POLITICAL DEPARTMENT.

No. 567.

Extract from the Minutes of Consultation under date the 23rd July 1857.

Read the following letter from Surgeon E. G. Balfour, Government Agent at Chepauk.

With reference to the Orders of Government in Extract Minutes of Consultation, dated 19th and 24th March, Nos. 230 and 244 of 1857, *re-encloses the Lists of the Servants of the Carnatic Sircar, re-arranged in the manner prescribed therein.*

(Here enter 19th May 1857, No. 128.)

Extract Minutes of Consultation, 19th March, No. 230.

Extract Minutes of Consultation, 24th March, No. 244.

No. 6291.

From Secretary to Government of India, Foreign Department, dated 31st December 1856.

Adverting to the orders marginally noted, the Agent submits, re-arranged as prescribed therein, the Lists of the Servants of the Carnatic Sircar. In the present Returns, Lists of Servants at out-stations are also included.

2. In the Orders passed on his former letters, the Agent's attention was directed to the Rule sanctioned by the Government of India in the case of the retainers of the late Tanjore Râj, whereby the Commissioner was authorized to make allowance for hereditary service in cases where the individual might recently have succeeded to Office. Great difficulty, Dr. Balfour states is found in tracing such entries in the accounts at Chepauk, and he recommends that it should be notified that if any errors should hereafter be found, or any omissions brought to light, the same will be corrected. In this the Government concur.

3. Agreeably to paras: 9 and 10, Extract Minutes Consultation, dated 24th March, he has assigned gratuities to all, however humble their employment, whose period of service amounts to three years. The plan proposed by Government, that, service under three years among such classes as Horsekeepers and Scavengers should be eligible to one month's Salary by way of Donation, and that longer periods should be disposed of as indicated by the Government of India, para. 18 of their letter, No. 4644 of the 8th September 1856, has been adhered to.

4. With reference to the Orders of Government, (para. 2, *supra*) authorising him to admit Ancestral Service into his "*Pension*" calculations, the Agent states that he has adopted the principle to the following extent only, *viz.*, that the individual himself shall

Para. 6. at least have served fifteen years, that the "Ancestral Service" shall be that of a father or grand-father, and that the conjoint Service of Ancestor and incumbent shall be twenty-five years.

5. There is no objection to the last two stipulations; indeed, as to the last, 25 years is the period of service deemed necessary by the Supreme Government for Pension. But the Government cannot approve of the first Rule. By acting upon its provisions, the object of the Supreme Government's Orders would be completely frustrated. By the terms "recently succeeded to Office" a very wide margin is intended for the benefit of those, whose families have served in the Durbar perhaps for generations, although they themselves may have enjoyed but a very short tenure of Office. To translate the word 'recently' into 'fifteen years' is an arbitrary method of construction, and one likely to bear with much hardship on the present representatives of many old retainers. The Agent will therefore revise the 'Gratuity' List, transferring names from it to the 'Pension' List, with reference to the foregoing remarks.

Paras: 7 & 8. 6. List No. 9 contains the names of some *aged* men, whom Dr. Balfour has made exceptions to the 'fifteen years' Service Rule above adverted to. They are six in number, and the aggregate amount of their Pensions would be Rupees 19-3-0. This is approved but not as an exceptional case. The benefit of 'Pension' as pointed out above is to be equally extended to old and young in all cases where length of *Ancestral* Service may compensate for the shorter period during which the present Office holders may have served.

Paras: 9 & 10. 7. List No. 10, contains the names of 37 individuals entered in the Sircar accounts as 'Servants,' but who from their extreme youth can, as the Agent properly points out, be considered as 'Pensioners' only. To these it is proposed to continue the whole amount of their Stipend till the close of their 17th

year, when all Allowances will cease. This plan the Government concur in. The average Stipend, it is observed, comes to Rupees 5-4-0.

Paras: 11, 12 & 13.

8. List No. 11. This List contains the names of a number of persons, the "more respectable" of the lowly classes of retainers, in respect to whom (*vide* para: 12, Extract Minutes Consultation, 24th March last, No. 244,) the Agent was directed to take into account 'any Ancestral Service' that might appear to their credit in the *Sircar* books. This, he states, he has done but to no greater extent in any case than allowing a *one-third* Pension. But if the conjoint service exceeds 35 years, the amount should be increased to a *one-half* Pension, that period of service, under the decision of the Government of India, being entitled to such recompense. List No. 11 therefore will also be revised by the Agent.

Paras: 14 *to* 18.

