Extract from the Minutes of Consultation under date the 11th August 1858.

Read the following letters from the Government Agent at Chepauk.

With reference to Extract Minutes of Consultation, No. 76 of 28th January 1858, explaining the differences between the numbers and amounts of Servants and in salaries as sent by Dewan and Agency enclosing (arranged in three classes) the List of Servants of the Madras Tombs and that of the Tombs at Trichinopoly, with the Government Agent's remarks thereon. } (Dated 24th June 1858, No. 1101.)

In accordance with the Orders in Official Memo: No. 225, states that the List to be followed by Government is Progressive List, No. 56, Part I, D, and shows the difference regarding the 9 Men alluded to in the Memo: under reply. } (Dated 7th July 1858, No. 1182.)

Subjoining copy of a letter from the Collector of Trichinopoly regarding the freed Abyssinians. } (Dated 12th July 1858, No. 1204.)

Submits the name of an individual found to be a Slave, for whom also the Government Agent recommends a one-third rate of Pension. } (Dated 14th July 1858, No. 1218.)

1. In the first of the letters above recorded the Government Agent at Chepauk submits the further information called for in Extract Minutes of Consultation, 28th January last, No. 76, relative to the arrangements connected with the charge of the Tombs of the Nawaub of the Carnatic at Madras and Trichinopoly.

2. The servants now employed at the Madras Tombs are 94 in number, on aggregate salaries of Rupees 673-6-0 per mensem, or Rupees 8,080-8-0 per annum. To this has to be added Rupees 36-4-0 per mensem, or Rupees 435 per annum for Flowers, Oil and Stationery, and 400 Rupees for the Fatiahs or annual ceremonies of the three last Nawaubs and of her Highness Enayetoonissa Begum, raising the total amount to Rupees 8,915-8-0 per annum.

3. The Servants employed at the Trichinopoly Tombs are 20, *viz* :
13 Entertained by the Nawaub at an aggregate monthly charge of Rupees 45-8-0
7 Freed Abyssinian Slaves detailed for duty there 57-12-0

Total Rupees .. 103-4-0

per mensem, or Rupees 1,239 per annum, besides an expenditure annually for Flowers, Firewood and Coconut Oil, and for the yearly ceremonies of the Nawaubs Wallajah, Ameer Ool Oomrah and Oomdut Ool Oomrah and of some female Members of their families, amounting to Rupees 578 : so that the entire annual expense at present is Rupees 1,617.

4. With respect to the future management of these Tombs, it has been recommended by the *Agent and approved by Government that the Abyssinian Household Slaves of the late Nawaub should be freed and allowed to perform duty at the Tombs on full salary for life. There are 23, inclusive of those deputed to Trichinopoly and the one alluded to in the Agent's letter of the 14th July, No. 1218, and their monthly salaries now amount to Rs. 227-10-0.

5. The Agent now adverts to the turbulent and refractory character of these men, which has already been brought to the notice of Government; and in consequence of it, he is induced to modify his previous recommendation and advises that they be removed from the Tombs altogether and pensioned on the same terms as has been prescribed for other Servants of the Nawaub. This will involve an immediate expense of Rupees 111-14-0 per mensem, (or about half that now incurred,) diminishing as the lapses fall in.

6. The Government, under the circumstances, to accede to this proposal, and accordingly sanction the Progressive List, No. 56 C. submitted by the Agent, of the Pensions recommended to be granted to the Hubshi freed men, to which the name of "Shaik Ismael" is to be added. This person and Siddy Abdoor Raheem, the last individual entered in the above List, are the only exceptional cases in which Pensions at one-third of the pay are proposed without reference to qualification of Service, and these are sanctioned as recommended by the Agent. In communicating to the Hubshis the grant of Pensions to them, the Agent will distinctly explain to them that if they will not conduct themselves in an orderly and peaceable manner, and continue refractory and turbulent, they will be deprived of their Pensions altogether. The List, No. 6, of Hubshis submitted under date the 13th May last, will be returned to the Agent, and as these men have now been pensioned on the same terms as other Sirkar's Servants, it is suggested that they might be included in the Pension List No. 8. In that case, as there would be no Lists of Hubshis and Hummamnees which were numbered 6 and 7, List No. 8 of the pensioned Servants might be made No. VI.

