For the discharge
of the duty which these disbursements
will involve, I shall at the proper time
submit a plan for approval.

I have the honor to be