9. List No. 11½, which should rather have been styled, No. 11 A, is supplementary to List No. 8, of Officers Civil and Military whom, with reference to their own length of service, the Agent sent up in his letter of the 23rd January No. 18. The List has been amplified by additional returns from the Provinces and by the operation of the 'Ancestral Service' Rule. This List is approved.

Paras: 19 *to* 24.

10. List, No. 12, is in three parts. Part I. contains names of those above 60 years of age. Part II. those between 40 and 60: and Part III. those under 40. These individuals are *Neeazut, Saadat,* or *Beycar* Pensioners, that is to say, persons who at various times were admitted to a Stipend by the late Nabobs under vows made by their benefactors, from the fact of their descent from the Prophet or other religious and charitable views. This List has been prepared afresh, agreeably to Extract Minutes Consultation, 19th March last, No. 230, where the Agent was required to state the *actual receipts* of these parties as well as the nominal amount. It now appears that in lieu of Rupees 4,283-0-6, the Pensioners have received Rupees 1,709-11-10 only, or about one-third of the sum stated. This appears from the receipts on record in the Dewan's Cutcherry. The Government have already, in their Orders above indicated, approved of the terms under which the Agent would dispose of these Pensioners, *viz.*, that those under 40 have their allowances continued for 3 years only; those between 40 and 60 be pensioned at a one-third rate, while all above 60 and all women of whatever age be pensioned at one-half. It only remains to consider upon what Rolls those rates should be based. The Government are altogether of opinion that the *actual* receipts alone should be considered. The Agent will submit returns accordingly, and in doing so his attention is called to a few apparent discrepancies. Some persons in Part I. being described as less than 60 years of age, while two persons in Part 2. are entered as above that age.

Paras: 25 *and* 26.

11. The Government have no objection to an exception being made in the case of boys under 18. Such youths might continue in receipt of Stipend until their entry into that year. List No. 15, Appendix to No. 12, is therefore approved.

Paras: 27 *and* 28.

12. List No. 13, contains the names of some aged men, whom, as a special case, the Agent commends to the compassionate consideration of Government. The Governor in Council is prepared to submit these cases for the sanction of the Government of India.

Paras: 29 *to* 31.

13. List No. 14. This exhibits the names of certain dependents of the Sircar, of ages varying from Infancy to seventeen years.

The Government approve of the Stipend of these 60 Individuals amounting to Rupees 286-5-0 per mensem, being continued to the eighteenth year in each case. They have, it is stated, no claims arising from "Ancestral Service."

Paras: 32 to 34.

14. No. 16 is the List of Gratuities. Some names under the Orders of 24th March last, para: 12, have been transferred from the Gratuity List, first submitted to the "Pension" List, and under the same* Extract Minutes of Consultation, additions have been made by the extension of the benefit to certain Servants of upwards of three years' service. This class, it was proposed, should receive one month's pay, but the Government directed that the scale laid down by the Supreme Government should be kept in view. The total amount now to be disbursed is Rupees 58,823 and Anna 1. Dr. Balfour's proposal to issue to the several Parties a receipt to be cashed at the Treasury is approved. Those who are yet in the service will cease to be employed from the date of these orders. As observed however in para: 5, of these

* *Para: 5.*

Proceedings. some more names will have to be transferred from this List to the Pension List, in carrying out the orders of the Supreme Government regarding "Ancestral Service."

Paras: 35 *to* 37.

15. List No. 17 has the names of 81 Individuals, of menial occupations lately employed in the Palace. These, it is proposed, under the orders of the 24th March last, para: 10, shall receive one month's pay as a Gratuity, with all arrears of pay. This List is approved. The total sum to be disbursed amounts to Rupees 353-8-0.

Paras: 38 *to* 40.

16. The next Lists, No. 18 to 22 inclusive, are those of all servants in the Mofussil. The gratuities will be disbursed through the Collectors of the Districts. Such of the people as are in charge of Sirkar property will remain in charge until further orders, of course at the same rate of pay. Dr. Balfour will communicate with the several Authorities, in view to the exercise of the necessary amount of supervision over those servants. If however corrections are required to these Lists to give each party the benefit of "Ancestral Service" although his own personal service has been brief, the Agent's attention is to be given to the subject.

Paras: 41 *&* 42.

17. List No. 23 is a nominal roll of eight people, heretofore supported by the Sirkar, and now totally incapicitated by infirmity from procuring their own sustenance. The amount is not large that is proposed to be assigned to them, being but Rupees 25-10-0 in all. The Government will recommend these grants, and in the interim the Agent will disburse the sums proposed in each case.

Para: 43.

18. The Government approve of the proposal to raise the Pension to Rupees 2, wherever the sum falls short of that amount.