7. In respect the other Servants, it is proposed that of those at the Madras Tombs, 40 on an aggregate monthly Salary of Rupees 216-4-0 shall be retained to continue under the Member of the family who may undertake the charge of the Tombs, and that 30 with Salaries amounting collectively to Rupees 202-12-0 per annum shall do duty on their present pay for life and die off. The establishment for the Trichinopoly Tombs is proposed to be maintained at its present strength.

	per Annum.	
Servants to be retained	Rupees 2,595 0 0	8. This will give, as shewn in the margin,
For Expenses, Travelling and Outfit	435 0 0	for the Madras Tombs a total present annual
Fatials	400 0 0	expense of Rupees 5,863, and an eventual one
	3,430 0 0	of Rupees 3,450. The total yearly cost for the
Servants to die off	Rupees 2,433 0 0	Trichinopoly Tombs will not vary and will be
Total	5,863 0 0	Rupees 924 per annum. The Government approve these arrangements.

9. The two villages of Ismaileopum and Shyanapooram in the District of North Arcot, and the lands in the villages of Sooreore, Navulpally and Vuddaveor in Trichinopoly, do not appear to have any connection with the Nabob's Tombs. The two villages in North Arcot are the endowments of the Wallajah and Anwari Mosques in Triplicane, and the latter lands have been granted in endowment of the Nathur Sahib Durgah at Trichinopoly. They are administered by the Mootowulices of the two Institutions, with whose management the Government have no wish to interfere. The proposal of the Agent to charge them with payments for defraying the expense of the Nawaub's Fatials is inadmissible.

10. The Agent adverts to the answer shown in his letter of the 28th November last, No. 331, to have been returned by the Members of the Family to the communications which he addressed to them regarding the care of the Tombs. He observes that to carry out the views of Government, that on the payment to be made yearly to the person in charge being fixed, neither Government nor their Officers can further interfere, "it would be essential that some arrangements other than that noticed in the concluding clause of para 9 be made, for by that clause constant reports will be required to be made of the casualties amongst those who are to die off and there will therefore be required alterations in the amounts granted and monthly or annual issue of sums of money for the superintendence of the Tombs. To carry out the views of Government of avoiding all interference, the easiest plan which it occurs to him to suggest, and even this is open to many objections, is to increase the Stipend of the relative in charge by as much as Government resolve to allow, with a brief intimation of the object of such increase." The course here suggested is precisely that which the Government desire to follow. The charges proposed to be permanent seem however still unnecessarily large, and they should be considered as open to future revision. It should also be distinctly explained to the party to whom it may be determined to entrust the care and management of the Family Tombs that the 30 Servants whose salaries amount to Rupees 2,433 per annum, are not to be replaced as they die off; and as

the payments on their account will cease with their lives, the lapses that occur among them must be duly reported to the Agent.

11. The additional nine Servants mentioned in the Agent's letter of the 6th July, No. 1182, are said to be "part of the men whom the Dewan of the Durbar had of his own motion employed "at the Tombs since the demise of the late Nawaub." The Government are of opinion that these Servants need not be continued, and direct that they be discharged in giving effect to the arrangements now sanctioned.

12. Rusheed Ood Dowlah, the Shadee brother of Prince Azeem Jah, has expressed his willingness to undertake the management of the Tombs, but before determining on making over the charge to him, the Government resolve to ascertain from the Agent if he sees any objection to the measure. They must at the same time observe that Khyre Oon Nissa Begum, whom the Agent has recommended should be entrusted with the performance of the duty, is unfitted for it both by her sex and by the description of people she has placed in charge of her affairs.

GOVERNMENT AGENT'S OFFICE,
24 June 1855

From Surgeon E. G. BALFOUR,
Government Agent at Chepauk,

To
T. Dyroft Esquire
Chief Secretary to Government,
Fort Saint George.

SIR,

I have the honor to furnish the
information required in Extract & Minutes of
Consultation No 76 of date the 25th of June
1858.

3. In papers 4, 5, 6, 7 and 8, the
Dyroft Esquire has shown that the
minutes of the existence of differences between the
numbers of servants and the amounts of
salaries as recorded in the list sent in by
the Dewan and in that obtained from the
Agency by the Records that are under my
care.

3. I have the honor to explain that
the servants employed at the Madras Service
are so by orders from the sources, viz:

- a. Orders by the late Nabob.
- b. Orders of Government since the Nabob's death.
- c. Orders by Dewan of his own authority since
the Nabob's demise.

