NOVEMBER.

**Distress amongst the Muhammadan population of Triplicane.**

Authorizing the Commissioner of Police, as a temporary measure, to relieve cases of destitution among the Muhammadans of Triplicane by putting those of them who are able to work to such work as he can find for them, and reminding the Government Agent at Chepauk about certain information to be furnished by him regarding the Triplicane lungerkhana.

GOVERNMENT OF MADRAS.

## POLITICAL DEPARTMENT.

Read—the following paper:—

*Letter*—from Colonel J. C. Boulderson, Commissioner of Police, Madras.
*To*—the Acting Chief Secretary to Government.
*Dated*—the 4th November 1857.
*No.*—150.

I have the honor to acknowledge receipt of the Extract from Minutes of Consultation, dated 26th August 1857, No. 682, Political department, Confidential, in which I am desired to ascertain whether there exists any greater amount of distress than usual among the Mussalman inhabitants of Triplicane, and if it exists, to state the cause. In reply thereto, I have the honor to forward the following observations:—

The death of the late Nawáb of the Carnatic was followed by that of several members of his family, all of whom were Carnatic stipendiaries, and by that many persons were thrown into the world totally unprovided for; and these added to the number who lost their means of livelihood by the death of His late Highness, and the breaking up of the Carnatic Sirkar, has made the number of poor people in Triplicane much greater at the present time than ever it was before.

(1) Dulárí Bégam, the lady of the Prince Azím Jáh, died about twenty months ago. She received during her lifetime an allowance of Rs. 1,000 per month from the Prince and Rs. 700 from Saíd-un-nisá Bégam, commonly called Baday Bégam, her mother-in-law. She had about 200 servants, all of whom were turned adrift at her death.

(2) Boodee Bégam died about sixteen months ago. She received from Government Rs. 12,000 a month. Up to the day of her death she allowed—

| | Per month. |
|---|---|
| | Rs. |
| Azím-un-mulk Bahádur .. .. .. .. .. | 1,000 |
| Prince Azím Jáh .. .. .. .. .. .. | 3,000 |
| For her own expenses .. .. .. .. .. .. | 2,700 |
| Servants and dependants who were nearly 1,200 persons .. | 3,500 |

After the Bégam's death, the stipend was reduced to Rs. 2,250 and paid to Navasee Bégam, the wife of Azím-un-mulk Bahádur, who dismissed almost all the servants and dependants of the late Boodee Bégam, her grandmother.

(3) Laulee Bégam, mother of Etibár-ud-daula and Mooneerut daula, died about nineteen months ago. She received Rs. 200 a month. On her death, her servants, 50 in number, were thrown out of employ.

(4) Pádsháh Bégam died about six months ago. She received from Government Rs. 1,000 per month.

She was a very charitable woman and had about 300 servants. At her death her servants were dismissed, and the dependants lost the usual monthly gifts.

(5) Sháh Showar Jung, a son of the late Nawáb Wallajah, a very rich person, died about sixteen months ago; he received from Government Rs. 800 per month. He had about 50 servants on pay; and every Saturday morning he gave alms to 1,000 persons. At his death his servants were dismissed from service.

(6) Mirzá Manni, a descendant of the King of Delhi, was in receipt of Rs. 350 per month from Government. He died about fourteen months ago, and had about 15 servants; all of whom were dismissed at his death.

(7) Ekrám-un-nisá Bégam, mother of Sharf-ul-umará Bahádur, died about eight months ago. She received Rs. 300 per month, and had about 40 persons depending upon her; all of whom were discharged at her death.

During the lifetime of the late Nawáb, at the Mohurrum season, he usually gave Rs. 10,000 to the prayer readers, and Rs. 10,000 more were spent in feeding and clothing the poor. His late Highness also gave alms in the months of Rabeelavul and Rabeesanee (October, November and December) about Rs. 8,000—many people therefore who were largely benefited during his lifetime now miss the usual bonus.

On the death of the Nawáb only a few of his servants, namely, the Diwan, Munshi Muhammad Alí, General Doctor Qádir Ahmad Khán, and Mansúr-ud-daula Bahádur, etc., were pensioned on full pay; others were pensioned at a low rate; some received bonuses, and others including the greater part of the soldiers were dismissed altogether.

Prince Azím Jáh has not drawn his stipends for the last two years and his servants on this account have not been regularly paid, and are therefore suffering much distress.

In consequence of Azíz-ul-mulk losing the Rs. 1,000 which the deceased Boodee Bégam used to pay him regularly, he has dismissed many of his servants and dependants.