Para: 44.

19. The Appendix contains some details of the Triplicane *Lungerkhanah,* where the poor of the Musselmen of that part of the Town have doled out to them alms, and rice, both boiled and raw. The amount of the alms is Rupees 83-8-0 per mensem, the number of recipients about 150. The amount of boiled rice daily distributed is not exhibited in a total, but there are a large number of Pensioners on the List. The monthly number of seers of paddy comes to 1017½

Revenue Board C. O. Volume I. *Page* 516.

20. The Governor in Council resolves to take this Institution under the protection of the State, as has been done with the *Lungerkhanah* at Vellore, the Choultry at Sholinghur and other such Asylums. He will apply to the Supreme Government for an endowment equivalent to the amount now expended, the average sum of which Dr. Balfour will ascertain and report. The Institution may ultimately become to *Triplicane* what the Monegar Choultry is to *Black Town.*

21. In connection with the Agent's letter of the 24th December last, there remain for consideration the questions of the Tombs of the late Nabobs, and the charitable and religious grants of lands, (Pages 113-4.) In regard to the last mentioned subject, the Government await the further specific information called for in para: 33, Extract Minutes of Consultation, 19th March.

(True Extract.)

Acting Chief Secretary.

To the Government Agent at Chepauk, with Lists Nos. 9, 11, 12, 16 and 18 to 22.
" Civil Auditor with Lists 9, 10, 11½, 15, 14, 17 and 23.
" Accountant General.

Exd. J. A. Wilson.

No 128 of 4th Ct.

Government Agent's Office
19th May 1857

From
Surgeon C. G. Balfour
Government Agent at Chepauk

To,
E. Maltby Esquire
Acting Chief Secretary to Government
Fort St. George

Sir,

With reference to the Order of Government in Extract Minutes of Consultation dated 19th and 21st of March No. 2308 & 264 of 1857 I have the honor to enclose the Lists of the Sircar Servants, re-arranged in the manner prescribed therein.

2 I have likewise to enclose the Lists of the Servants at out-stations arranged on the same principles as those applied to the Servants here.

3 These Lists are numbered from 1 to 23 inclusive, and include every Servant so far as the

the Returns received from the Sircar shew. It is with regret however, that I have to mention, that the information as regards hereditary Services has not as yet been obtained from every Department of the Sircar. Great difficulty is found in searching out the claims of individuals to ancestral service, the difficulty arising from the frequent changing of individuals from one Department of the Sircar to another without any record of transfer being retained, and from the character of the Sircar records, which consist of little slips of paper for each separate transaction, the multitude of which require a considerable time to ascertain any particular point.

4 I have deferred sending on these Lists in the hope that the requisite information might be obtained from the Sircar records, but find that some time may yet be required to complete the requisite information. I do not for many obvious reasons think it advisable to detain the whole of these Lists for the sake of the few cases still requiring investigation, and which can be undertaken and disposed of separately hereafter. This course is the more correct because from reasons which are not very apparent some of the Servants of the Sircar are only yet recollecting that they had served in other Departments prior to that in which they were employed, at the date of the Nabob's demise, and petitions claiming longer service than the Sircar Returns shewed, are still being received and investigated. Under these circumstances, while the reservation of Government as to future corrections, when sanctioning by

Extract

Extract Minutes of Consultation
dated 19th March No. 23 from Col. Lane of the
Lists forwarded with my com-
=munication of the 24th December
last, would require to be ap-
=plied also to the Lists now sent,
I would also offer for the consider-
=ation of Government the expedi-
=bility, of declaring that a future
investigation should prove that
any individuals case has been
overlooked, suitable corrections
will be made therein whether
as regards the amount of pension
or gratuity.

5. Cases called upon in
para 9 of Extract Minutes
of Consultation dated 24th March
No 244 of 1857 to explain why some individuals
therein alluded to had not been
recommended for pension or
gratuity, although others of appa-
=rently the same rank had
been so. I have the honor to
mention that the short period
of the service of these individuals,

and

and their comparatively humble
rank induced me to range them
as I did, but the classification
laid down in paras 9 & 10 of
Extract Minutes of Consultation
dated 24th March 1857 of granting
gratuities to all, however humble
their employment may have been
who had served three years; has
been adhered to in the classified
Lists now sent.