4. The servants at the Madras Tomb from Nabob's time by his orders a number - 63.
 The — 2. — 3. by Government - 15.
 From employed by Dewan since —
 Nabob's demise — — — — — 16.

The Total servants now employed at the Madras Tomb as per Dewan records is Dewan's list as now sent is — — — 94

and The number 92 stated in my letter and Post of 2nd November last and notice in para 7 of the Minute under reply was so stated because the Dewan of the Tomb had excluded two men who ought to have been included by him and who now are so by him.

5. In para 8, Government allude to the difference between the amounts of the list sent in by the Agency and sent by the Dewan as noticed in paras 6 and 7 of the Minute under reply. The difference arose from the Dewan excluding from his list the whole of the Freed Slaves who are paid from the Agency viz Rs 1947 also the salary of one Mohamed Dawood viz Rs 52-8-0 also stationary viz Rs 3-3-0.
 Total

Total per annum 8 Rupees 2062-11- which is the amount of difference between the list as sent by the Agency viz Rupees 8,654-11 and that sent by the Dewan viz Rupees 6,654 and not Rupees 1,702-11 as stated in para 6.

It would appear that Government have deducted Rupees 300 for Salaries as if the Agency had included that amount and wish now to be furnished with the reason of the difference as Government suppose of Rupees 1,702-11 in excess of the amount mentioned in the Dewan's list.

In para 8 of the same Minute Government desire that an exact account be furnished of the servants of every class entertained in this duty and I have the honor to make rearranged as above, in three classes the following list of servants of the Madras Tomb, obtained from the Dewan of the Durbar after repeated requests.

9. I have the honor to intimate that when in my letter No. 155 dated 21st December 1856 Page 20 para 168 I recommended that the household Slaves should be freed and allotted to perform duty at the Tombs on full salaries for life, I did so in reference to the opinion of the people in this Country who would regard it as necessary that provision should be made for these household dependents and sanction was given thereto in para 30 page 5 of Extract Minutes of Consultation No. 230 of the 19th March 1857.

10 In my communication of 24th Jan. 21st I regret to mention that their conduct with 2 exceptions continues bad in various degrees.

11 On the 23rd December last the Dewan of the Durbar in answer to communication from me thus replied: "I am that 3 of these have returned to Madras and I beg to observe that the Mubashers in both places do not obey the superintendents or their officers nor listen to any one, and they will not be so much reprimanded."

12 In a letter from the Collector of Trichinopoly of the 16th February last he announced that all the Mubashers detailed for duty there had quitted Trichinopoly without leave. The ostensible cause of the Trichinopoly men so acting was that prior to their departure there, their comrades here unanimously in my presence and in their presence promised to relieve them. But I regret to mention that those doing duty here with 2 exceptions boldly refused to fulfil their own agreements: they were led on in this course by pensioned zamadar Siddy Pilewan and I further regret to mention

mention that I subsequently became aware that the Dewan, though he had himself ^{as above} complained of these people's disobedience and desire to have them punished, was, at the very time, employ- ing under his own orders near himself that ex zamadar and had also given orders to the superintendent at the towns not to exact duty from them. I have not com- plained against the Dewan of the Durbar on this account because I had considered that his acting thus was owing to the want of physical courage natural to so aged a man rendering him averse to enforce obedience from people accustomed to use intimidation, and because I was in hopes of being able to report immediately on the matter of the towns when I intended to notice their conduct as above.

13. Firmness from the first - would have kept them in order, but I do not now consider it prudent to place them under the orders of any member of the family and I now re- commend them to be pensioned at the rates

of their services for life like other servants.

- 16 In para 11 of the Minute under reply I am also commanded to report on the matters connected with the management of the revenues of the mosques and Durgah.
- 17 As is the custom, in such matters, amongst Mahomedan people, the two Mosques here have at long been managed by a Mutawallee.
- 18 The first of these, was the present incumbent's father Hajee Mahomed. Mugh. rah blee, who was nominated Mutawallee by the Government of the Nabob Comdut ool Comrah, granting Revenues of Ismail Coorun and Sain Poarun for the Wallajahi and Anwari Mosques.
- 19 The present incumbent Hajee Gholam Mahmood, styled Saulyat Khan Bahadoor was nominated 16th Rajab 1239 Hijree, by two Peshawars of Nabob Anwar ool Daulah for the cultivation of the villages, collection of its revenues and employing some for the Mosques Wallajahi and Anwari, repairs of shops, and the pay of servants.

