No. 19. From H. D. PHILLIPS, Esq., Resident of Tanjore; to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 9th June 1858, No. 252.

SIR,

20th January 1858, *No.* 58.

Para: 1. Adverting to the Minutes of Consultation marginally noted, which authorized the monthly expenditure of Rupees 150 for keeping up the Hospital established at Tanjore by the late Raja Seevajee.

2. I have the honor to submit, for consideration by Government, that the allowance in question seems scarcely adequate to the calls made on the institution, including the salary of the Medical Superintendent of the Hospital, and I would beg to suggest that an addition of Rupees 70 be now sanctioned.

3. The monthly outlay originally incurred at this Hospital, was, the Government are aware, recently reduced from 500 Rupees to the present low rate, thus relieving the Estate of the Raja from a payment of Rupees 350 per mensem. It is the only place in the important Town of Tanjore where advice is given and medicine dispensed, and, I observe with much satisfaction, that the Officer whom I have placed in professional charge of the institution, has, to all appearance, secured the confidence of the inhabitants, who willingly resort to him for relief.

Assistant Apothecary Mr. Saviel.

4. He has been successful in several grand operations and I was myself present when, on his late visit, Dr. McPherson, Inspector General of Hospitals, complimented him on the manner in which he had removed two right arms above the elbow joint, of which the stumps were then under process of healing.

642 *Cases.*
620 *out-patient.*
22 *in ditto.*
642

5. Enclosed, I beg to send an original list of cases treated in the Hospital during the past month, from which the Government may judge of the importance of the Establishment to the well-being and comfort of the inhabitants of Tanjore.

6. With only 150 Rupees at my command for its total monthly expenses, I cannot, however, permit myself to assign to Mr. Saviel more than Rupees 17½ per mensem, or little more than enough to cover the expences of a Bullock Coach to visit the Hospital twice in the day, and I have been obliged to pay away from the sanctioned amount, a small sum monthly in order to meet a Bill for Medicines, &c., recently purchased from Barrie and Co., Madras.

7. The necessity of this purchase was pressing, owing to a demand made by Dr. Brooking for the surrender to him of all Medicines in Store when his connection with Raja's Hospital ceased.

8. The Government may perhaps be under the impression that being in Medical charge of Tanjore, Assistant Surgeon Arnold is still drawing Rupees 175 per mensem, as the successor at the Raja's Hospital, of Dr. Brooking. Such however, is not the case, as Mr. Arnold's services were sometime ago withdrawn to accompany the Head Quarters of a new Regiment to Dindigul.