6. I would only add that
in allowing individuals to reckon
the service of ancestors towards
pensions for themselves, I have
found cases where the total
service of the family was still
short of the 25 Years prescribed
by the Government of India for
the first rate of pension. Also
that individuals whose ancestors
may have served for any consi-
=derable period, had themselves
only performed two or three years
service. I have not thought myself
justified in either of the above cases

in

in recommending such individuals for pension but have followed out this rule that the service shall have been that of a father or grandfather; that the conjoint length of service shall have been equal to 25 Years, and that the individual now reckoning Ancestral service shall himself have served fifteen Years; the only deviation has been in the case of the individual named Cooper Row in the List No 11 whose grandfather served from 1802 to 1825; whose uncle served from 1825 to 1840, at which last year he gave up his situation to the said Cooper Row.

7. List No 9 shows the names of all dependants and Servants of the Carnatic Circar returned as Serving but whose ages being upwards of 60 years and the individuals Ancestors having served the Carnatic Circar, the parties in this List are recommended for the pensions opposite their names; by right of hereditary service, though their own individual service is not of such length as to Entitle them of themselves, to this extent of Consideration.

8. The heading given of this List, is sufficient to explain the position of the individuals. They are the aged men whose own services were less than 25 & 35 Years entitling them to the 1/3d or 1/2 rate of pension recommended for Servants above 60 & 70 Years of age respectively, to whom such rates have now been extended from their being found possessed of hereditary Service. They are only however in number six individuals with a total monthly pension of Rupees 19 : 3 m.

9 List No 10 shews the names of dependents or Servants of the Carnatic Circar returned as Servants but whose ages being less than 18 Years they can only be regarded

as pensioners and to whom it is proposed to grant pensions to the full extent of their Stipends until the close of their 17th and their entry on their 18th Year, 1st because of their youth and 2d because their relatives had served the Sircar prior to the admission of these youths.

10 The heading of this List sufficiently shows the position of the individuals which it contains.

The total number of individuals included in it is 37. The total amount of pensions recommended ~~Rupees 203. 4 per mensem.~~ I recommend, in the case of these youths, whose salaries average the small pittance of Rupees 5. 10 per mensem, that their several allowances shall be continued in full until the close of their 17th and entry on their 18th Year. I recommend this course in preference to the grant of a petty life pension because it is better for the individuals that they should be reared in tolerable comfort up to that period of life when they shall be able to earn their own livelihood, and then be left to themselves, than that they should be pensioned for life on any portion of the above small stipend already too little for any individuals' proper maintenance.

11 List No. 11 shews the names of the servants and dependants of the Carnatic Sircar who have served less than 25 Years and who are by the Rules Entitled only to Gratuity but whose Ancestors have served the Sircar before them, and to whom as they thus have hereditary service it is proposed to grant 1/3d pension for life as per Extract Minutes of Consultation dated 24th March 1857 No. 2644 para 12.

12. The heading in this List sufficiently denotes the condition of the parties whose names are included in it.

13. It adds from amongst the former

former Gratuity Lists 61 indivi-
duals to the present pension List
all of them upon 1/3rd rate of pension
the total addition made to the
pension List thereby being Rs. 230-8

14 Supplementary List No. 11½
shows the names of Civil and
Military Servants Dependents &c.
of the Carnatic Sirear who have
(1) upwards of 25 Years service and
less than 35; also (2) who have
35 Years of service and upwards
to whom respectively it is proposed
to continue as pensions for life
the 1/3rd or 1/2 of their previous Salaries

15 This List No. 11½ is supple-
mentary to List No. 8 of proposed
pensions transmitted to Government
with my Communication of the
23rd January 1857 No. 18.—

16 In this supplementary List
is comprised the names of 29 in-
dividuals whose names have
been extracted in accordance with
the Orders of Government from
the Gratuity and Discharged
Lists

Lists formerly sent - The selection
of them having been made in
accordance with the Order of
Government in Extract Minutes
of Consultation dated 24th March 1857.

17 Several of the individuals
also have been found on inquiry
on their petitions, to have served
the Sirear longer than the period
in the original Returns recorded.

18 The total addition to the
pension List thus made is Rupees
99.5 per mensem.

19 List No. 12 is in three Parts,
and shows the retainers of the
late Nabab Styled Necazaiat
Saadat and Beyear, Part I those
above 60 years of age; Part II those
about 40 and under 60 and
Part III, those under 40 Years
of age.

20 It shews also in each part
the allowances payable to them
as per Sirear Records, also the
allowances which would be payable
to the same parties according

&c

to their actual receipts on the aver-
-age of the last three years pre-
-ceding the Nabob's death as drawn
from the total and average
received during the said period.

21 It furnishes also appended
a separate List extracted from
Parts 1 2 & 3 of this List of all
Infants, Youths &c. under 18 Years
of age to whom I proposed to
continue their present allowance
in full till the close of their 17th
and entry on their 18th Year.

