From J R Boyson Acting Honorable Company's Secretary

The Chief Secretary to Government,

16th January 1887

Sir,
I have the honor to state for the information of Government that I consider it extremely desirable that arrangements should be made with reference to the Affairs of the late Nabob of the Carnatic with the least practicable delay and that under present circumstances I think it would be expedient to press this point upon the attention of the Government of India.

I shall the liberty of troubling Government with this communication and of being thus urgent on the matter, because I have reason to believe that the Creditors of the late Nabob who are becoming very impatient for the adjustment of their claims against his Estate, have it in contemplation to file a Bill against the Honorable Company for an account and compensation of what is alleged to have been the private Estate of the late Highness and to have been taken possession of by the Honorable Company.

I do not think it expedient now to enter into the question how far such a bill could be sustained, it being apparent (whether or not)

very unsettled,

might be the result of such proceeding & that it
is desirable upon public grounds to do all
that is possible to avoid litigation -

I have the honor to be

Sir

Your most obedient servant

W. Boyson

Actg. Hon. Secy. Labr.
