POLITICAL DEPARTMENT.

No. 705.

Extract from the Minutes of Consultation under date the 1st September 1857.

Read the following letter from the Inspector General of Ordnance and Magazines; to the Chief Secretary to Government, dated 29th August 1857, No. 290.

SIR,

I have the honor to bring to the notice of Government that the Principal Commissary of Ordnance has reported that the Arsenal is much incommoded by the Guns, Carriages, and Stores of His Highness the late Nabob, lodged in the Arsenal, agreeably to order of Government as per margin.* and as the Principal Commissary of Ordnance is not at liberty to make use of them in any way, they are unnecessarily occupying space which might be appropriated for the accommodation of Stores and the Manufacture of the Articles that are now so urgently required. I beg therefore to recommend, Government will be pleased to allow the Commissioners for the investigation of the debts of His Highness the late Nabob to attend any day convenient, and see the Officers of Government appraise the Ordnance and Stores, &c., in order to enable Government to take them over at the appraisement fixed upon. I recommend that such articles as Revolvers, Personal Arms, and objects of curiosity belonging to the late Circar be retained, and merely articles of Military Stores be taken over.

2. I propose giving the full value for the articles according to the Stock value.

3. The Commissioners need not be occupied more than an hour or two.

(Signed) G. BALFOUR, Lieutenant Colonel,

Inspector General of Ordnance and Magazines.

Ordered that the foregoing letter be communicated to the Hon'ble Company's Solicitor, who will state whether the course recommended in regard to the Ordnance and Stores, &c., of the Carnatic Sirkars may be adopted, without running the risk of causing any future embarrassment.