The contents of these two *firman* are as under.

1239, 6th Puzjib, A *Firmanah*, from
~~1824, 3rd March~~
 Nabol Azum Jah in the name of Azum
 Nawaz Khan Bahadur / now Sulayat
 Khan Bahadur / ordering him to take
 possession of Ismail Cospum, shops
 of the Mosque, and Coconut trees, and
 employ his time in the care of the place,
 in collection of its revenues and employing
 the revenues for the *Mallajahi* and *amwari*
 Mosques, for the repair of the shops, and
 the salaries of all the servants, sending
 the accounts to the *Sircar*.

1239, 6th Puzjib, A *Firmanah* from
~~1824, 3rd March~~
 Nabol Azum Jah Bahadur, in the
 name of Azum Nawaz Khan Bahadur ordering
 him to take possession of *Simna* *Parum*
 in lieu of Rupees 200 per *mansam* -
 allowed to his father the *Mutawallee* of
Mallajahi and *amwari* mosques and
 give his money for his own expenses, and
 give his services to the care of the mosques

and praying for the *Sircar's* prosperity.

21

The revenues for the past ten
 years have on the average been

For Ismail Cospum, total for 10 years
 from *Fisli* 1256 to 1265 inclusive R. Rs.
 " *Simna* *Parum* total for 10 years 25243-
 10 40556-1-9
 Average R. 4055-10-3

22

It is not the custom for any
 one to interfere with a *Mutawallee* and
 the present one Sulayat Khan, the
Mutawallee of the two mosques has ever
 had the entire control of them.

23.

I have not been able to dis-
 cover in the *Sircar* Records any infor-
 mation regarding the *Durgah* of *Futther*
Sahib at *Trichinopoly*, and on applying
 to Mr. Bird, he replied as follows,

Trichinopoly.

Trichinopoly, Collector's Office 15th Jan 1858
(1858)

Dear Sir,

I have the honor to receive

your letter of the 11th inst.

to

the Hon. S. J. P. B. B. B.

(Government, Secy. to Govt.)

(Trichinopoly)

Trichinopoly.

1. In reply to your letter N^o 783 of the 20th ultimo transmitting copy of Extract Minutes of Consultation N^o 76 dated the 28th January 1858 on the subject of the Nuthur Sahib Durgah, I have the honor to furnish you with Copy of a reply sent me by the Agent of the late Nawab at Trichinopoly.

2. You will observe that, the Nuthur Sahib Durgah is distinct from the Tomb of the Nawab at this place. Although these latter, and the Nuthur Sahib

Durgah are in juxtaposition.

3. The Tomb and the Durgah have no concern with one another, and their incomes and expenditure are separate in every respect.

4. The lands for the endowment of the Nuthur Sahib Durgah are in the villages of Sooree, Namulpully and Tuddavoor, and were upwards of an hundred and thirty years ago granted by the Government of the Carnatic for the support of the Durgah in question.

5. These villages, and the income derived therefrom, are in the hands of the Moogawars of the Institution, and the affairs of the Durgah are managed by them.

6. I beg to return the Extract Minutes of Consultation received with

24. The Right Honourable the Governor in Council has had submitted in para 1 to 6 of my letter N° 311 of 28th November last the replies which the members of the Council gave to the communication I addressed to them regarding the care of the Sombas in Porag of the Minis under reply.

25. In para 12 of the Minis under reply The Right Honourable the Governor in Council announces that the payments shall be made yearly to the person in Charge, neither Government nor their officers will further interfere. To carry out this view it would be essential that some arrangements other than that noticed in the concluding clause of para 9 be made, for by that clause constant reports will be required to be made of the casualties amongst those who are to die off, and there will therefore be required alterations in the amounts granted, and monthly or annual issues of sums of money for the superintendence of the Sombas. To carry out the views of Government of avoiding all interference, the easiest plan which it occurs to me to suggest and even this is open to many

objections, is to increase the stipend of the relative in charge by as much as Government resolve to allow with a brief intimation of the object of such increase.

My dear Pycroft

Rashid ad Dowlat
the brother of Sami Agim Jih
has just called on me to say
that he objects to the care of
the family tomb being committed
to Khair ul Difa Begum who
he declares is quite unfit for
the charge.