The present Nawáb Bégam, called Khair-un-nisá Bégam, whose stipend is Rs. 12,000 a month, has not paid her establishments for the last two or three months. She lavishes her money upon two women, one named Husain Bí and the other the wife of one Ghafúr, formerly a havildar of the Nawáb, residing in Soopareegoontah.

Many of those who received the arrears of their salaries, donations, etc., from the Government, after the death of the Nawáb, subsisted on the money they respectively received as long as they could; and when their funds were exhausted, many of them sold or mortgaged their clothes and household property, etc., in order to raise money to feed their families.

Bazaarmen who used to supply provisions to them on credit now refuse to do so, knowing that they have no means to pay from.

There were besides two lungerkhanas in Triplicane during the lifetime of the late Nawáb and Boodee Bégam. On an average about 500 destitute poor of the Mussalman population were daily fed at these places, but since the death of the Nawáb and the Bégam, these means of relief are abolished.

I take this opportunity to submit the accompanying statement, which has been prepared after careful inquiry and great trouble, showing the number (as far as it could be ascertained) of the distressed poor amongst the Mussalman population, chiefly inhabitants of Triplicane and Mylapore; and all more or less dependants of the late Nawáb, and the members of his family. His Lordship in Council will observe from the statement that there are no less than 730 heads of families in a state of utter destitution—they were formerly on the receipt of about Rs. 2,430 per mensem, averaging about Rs. 3¼ each family; and that 3,233 souls were in some measure provided for; and of this number, 561 are said to be men, 421 women and 1,251 children, and that 237 are stated to be fit to work and 493 unfit. With this data before the Government, I trust His Lordship in Council will be enabled to cause such relief to be afforded as may be deemed necessary.

Enclosure.

**Extract from the Minutes of Consultation No. 971, Political, dated 16th November 1857.**

In the foregoing letter the Commissioner of Police reports, in reply to a reference made to him on the subject, that there is at the present time a greater amount of distress amongst the Mussalman population of Triplicane and Mylapore than has heretofore existed, and clearly shows the causes to which it is to be ascribed. He states that there are no less than 730 heads of families "in a state of utter destitution"—they consist altogether of 3,233 * souls, and scanty and precarious as was the subsistence which they formerly received, they have now been wholly bereft of the means of support by the death on reduced circumstances of members of the Carnatic family and other stipendiaries on whom they were dependent, and by the discontinuance of various charitable distributions made during the lifetime of the Nawáb, as also by the discharge of the greater part of the soldiers and servants of the Carnatic Sirkar. Of the above number of destitute poor, only 237 are stated to be fit for work.

Women .. .. .. .. 1,421
Children .. .. .. .. 1,251

2. The Government are quite satisfied from the report submitted by the Commissioner that the distress amongst these people is great, and that their condition urgently demands some relief; and until some well-organised plan can be arranged for providing for them, they resolve to authorize the Commissioner, as a temporary measure, to relieve cases of absolute destitution by putting those of them who may be able to labour to such work as he can find for them.

3. To enable the Commissioner to give such temporary relief as may be necessary, which it is to be remarked has been granted under the very peculiar circumstances of the case and should be confined within the very narrowest limits consistently with the attainment of the end in view, the Accountant-General will be authorized to advance to him, upon his application, funds to a limited extent that may be required for the purpose, the same being adjusted by monthly bills of the actual expenditure which Colonel Boulderson will submit for the sanction of Government.

4. It is represented in the last paragraph but one of the Commissioner's letter that there were two lungerkhanas in Triplicane during the lifetime of the Nawáb and Boodee Bégam, that on an average about 500 destitute poor of the Mussalman population were daily fed at these places, but since the death of the Nawáb and the Bégam, these means of relief have been abolished.

5. In paragraphs 19 and 20 of Extract from the Minutes of Consultation, dated 23rd July 1857, No. 567, the Government noticed some details † of the Triplicane lungerkhana furnished by the Chepauk Agent in the appendix to his letter of the 19th May last, No. 128, and resolved to take this institution under the protection of the State, as had been done with the lungerkhana at Vellore, etc. They proposed to apply to the Supreme Government for an endowment equivalent to the amount now expended, the average sum of which the Agent was requested to ascertain and report. This information has not yet been received from Dr. Balfour, and he will now be reminded of it and desired to submit it without delay, as also to explain what is the present state of those establishments.

† In this lungerkhana the poor of the Mussalman inhabitants of Triplicane have doled out to them alms and rice, both boiled and raw. The amount of the alms is Rs. 83-8-0 per mensem, the number of recipients about 150. The amount of boiled rice daily distributed is not exhibited in a total, but there are a large number of pensioners on the list. The monthly number of seers of paddy comes to 1,017½.