22 The heading of the List will
suffice to make clear the position
of the individuals whose names
are recorded within. On reference
to the List it will be found that
the total monthly allowances as
per Sircar Records was Rs. 4283-6
but they had received on the
average of the 3 Years preceding
the Nabobs demise, only Rs. 1709-11-10
that is these three Classes of retainers
had been paid during that time
a little more than one third of their
nominal allowances.

The

23 The suggestion regarding
the treatment of these 3 Classes of
retainers which seemed to meet
the approval of Government
was that one in my Commun-
-ication No. 155 dated 24th
December 1856 in which I offered as
an opinion that all above 60 years
of age should receive their allow-
-ances in full for life; all above
40 Years of age should receive
half their allowances for life;
and all under 40 Years of age
should receive full allowances
for the next three years at the
close of which the allowances
to these young men should
wholly cease.

24 The List No. 12 in its 3 parts
will enable the Right Honorable
the Governor in Council final-
-ly to resolve as to the disposal
of this body of retainers.

and

and the following is an abstract of these 3 parts.

	No. of individuals in this part.	Total of nominal monthly Salaries as per Sirear Records.	Total of average receipts of the 3 years p. according Nabobs demise.
Part 1	88	1022-3-4	448-1-6
Part 2	232	1329-12-11	527-12-4
Part 3.	273	1931-7-11	733-14-11
Total	593	4283-6-11	1709-11-10

25. In appendix to List No. 12 the appendix being numbered No. 15 will be found the names of youths under 18 Years of age whom the late Nabob had included amongst the retainers styled Neezyat Saadat and Beycar. I have extracted their names because I think it would be better for these lads that they should have their full allowance to rear them suitably until their 18 Years of age and thereafter to be made to depend upon their own exertions for support than that they should be compelled to a life of idleness by the grant of a small life pension. In the case of all these youths under 18 Years of age I recommend the issue of their full allowances till the close of their 17 and the entry on their 18th year and then wholly to cease.-

26 These youths in List 15 are in number 62 their full allowances is Rs. 389-11-12 per mensem but their average receipts per mensem amounted only to Rupees 148-3-1.-

27 List No. 13 shows the names of all dependants Servants of the Carnatic Sirear returned as serving but whose ages being upwards of 80 Years they can only be regarded as pensioners and to whom it is proposed to continue their salaries in full as pensions for life. Also those upwards of 70 and less than 80 Years, and who having served less than 35 Years and who not having hereditary

Service

Service it is proposed to continue half their Salaries as pensions for life. Men there above 60 and under 70 who have served less than 25 Years, and who even having no hereditary service, life pensions of 1/3rd their Salaries are proposed.

28. This List includes a class of individuals unprovided for by the regulations laid down by the Government of India for they have no hereditary service, and have not served sufficient to entitle them to the one third, one half, and full rates of pension which have been recommended for Servants above 60 Years of age, above 70 Years of age, and above 80 Years of age respectively. At these advanced ages, it would be a charity to provide for them a suitable maintenance but only five of them have served sufficient to entitle them to one third rate of pension — the total number of these aged men

men is 28 and the total amount of monthly pension recommended for them is Rupees 126-14-. If this List be not sanctioned generally the five individuals at the rate of their Allowances.

	Salary Rs	As	Rate of Pension	Pension Rs	As
K. Mahomed Ebadoollah	10	8	1/3	3	8
K. Hafiz Syed Ally	7	4	1/3	2	5
L. Syed Fattay Ally	15	4	1/3	5	4
O. Syed Hyder	5	4	1/3	2	4
O. Moorahry Saul	7	4	1/3	2	5

per margin are entitled by the existing regulations

29. List No. 14 shews the names of dependents or Servants of the Carnatic Sircar returned as Servants, but whose ages being only two and less than 13 Years, they are recommended for full pension till their entry on their 13th Year, because of their Youth.

30 They are not recommended for a life pension because neither their own nor the length of any of their ancestors service entitle them to such and because it is deemed sufficient to provide the means of their being reared to an age when they shall be fit to earn their own livelihood.

The

31 The heading of this List is suffi-
=cient to shew the position of the indivi-
=duals contained in it. They are 4
in number and the average of their
salaries is Rupees ten 12- The total
amount of pensions recommended
is Rupees 286.5 per mensem.
Being all of them under 18 Years of
age they have not of themselves
or any of their Ancestors served the
period of 25 Years which is the first
period for pension.

