SIR,

I have the honor to announce the demise, on the 1st March 1858, of Carnatic Stipendiary, No. 390, Khader Hoossain Khan, to whom, by Extract Minutes of Consultation, No. 211, dated 1st July 1844, was granted a Stipend of Rupees 130 per mensem.

2. The deceased by the mother's side was a Grandson of His Highness the late Nabob Mahomed Ally Wallajah, and by a reference to my Classified List, No. 1, sent with my letter of 29th June 1854, the Right Honorable the Governor in Council will observe, that he was there (see printed copy page XXX) arranged amongst the people of consequence whose heirs would be entitled under the Honorable Court's Orders of 1846 and 1851, to some Pension on his demise, and I still hold that opinion.

3. He has left a Nickah widow named Haneefah Beebee, who on the 8th March last stated, in a Petition, that deceased left heirs as per margin,* which list is corroborated by a Petition from the eldest Daughter, who is married and by all the subsequent investigations made in the Agency.

6. I have the honor to solicit the attention of the Right Honorable the Governor in Council to the following observations having reference to this case.

7. While the Nabobs were in their positions, there occurred many such cases as this and the practice was as follows, in such a case as that of the Children which I now detail.

8. Of the deceased's family, the five Shadee Children, the oldest of whom is 16 years of age, have lost also their mother.

9. The Nickah Widow was a woman of low origin, and the Harm, though one of the household, also of low origin.

10. In the Nabob's times, the whole of the Stipends of the infants would have been issued; the Children allotted to live in some near relative's house, and their Stipends all drawn, but only such portions of them issued to them as would have been deemed sufficient for their support, the balances being kept for them in the Nabob's Treasury.

Fort Saint George, Political Consultation, 20th July 1858.

11. The Children even now are separated, one Daughter who has married, and the other Daughter who is betrothed, and one Son are in their Aunt's house, the other two Sons are with the Nickah Widow.

12. If the portions now recommend be sanctioned, I have the honor to recommend the issue of the whole of the several amounts.

13. I recommend that the whole of the unmarried Children be required to reside in house of their Aunt, (Izzut Oon Nissa,) that this Lady be permitted to draw each of their shares under their joint seals respectively, retaining certain portions for their expenses and depositing certain portions in the Savings Bank, submitting monthly to the Agency, the Bank Book. The portion to be used, and the portions to be put into the Bank, to be as under, this arrangement to last till the marriage of the Daughter, and till the Sons respectively attain their 19th year.

14. The above plan seems a little complicated, but I do not know any one more simple, worthy of submission, with a due regard to the proper training and care of the Children.

bers of the family who are minors; but they do not think it necessary that the portions not required for their immediate expenses should be deposited in the Savings' Bank. It will be sufficient to pay the reduced sums specified in para: 13 until the children attain the proposed age, when they would draw their full Pensions, and the Savings which would have accumulated meanwhile might then be disbursed and applied as far as possible towards setting them out in life. If any of them die before attaining the above age, the amount of the Savings must be considered to lapse to the State. In other respects, the arrangements proposed by the Agent appear anexceptionable and are accordingly sanctioned.