I asked him why
he had not sent a representative
of the Agent when asked whether
he would accept the charge.
He replied
that he was never asked - that
the Agent simply required his opinion
regarding the future treatment of the
tomb.

travels that he stated "he hopes
the Govt. will keep them up as
heretofore" but that he was
not aware of the Agent having
inquired whether he was willing
to accept the charge of them &
that if he had been he should at
once have prepared his Madras
& taken them on his Brother's refusal
& that he was still prepared
to do so.

I have already stated my impression
that the Begum was unequal to
the duty & I think that
Rashed ad Dowlah is in every
respect more eligible for it.

Yours Sir Wm. Pitt Rivers

The Govt. Agent
at Chepauk submits the
further information called
for in Ex. Min. Com. 28th
January last, relative to
the arrangements connected
with the charge of the
Tombs of the Nawabs of
the Carnatic at Madras
and Trichinopoly.

2 The servants now
employed at the Madras
Tombs are 94 in number,
on aggregate salaries of—
Rupees 673-6-0 per mensem
or Rupees 8080-8-0
per annum. To this has
to be added Rupees 36 1/4

families, amounting to
Rupees 378-0-0 so that the
entire annual expense
at present is Rupees 1617-0-0
4. With respect to
the future management
of these Tombs, it has been
recommended by the Agent
and approved by Govt. that
the Abyssinian Household
Slaves of the late Nawab
should be freed and allowed
to perform duty at the Tombs
on full salary for life.
There are 22 inclusive of
those deputed to Trichino-
poly, and their monthly
salaries now amount
to Rupees 220-10-0

5. The Agent now
adverts to the turbulent
and refractory character
of these men, which has
already been brought to the
notice of Govt; and in
consequence of it, he is
induced

induced to modify his previous recommendation and advised that be removed from the Tomb altogether and pensioned on the same terms as had been prescribed for other servants of the Sircar. This will involve an immediate expence of Rupees ^{11/12} per mensem (or about half that now incurred) diminishing as the lapses fall in.

In respect to the other servants, it is proposed that of those at the Madras Tomb 40 on an aggregate monthly salary of Rupees 216-14 shall be retained to continue under the Member of the family who may undertake the charge of the Tomb, and that 30 with Salaries

of their maintenance continues - they shall be sent back to their own country.

10 The course
here suggested is precisely
that which the Govt. de-
sire to follow. The per-
manent increase however
on account of the Madras
Tombs must be limited
to what the eventual
expense is to be or Rs 3400-
and some provision made
for the amount on account
of the servants who are
to die off, decreasing as
the lives fall in. At
present however there
seems no course, but to
make over the whole
allowance Rs 5863 for the
Madras Tombs and Rs 924
for those at Trichinopoly
to the Dewan, to be ex-
pended by him until
some other arrangement
can be made. The Dewan
must only report the lapses
among the 30 servants
who are to die off.

Order

11. Orders are pre-
-quested on the above
as also on the proposal
to pension ^{the} Abyssinian
freed slaves. They seem
a wild half barbarous
set of people, not easy to keep
in order. At the same time,
if they will not behave
themselves, they cannot
be retained for service on
full pay and if they are
pensioned, there seems
no reason why they should
not be pensioned on the
same terms as other of
the Soudan servants -
altho' these terms are
not likely to be palatable

This paper had nothing to do with them -
the Pres.

I think the Habshi freedom
should be pensioned as recommended
and the management of the towns
be made over to them as before
begin as recommended the
Agent. I don't think there is
the best person for performing
the work in the hands of them or
of his brother, but they are

J.P.

J.P.

moderate to undertake the
charge.

I think also the full sum
allowed for the support of the birds,
which is made over to her, the
Dewan & paying on a large
among the terminable annuities,
but this allowance proposed
for permanent seems unnecessary
large: Rs 830 for supplies & Rs
2595 for 63 servants at the
Madras tables. This charge
should be left open to future re-
vision. The charges at Madras are
moderate, but may also be left
open to revision hereafter.

