N. B. Among the above are numerous jewels, which, as having belonged to the late Rajahs deceased wives, Padmanabayee Sahib, and Lydumbabayee Sahib, descended by inheritance to Her Highness sole surviving Daughter - their value is estimated at about 2 Lacs of Rupees, a list of them is coming, and they can be separated from the other jewels whenever the removal of the Courts injunctions gives access to the Rajmahal

No. 104.

Tanjore
Commissioner's office
19th January 1857.

From H. Forbes Esq
Commissioner of Tanjore

To J. Pycroft Esq
Chief Secretary to Government
Fort St. George.

Sir,

Para 1 I have the honor to submit the several Schedules prepared according to the wishes of the Advocate General of Bengal, as directed in the para-graph of an Extract from the Minutes of Consultation No 545 dated the 31st December 1856.

2. As I had commenced this work, it appeared to me desirable that I should endeavour to ascertain the Schedules before I

I left Tanjore, I have therefore not
written for the return of the Honble
Company's Solicitor by my letter
of the 6th instant but have included
the late Rajah's guns and pistols among
the head of public property, and have
given a general and not a detailed
list of the Animals and the two
Libraries. If the Government
should consider that in either
case I have acted erroneously,
the sheets on which the Arms are
entered, being separate, can be
detached, and a full Catalogue
of the books can be obtained
from there.

3. With regard to the jewels
which I have entered under Lot
C per the Inventory of

the Rajah before the treaty of 1799,
I have taken them from two lists
found in the Records of the Rajah
Mahal, one representing the jewels
present in 1798, and the other
those procured by Rajah Serfojee
between that date and the date
of the treaty - the lists give no
value, and it is improbable that
the jewels can be now identified
with certainty - still the goldsmith
can tell the difference between
the workmanship of the last
Century and the present day if any
Stones had remained unaltered
and at all events the Rajah's
Estate would derive a pecuniary
value for the stones by the

inherited, although that property may be now represented under a new form.

4. Jewels and valuable property to the amount of about Rs. 125914. belong to different pagas also within the Fort, and these I have classed under Schedule D2, as property from its nature public.

5. The remaining jewels will be found under Schedule D1. But a note has been appended to say that among them are the jewels which belonged to the late Ra: jahs deceased wives Lydemba, Lhenga and Pudmanna Lhaye Lahiba, which by right of inheritance belong now to Shri Sigh: ma[illegible]

6. In Schedule D2 will be found jewels entered as those which could be worn only by the Rajah himself. This is a point which can be proved by the most respectable evidence from Tanjore and must be decided by local evidence alone.

7. There is one question that in Madras may one may call legal: Longer, wear any of the jewels in question or carry off the emblems of

of

of Sovereignty, the use of which is here restricted to the Rajah - but the question must be decided by local usage, and even the customs of any other place, where a Hindoo Rajah reigned, would be an insufficient test, as each Raj has always had its own customs, and what is ordinarily used in one place is strictly forbidden in another - Rajah Sooljee has frequently complained to the Resident of the unauthorized use of a Seerpharg and a Lungee, of Lion heads, on a peshcungeem, and yesterday accurately and a khurd, and even to this day, the address of Sharzeejah Rajasree, which all our Southern Princes use in the Cover

2 sovereign

[illegible]

[illegible]

mon usage when any Native of rank: precedability is addressed, is inadmissible at Tanjore, where it has always been claimed on behalf of the Rules that there can be but one Maharajah -

8. In Schedule D3 the Government will observe that I have included the large Palace at Trivian and the two Palaces in the great and little Forts of Tanjore, although the Rock and the Rock were erected by the last two Rajahs - the Royal Palaces, moreover, I imagine, be considered public property - therefore the same view I have entered in the same Schedule the Residencies here and

[illegible]

and at Shatoorbarah on the Coast
for all the both were purchased from
Sir William Blackburne by Gen:
Loyer, they were purchased avowedly
for the public purpose of official
Residences for the Officers of Govern:
ment accredited to the Rajah's
Court and have been never used for
any other purpose - Under the same
Schedule is entered the miniature
Forts and Towers erected at
Shambuchumpatumma by Lenfoje
in commemoration of the peace of
1815 - it is entitled as a public
memorial by a Hindoo Prince
of the Princes of Hindostan
Armor in Europe, but is of no more
utility of use to any one -

9. The Cloths in the Jumadha Khana
I have given up under Schedule D1. it
is probable that some of them were
in the Palace prior to 1799, as not
only is it so reported, but there are
many which are so old that they can
not be lifted without falling into
Shreds - there are gold and
Silver tissues the metal in which
is as valuable now, as when the
Cloths were first woven - there is
however no proof upon the matter
to be had, and I have therefore
thought it best to relinquish
them -

10. Since the letter was
Commenced I have received the Extract
from the Minutes of Consultation
dated the 15th instant of 1839 with

[illegible] and have added the
Sum of Dollars and Dollars as directed
by Mr Ritchie —

I believe I have now attached
thereto all Government bale points
which during the week may arise, and
address to the Company's Solicitor,
with instructions that Officer to
pay every attention to which I may
direct him —

A Copy of the letter
of the Merchants have been
addressed to the Honourable
the Secretary.

I have the honour
to be,
Your most obedient,

[illegible]
