Sir

A. L. Phillips Esq^r

Acting Resident
Dangor.

Sir.

I have the honor to request, that you will do me the favor to submit my application for leave of absence for three months, for the consideration of His Lordship in Council -

You are aware of my position here, & of the duties required of me as District Surgeon, but I think it better to mention to you, that the Hospital is supported by a Contract.

During His Highness's life in Nov^r 1853. the state of my health required that I should visit the Hills, & the Resident / I believe, with the sanction of Government considered, that to the establishment of subordinates always entertained, could be entrusted the performance of the Hospital ^{duties} during my absence.

Since that time, I have secured the services of a very able & steady Apothecary, and I think him quite able to carry on the ordinary duties. If however the Gov^t grants

grant me the leave I ask for, I
shall endeavor to obtain the services
of the Medical Officer at Combsconum
on all cases of emergency, and I assure
he will doubtless grant me, as it was
one I rendered him on his late absence
on leave to Madrid.

I require this leave in consequence
of my present state of health, and I do
not apply for it by Sick Certificate,
supposing that one would be required by
me in any position.

I have the honor to be

3rd Sir

9th April 1857

I have the honor to submit for orders by Government, an original communication from Mr. Brooking, Durbar Surgeon of His Late Highness the Rajah and in immediate charge of Tanjore, representing the necessity for his absenting himself from his duties, for three months, on account of his present state of health.

2. Doctor Brooking's position here now, would appear to be rather that of a pensioner of the late Raj than an officer under the orders of the Resident, and I consider that the Acting Serkele would be competent to grant the leave solicited, were it not that Palankeen allowance is paid to

Dr

Doctor Brooking through the office of the
Resident, at the rate of 70 Rupees a month.
I apprehend that if Doctor Brooking obtains
from drawing this allowance, he must be
deemed at liberty to make his own arrange-
ments for quitting Tanjore provided the
Hospital duties are not neglected during
his absence.

Tanjore. I have the honor to be