I concur with Mr
Ghote's view.

salary for life - There are 33, in-
-clusive of those defunct to Trichi-
-nopoly, and the one alluded to in
the Agent's letter of the 16 July
N^o 1218, and their monthly salaries
now amount to Rs. 227-10--

5. The Agent now adverts to
the turbulent and refractory
character of these men, which
has already been brought to the
notice of Government; and in
consequence of it, he is induced
to modify his previous recom-
-mendation and advises that
they be removed from the Tombs
altogether and pensioned on the
same terms as has been prescribed
for

for other servants of the house
 this will involve an annual
 expense of Rs. 10-12-00 per annum
 (or about half that, if the number
 diminishing, as the list is falling
 to 6. The Government, under
 the circumstances, has assented
 to this proposal - and accordingly
 sanction the Progressive List No. 6
 submitted by the Agent, of the pensions recommended
 to be granted to the Hubahis first
 men to which the name of Samuel
Samuel is to be added. This person
 and Liddy, Abdoo, Rahem, the
 last individual entered in the
 above list, are the only exceptional
 cases in which pensions at one
 third of the pay are proposed, with-
 out reference to qualification of
 service - and these are sanctioned
 as recommended by the Agent.
 In communicating to the
Hubahis the grant of pensions
 to them, the Agent will
 distinctly

deprived of their Russian
 altogether.

distinctly explain to them that
 if they will not conduct them-
 selves in an orderly and peaceful
 manner, and continue refractory
 and turbulent, they will be sent

The List No 6 of Hubahis
 submitted by the Agent
 under date the 13th May last
 will be returned to the
 Agent - and as there
 men have now been pro-
 visioned on the same terms
 as other Hubahis servants,
 it is suggested that they
 might be included in
 the Pension List No 8. In
 that case, as there would

 ing collectively to Rs 802-12-0 per

expense of Rs. 9248 and an annual
eventual one of Rs. 3430 - The total
yearly cost for the Trichinopoly
Tomb will not vary and will be
Rs. 9248 per annum - The Government
approve these arrangements.
9. The two villages of Semai
-oopuram and Shyanapuram in
the District of North Arcot, and
the lands in the villages of Bra-
-ee, Navulpully, and Vuddavoom
in Trichinopoly, do not appear to
have any connection with the
Nabob's Tomb - The two villages
in North Arcot are the endow-
ments of the Wallajah and Shewari
Mosques in Trichinopoly, and the
latter lands have been granted
in endowment of the Nuthur-
Salib Durgah at Trichinopoly -
They are administered by the
Mooty of the Government,
with whose management the
Govt. have no wish to interfere -
The proposal of the Agent to charge
them with payments for defraying
the

the expense of the Nawab's Fatihah
is inadmissible.

10 The Agent adverts to the answer shown in his letter of 28th November last N^o 334 to have been returned by the members of the family to the communications which he addressed to them re- garding the care of the Funds. He observes that to carry out the views of Government - that as the payment to be made yearly to the person in charge being fixed, & neither Govt. nor their Officers can further interfere - "it would be essential that some arrange- ments other than that noticed in the concluding clause of para- 9 be made, for by that clause con- stant reports will be required to be made of the casualties amongst those who are to die off and there- will therefore be required alteration in the amounts granted and monthly or annual issues of sums of

the Thubs. To carry out the views
of Govt of avoiding all interference
the easiest plan which it occurs
to him to suggest, and even this
is open to many objections, is to
increase the stipend of the
relative in charge by as much
as Govt resolve to allow, with a
brief intimation of the object of
such increase." The court,

Bakhador
Punkeed and Dowlah, the Shadde
brother of Prince Gyemshah, has
expressed his willingness to under-
take the care and management
of the Family Thubs on the Prince's
refusal to accept it - and as he
seems to be in every respect
eligible for it, the Govt resolve
accordingly to make over the
charge to him, together with the
whole allowances viz Rs. 8,568 per
annum for the Madras Thubs
and Rs. 700 for those at Suichingpoly.

but as the charges proposed to be permanent seem still unnecessarily large, they should be considered as open to future revision. It should be distinctly explained to Peshawar that the 30 servants whose salaries amount to Rs 2,433 per annum are not to be replaced as they die off and as the payments on their account will cease with their lives, he must duly report the lapses that occur among them. 11. The additional nine servants mentioned in the Agents letter of the 6 July No 1182 are said to be "part of the men whom the Dewan of the Durbar had of his own motion employed at the ~~the~~ since the demise of the late Nawab." The Government are of opinion that these servants need not be continued, and

and direct that they be ~~disregarded~~
in giving effect to the arrange-
ments now sanctioned.