32. List No. 16 shews the names
of the Servants and Dependents of the
Carnatic Sircar who having served less
than 25 Years and not having credita-
=ble service it is proposed to grant Gra-
=tuities as per Extract minutes of
Consultation dated 24th March 1857
No. 244.

33. This List is styled the Gratuity
List and it is only necessary to
mention that if sanctioned by the
Right Honorable The Governor in
Council the undermentioned will be paid
to the persons therein specified

to be cashed at the Treasury for the
respective Amount of their Gratuities.
The Service and the Salaries of such
of them as are still serving will
cease on the date of Extract minutes
of Consultation sanctioning this List,
within three days after receipt of
which, Receipts for the whole amount
could be prepared and issued from
the Agency.

34 The total number of individu-
=als in this Gratuity List No. 16 is 304 and
the total amount of Gratuities Rs 9,883-4.
In the Gratuity List formerly
sent and now again forwarded
the Amount of Gratuities
was - - - - - Rs 56,424-3-
Deduct Transfers to
Lists Nos 1 1941½ 4
on account of Gratuities 485-11
47939-3-
Total Amount of Gratuities now Rupees } 57823-1-

And the increase of Rs 2398-14 is the result
of the Orders in Extract minutes of
Consultation dated 24th March 1857 No. 244

List

35. List No. 17 shews the names of the Servants of the Carnatic Sircar who being humble people depending on their labor for their daily bread and who having less than 3 Years Service it is proposed should be discharged with one months pay and all arrears.—

36 This List has been greatly modified from the one sent with my communication No. 39 dated 12th February 1857. The Right Honorable the Governor in Council in Extract Minutes of Consultation dated 24th March No. 244 of 1857 having commanded that only the very menial Servants with less than three Years service should be retained in this List. It will be observed also that there are humble people whom it has not been the custom of the Sircar to note the period of their entertainment and their service is not given.—

37. The total number of individuals in List No. 17 is 81, and the

38. Lists Nos. 18, 19, 20, 21 & 22, include the names of all the Sircar Servants at Out Stations which have been framed on precisely the same principles as have been the guide for treating those at Madras.—

39. The headings are sufficient to indicate the position of the individuals in the respective Lists and it is only necessary to mention that, if sanctioned, arrangements will require to be made through the Authorities of the Districts where they are residing for the payment of the pensions or gratuities to which they are severally entitled.

40. I would bring to the notice of Government that some of the individuals in these Lists are in charge of Sircar property at the places where they are residing and it would be prudent under present circumstances to allow them to continue in the same

and

and the Authorities at the several Stations merely exercising the watchfulness necessary to prevent plunder, but without taking any charge of any portion of the properties or of their revenues.—

41 The last List No. 23 which it is necessary to notice as accompanying the Returns now transmitted, is one of disused persons amongst the Civil & Military Servants of the Carnatic Sircar only two of whom have served sufficiently long to entitle them to any pension.

42 I have noticed on the margin their several infirmities and recommend their Cases for the favorable consideration of Government

43 In recommending pensions for one third or one half, for 25 & 35 Years service respectively I have followed the same course as that with the former Lists as alluded to in para: 4 of my communication No. 13 of the 23rd of January 1857, where the sum would have fallen less than Rupees two as alluded to in my letter of the 24th December No. 155 of 1856.—

44 I have the honor to subjoin the following details regarding the Lunger Khanah or Poor-house of the Carnatic Sircar called for in Extract Minutes of Consultation dated 19th March No. 230 of 1857, para: 34.—

I have the honorable,
Sir,
Your most obedient Servant

Govt. Agents Office,
19th May, 1857.

Government Agent

To C. Maltby Esquire, - Actg Chief Secy. to Govt

Head Quarters Office
8th July, 1858.

(signature)
Secretary to Govt

No 23 dated 8th July 1858

Political Dep.t

Abstract Mins: of Cons. No. 567
dated 23d July 1857.

Read letter from Lingard
E. G. Balfour, Esq.re Agent, Chepauk } Rec.d under No 128
May 19th/57.

E. In. C. 19th March
No 230.
E. In. C. 26th March.
No 244

Adverting to the orders marginally noted, the Agent submits, re-arranged as prescribed herein, the lists of the Servants of the Carnatic Nizam. In the former returns, lists of Servants at out-stations are also included.

2. In the orders passed on his former letters, the Agent's attention was directed to the rule sanctioned by the Govt.t of India in the case of the retainers of the late Tanjore Raj, whereby the Commiss.r was authorized to make allowances for hereditary service in cases where the individual might recently have succeeded to office. Great difficulty, Dr Balfour states, is found in tracing such entries in the accounts at Chepauk - & he recommends that it shd be intimated that if any errors shd hereafter be found, or any omissions should subsequently be noticed, the same will be corrected. In this the Govt.t concurs.

