The Right Hon^{ble} George Lord Harnley
Governor in Council
Fort Saint George

My Lord

I beg with the most profound sense of respect to submit for the consideration of your Lordship in Council the following several claims connected with my case, and under the painful & altered state of things, to merit an indulgent and liberal consideration of the same.

Since the reign of the Nawab Asaf-ud-Daula Khan Bahadur down to the sovereignty of the late Nawab Qasim Ali Khan Ghanshyam Khan Bahadur my line of ancestors were the confidential and personal servants of the several Nawabs who occupied the throne or throne of the Carnatic - they were much esteemed & respected for their fidelity and attachment to the service. My late Father and Grand Father held the responsible and confidential post of Physicians to the late Nawab Asaf-ud-Daula Khan Bahadur, and upon his demise, my Father continued to hold the same responsible and important position under the late Nawab Asaf-ud-Daula Khan Bahadur and in like manner your Lordship's Servant was trained to the same calling of Physician, and in due course of time and by following the footsteps of my respected ancestors, was advanced and held the same confidential appointments of personal Physician and Medical adviser to His

By the late Nawab Goolam Mahomed Ghouse
Rham Bahadur, a fact which is familiar to the public
while in the enjoyment of this Honorable and Confidential
trust, it naturally created for me many enemies among
the officers of His Highness's household, and their
bitter and angry were aroused, on account of the many
honors and marks of distinction which were conferred
on me by the late Nawab. Every effort which ingenuity
and intrigue prompted were industriously tried to effect
my ruin, and to degrade and weaken the faith and
trust which was reposed in me by His late Highness.
but happily all their mischievous efforts to injure me
proved innocuous - the confidence and the trust which
was reposed did not receive the smallest change, and not
withstanding this His Highness conferred various honors
on me - such as the Chamsur of Hyderabad, Parasol
and Cigars (or ornament worn on the forehead) and
Pashuk or Jewel worn on the breast and further conferred
on me the honor and title of Physician General and
Commandary General to His Highness's household and
his troops - As to Subrah that even prior to the
Coronation of His late Highness I enjoyed the honor
and Friendship of the Nawab, and was not only his
medical attendant and adviser, but had the guidance
of his Education intrusted to me - without the period
which I had the honor to serve under the Nawab's
Highness Sah Bahadur and the late Nawab Goolam
Mahomed Ghouse Rham Bahadur - aggregates some
what approximate to the space of 40 years -
I hereby forward my commissions for the two
responsible and important appointments held by

me

me under the Nawab's service to your Lordship, which
it is solicited might be returned after perusal - these
documents will show your Lordship in Council the
high estimation and respect in which my services
were held, and the honors which were conferred on me.
I merely urge these circumstances that your Lordship
in Council may be pleased to receive my position as
one of the Principal officers of the service of His
Highness the late Nawab of the Carnatic, and that
as such your Lordship in Council will be
graciously pleased to extend your protection towards
me and my family by conferring on me a pecuniary
provision to the full extent of the allowances granted
to me by the late Nawab - a boon to which I trust
may be considered entitled in consideration of my
services and the highly responsible position
I held among the officers of the Nawab's household.

The Right Hon^{ble} Lord George Harris
Governor in Council
Port Saint George

My Lord

With due reverence and submission I beg leave
to lay before your Lordship in Council the following my humble
address with a fervent hope that it would meet with your
Lordship's kind consideration and obtain for me the redress
solicited. On the 5th February last I took the liberty of forward-
ing a Memorial to your Lordship in Council through the Gov^t
Agent at Chappault setting forth my claims upon the
benevolence of Gov^t and soliciting for an adequate allowance
being conceded to me, but the Agent declined to transmit it
to Government returning it to me with his endorsement thereon
and which is herewith submitted to your Lordship for information.
I respectfully beg to be pleased in perusing to confute the
arguments set forth by the Agent with an intent of overthrowing
my rightful claims and thus effecting my downfall.

I regret the circumstance that induces the Agent
to consider me as one of an inferior rank^d with the other
subordinates of the Buckishery Department and not as a
principal Officer barely from the fact my name being
borne in that Depart^{mt} and which in my humble opinion is quite
opposed to the principles of Justice for the following reasons.
There are now among the whole of the servants
with the exception of two Buckshee equal to me either in
dignity or eligibility to occupy one of the 12 Chairs placed
on both the sides of the throne of His Highness the late Nabob
from the select principle Officers holding such privilege.
There are now equal in that Depart^{mt} to me in the enjoyment of
monthly allowance of 450 Rs with the said exception but
owing

Office.
Convention with that of the of the Backshee's and
there exists no reason for such a amalgamation and
that the Salaries of the Medical Department in the
Circars of the Late Nabob being drawn direct from the
Treasury as for the Backshee's Department. Some
time ago it was stated by Nandool Comrah Bahadur
the then Backshee that as on Account of the frequent
expenses of the Nabob, the Monthly Salaries could
not be paid regularly excepting to the Backshee's
Department for fear of mutiny being broken out &c.
Among the troops he desired me to permit him to draw
the payment of the Medical Department jointly with
that of the Backshee's. I immediately acceded
to his proposal being unaware of the Backshee's
machinations and wishing for the welfare of the servants
under my Authority. Your Lordship might be
well aware of the respect due to the Officer of the Physician
General and howe hold Medical advice to any King
or Sovereign. The said functionary either in the
Honorable East India Company or to Her Majesty
the Queen is I dare say considered as a principal
Officer. I need not dwell too much upon this circum-
stance as it well known by your Lordship.

4 I have to state that I was regarded
by the Late Nabob with greater respect than any
other

other officers from the consideration of the merits of my
late ancestors, my proficiency, my having been a tutor
to the Late Nabob in his young days and companion to him
and some other causes mentioned in my enclosed Petition
he conferred upon me such honors as nobody under him
had enjoyed. I beg leave to enclose a few of the Letters
of His Highness the Late Nabob to my address, and
which will bear sufficient testimony of the high
opinion the Nabob has entertained of me and which
contributes to strengthen my present claim. The
fact of my enjoying the above three offices will
be evident from the Endorsement of the Agent
who admits of each Office being held by me. I therefore
feel it unnecessary to dwell any further upon this
Subject. I regret that the Government Agent not-
withstanding his Acknowledgement of these high Offices
does not consider me as one of the principal Officers.
5 In conclusion I beg leave to state that my
income was equal to my expenditure throughout
owing to great many families depending upon me
for maintenance, and I was so prudent as not to
allow my expenses run beyond my income, so that
I contracted no debt nor accumulated any property.

I therefore most respectfully implore your Lordship
 in Council will be graciously pleased to take a
 deep consideration of the facts set forth in this
 Petition as also in the one accompanying and also the
 contents of the two Commissions herewith sent* granted
 by His Highness the late Nizam Assuring that
 when such Commissions are sent to Government at
 needful times they would not slighten the honor
 conferred by His Highness but try to protect the
 holders of such by suitable support; And consider
 me as one of the Principal Officers and protect me
 by granting me a full pension that I may be en-
 abled to maintain my self and my large family.

I am the honor to be
