to arise - some question or other, about the matter in writing backwards and forwards in the time of, Saib-i-Mohtar, the Prince Azem-Sah Bahadur have written to Government that the Circar pays the deceased large family in the sum of 35 Rupees in consideration of the numerous families to be maintained and should the Prince be instructed by Government to stop the payment, he will accordingly abide then the Government in answer to the Prince's communication stated that the pension of 35 Rupees is certainly more than the sum of 25 Rupees but continues and having desired not to withhold the Circar pension accordingly the pension was thus disturbed to the family therefore the Government without the slightest grounds whatever having withheld their legitimate pension -

That your Lordships poor petitioner begs leave to state further that the pension of 35 Rupees was thus continued in the name of his late Brother, Sahib-i-Mohtar, for sometime and on his death His Highness the Nizam having let the pension slip from his hand to see your Lordships poor petitioner's actual condition in life that examining his person and report accordingly, a full and complete and thorough examination the petitioner was not only a perfect cripple but a great old man, he is crippled and can never in his future life move about if he wishes to do so he will be under the painful necessity to employ two people to take him up wherever he wishes to move therefore His Highness the Nizam after putting him then curtailing the 2 Rupees very humanely paid him 8 Rupees as family pension and to the monthly pension was granted to him and the petitioner was enjoying quite undisturbedly and

But your Lordships poor petitioner begs leave to state that since the death of His Highness the Nizam of the Deccan your Lordships poor petitioner enjoyed the reduced amount of 8 Rupees per month and on the 1st of the Government Agent at Bhopal, seems to have been to curtail the pension of 8 Rupees per month and upon this petitioning regarding it has been of 4 Rupees per month and upon this petitioning regarding it is put in circumstances to the favorable consideration of His Highness the Nizam who has replied stating that on examining the petition the Nizam has only draw 2 Rupees and a few annas per month and by the order of the

Officer having been pleased to fix the sum of Rupees 4 per month -

() Under these painful circumstances your Lordships poor petitioner implores leave to state that the Government Agent's verbal reply appears to your petitioner quite against Charity and Conscience the examination of the records were false and because the irregular payment which the Nizam made to some of the establishments it should have done in all cases and not in your poor petitioner's case; only it were calculated and given his groundless opinion and not according to the monthly List; in which your Lordship will find the sum of 8 Rupees per month as a reduced pension while so My Lord how can it be possible a reduced pension to be again curtailed particularly of a crippled man that is highly deserving of Mercy and that a deserving and worthy object of Charity who should have beyond all doubt have two persons to move him about at his own premises Alas! no Charity? No Mercy? No pity? and is there no death? Therefore your Lordships poor petitioner begs leave most respectfully to ask and solicit that your Lordship in Council should for the sake of the Lord God Almighty pass an order to see the petition paid his original pension of 8 Rupees, otherwise his life will be placed in jeopardy, your Lordships poor petitioner solicits most respectfully to state that the enclosed memorials in Triplicate to address of the honorable the Court of Directors at least be despatched with your Lordship in Council's warm recommendation -

For which act of charity your Lordship in Council will be abundantly rewarded by HIM who beholds the humanity of heart And as in Duty bound