No 6291.
From Secy. Govt. India
Foreign Dep.t
dated 31st Dec.r/56.

3. Agreeably to Paras 9 & 10. Ex. M.C. Dated 24th March, he has sanctioned gratuities to all, however humble their employment, whose period of service amounts to three years. The plan proposed by Govt, but, service under three years among such classes as Housekeepers & Scavengers shd be eligible to one months salary by way of donation, and that longer periods shd be dispensed of as indicated by the Govt of India, Para 18 of their Letter. No 4644. of the 8th September 56, has been adhered to.

4. With reference to the orders of Govt (Para 2 supra) authorizing them to admit ancestral service into "Pension" calculations, the Agent states that he has adopted the principle to the following extent only. viz. that the individual himself shall at least have served fifteen years, that the 'ancestral service' shall be that of a father or grandfather, & that the conjoint service of ancestor & incumbent shall be twenty five years.

5. There is no objection to the limitations specified; indeed, as to the last, 25 years is the period of service deemed necessary by the Supreme

Para 7-8.

a reference of the first rule. By acting upon its provisions, the object of the Supreme Govt is clearly to be completely frustrated. By the terms "recently succeeded to office" a very wide margin is intended for the benefit of those, whose families have served for generations, although they themselves may have enjoyed but a very short term of office. To translate the word "recently" into 'of long standing' is an arbitrary method of construction, and one likely to lead into much hardship in the present representatives of many old retainers.

The Agent will therefore revise the "Gratuity" List, transferring names from it to the "Pension" List, with reference to the foregoing remarks.

6. List No 9 contains the names of some 40 men, whom the Bd have found exceptions to the 'fifteen years' service rule above adopted. They are few in number, & the aggregate amount of their pensions will be Rs 190. 3. This is approved but not as an exceptional case. The benefit of 'Pension' as pointed out above is to be equally extended to old & young in all cases where

Paras 9–10

kept of ancestral service may
compensate for the shorter period
during which the present office hol-
-ders may have served.

7. List No 10 contains the names
of 37 individuals entered in the
Sirkar accounts as 'servants', but
who from their extreme youth &c are,
as the Agent properly points out, to
considered as 'Pensioners' only. To
these it is proposed to continue the
whole amount of their stipend till
close of their 17th year, when
all allowances will cease. This plan
the Govt concurs in. The average sti-
-pend, it is observed, comes to Rs 25:14.

Paras 11–12–13

8. List No 11. This List contains
the names of a number of persons
the "more respectable" of the lowly
classes of retainers, in respect to
whom (vide Para 12. G. In. C. 24th
March last. No 244) the Agent
was directed to take into account
any 'ancestral service' that might
appear to their credit in the Sirkar
books. This he states he has done but
to no greater extent in any case
than allowing a one third pension.
But if the conjoint service exceeds
30 years, the amount shall be increased
to a one half pension, but period of
service [illegible] Govt

(2)

Paras 14 to 18.

Paras 19 to [illegible]

List No 11 therefore will also
be revised by the Agent.

9. List No 11½, which has been
here styled - No 11 A, is supple-
-mentary to list No 8. of officers civil
& military whom, with reference to
their own length of service, the Agent
sent up in his letter of the 28th Jany
No 18. The list has been amplified
by additional returns from the Pro-
-vinces & by the operation of the 'ances-
-tral service' rule. This list is approved

10. List No 12 is in three parts —
Part I. contains names of those above
80 years of age: Part II those between 60
and 60: & Part III those under 60
These individuals are Peerzadehs,
Saadats, or Begzar pensioners,
that is to say, persons who at various
times were admitted to a stipend
of the late Nabobs under vows made
by their forefathers, from the fact of
their descent from the Prophet or
other religious & charitable views.
This list has been prepared agreeably
-ably to Go. In. C. 19th March last
No 230 where the Agent was required
to state the actual receipts of these par-
-ties as well as the nominal amounts.
The new stipend list in lieu of Rs
4,283.. 6 the pensioners are

Rs 1709 11. 10 only, or about one third of the sum stated.
This appears from the receipts on record in the Samun's Cutcherry.
The Govt have already, in their orders above indicated, approved of the terms under wh the agents wd dispose of these pensioners, viz, that those under 40 have their allowances continued for 3 years only; those between 40 & 60 be pensioned at a one third rate, while all above 60 and all women of whatever age be pensioned at one half. It only remains to consider upon what rolls those rates sh be based.
The Govt are altogether of opinion that the actual receipts alone sh be considered. The agents will submit returns accordingly. *

* In doing so his attention is called to a few apparent discrepancies - Some persons in Part 1 being described as less than 60 years, while two persons in Part 2 are entered as above that age -

Paras 26

Para 27-8

11. The Govt have no objection to an exception being made in the case of boys under 18. Such youths might continue in receipt of stipend until their entry into that year. List No 15, appendix to No 12, is therefore approved.

12. List No 13 contains the names of [illegible] as appear

Para 29 —

Paras 32—34

13. List No 14. This exhibits the names of certain dependents of the Sirkar, of ages ranging from infancy to seventeen years. The Govt approve of the stipend of these 60 individuals, amounting to Rs 286.. 5 per mensem, being continued to the eighteenth year in each case. They have, it is stated, no claims arising from "ancestral service"

14. No 16 is the list of Gratuities. Some names, under the orders of 24th March last, Para 12, have been transferred from the 'Gratuity list' first submitted to the 'Pension' list, and under the same Sa. M. C., additions have been made to the emoluments of the benefit to entertain servants of upwards of three years' service. This class, it was proposed, sh receive one months pay. The total amount now to be disbursed is Rs 58, 823, 1 anna. Dr Balfours proposal to issue to the several parties a receipt to be cashed at the Treasury is approved. Those who are yet in the service will cease to be employed from the date

Para 5

* but the Govt directed that the sanads should come by the first Supreme Govt sh be kept in view.

As observed however on P5 of these Mo-
-randa some items will have to be
transferred from the List of Political Pensions
to the List of those Pensions & Gratuities
which fall under the orders of the Supreme Govt regarding ancestral service
Paras 35 — 37.

15. List No 17 has the names of 81 individuals, of various occupations, lately employed in the Police. Here it is proposed, under the orders of the 24th March last, Para 10, that all receive one months pay as a Gratuity, with all arrears of pay. This list is approved. The total sum to be disbursed amounts to Rs 2 353 : 8.

Paras 38 — 40.

16. The next Lists. No 18 to 22 inclusive, are those of all persons in the Mofussil. The gratuities will be disbursed through the Collectors of the districts. Such of the persons as are in charge of Sirkar property will remain in charge, until further orders, of course at the same rate of pay. Dr Balfour will communicate with the several authorities, in view to the exercise of the necessary amount of supervision over these servants.

If however corrections are required in these lists to give each party the benefit of ancestral service although his own personal service has been brief, the Agents attention is to be given to the subject.

Paras 41 — 2.

17. List No 23 is a nominal roll of eight people, heretofore supported by the Sirkar, & now totally incapacitated by infirmity from procuring their own sustenance. The amount is not large but is proposed to be adjusted to them, being but Rs 25 : 10 in all. The Govt will recommend these grants, & in the interim the Agent will disburse the sums proposed in each case.

18. The Board have proposed to

Govt Sec C. Co. Vol I. Page 516.

(3)

Paras 43 —

fully short of that amount.

19. The Appendix contains some details of the Tripleane Dengen-phanah - where the poor of the Mussulmen of that part of the town have doled out to them alms, a rice, & boiled & raw. The amount of the alms is Rs 2 83 : 8 / - monthly, the number of recipients about 150. The amount of boiled rice daily distributed is not calculated in a total, but there a large number of pensioners on the list. The monthly number of days of paid comes to 1017 ½.

20 The Govt in C. resolves to take this Institution under the protection of the State, as has been done with the Lunguttanah at Vellore, the Choultry at Tholinghur and those such asylums. He will apply to the Supreme Govt for an endowment equivalent to the amount now expended, the average sum of which Dr Balfour will ascertain & report. The Institution may ultimately become Tripleane what the Nungen Choultry is to Black-Town.

21. In connection with the Agents

Letter of the 24th Decr Encl,
Here remains for consideration
the questions of the Terms of the
late Nabob's, and the charitable
& religious grants of Carnl. (Pages
113-4) In regard to the last men-
tioned subject, the Govt await
the further specific information
called for in Para 33. S. No. C.
19th March.

Paras 7 & 8 of the above order
also called upon the Agent to
submit detailed lists of those
for whom separate provision
shall be made out of the stipend
assigned to the Ranee widow
of the late Nabob, Her High-
-ness Khyrul-oon Nissa Begum.

This information has yet to be
supplied; nor has the Agent
stated yet (Para 36 of above
order) from what date is wd
further the increase of salary
recommended for his Office
Munsiff should take effect.
