No. 5. To THE SECRETARY TO THE GOVERNMENT OF INDIA, dated Fort Saint George, 16th October 1858, No. 677.

SIR,

With reference to Mr. Secretary Edmonstone's letters of the 17th September 1856, para : 10, and 10th October 1856, No. 5146, para : 5, I am directed by the Governor in Council to forward for record in your office the accompanying (6) six Lists of the Immediate family, the Chief Officers, Pensioners and Servants of His Highness Mahomed Ghouse Khan Bahadoor, late Nawaub of the Carnatic, who have been admitted to Stipends or Pensions under the orders of the Government of India.

2. The Lists are six in number.

No. 1. The Immediate members of the family of His late Highness.

No. 2. The Chief Officers, many of whom 8th September 1856, No. 4644, para : 17. have been admitted to full Pension under the 17th " " No. 4780. " 10. orders of the Supreme Government.

Nos. 3 & 4. The Aged Servants and Youths who do not, strictly speaking, fall under the rules laid down by the Government of India, but to whom, subject to the sanction of that authority, this Government have granted Pensions, under circumstances presently to be noticed.

No. 5. The Pensioners of the Carnatic Sircar in four parts. Part 1 being the Pensioners proper, parties who had been admitted by the late Nawaub to Pension for previous service rendered to him, and to whom the pensions which they enjoyed during the time of the Nawaub have been continued for life; and three other parts

From Government of India, 8th September 1856, shewing the retainers of His Highness known as the Neeazat or people of the Vows, the No. 4644, para : 17. 17th September 1856, Saadat or people of Mohurum Syed, and Beycar, these three last classes having been entertained as Pensioners by the late Nawaub not No. 4780, para : 10.

for past duties performed, but on religious or other motives, and to whom the Government have thought it sufficient to continue for their lives Pensions equal to half the allowances for which their names are entered in the Sircar books.

No. 6. The servants of the late Prince pensioned on the scale furnished in para : 18 of Mr. Secretary Edmonstone's letter of the 8th September 1856, with the benefit however as From Government of India, 31st December 1856, No. 6291. in the case of the Tanjore Servants of calculating hereditary Service.

3. The parties in Lists 2, 3, 5, 6 are to have their Pensions for life only, those in List No. 4 until they attain their 18th year. Of the Stipendiaries entered in List No. 1 being the relatives of His late Highness or of his immediate Predecessors, the chief have been admitted to Pensions renewable for two or one generation according as the Stipendiary is male or female, with reduction of not less than one half the Stipend on each lapse, agreeably to the course prescribed in para : 13 of Mr. Edmonstone's letter of the 8th September 1856, No. 4644. All these Stipends of any note will be found in the Lists submitted by me on the 17th June, No. 179, and 29th November 1856, No. 472, and which received the sanction of the Supreme Government under date 31st December 1856. A few Pensions of small amounts have been continued for life by this Government on the lapse of previous Pensions. The total of all the allowances shown in these Lists is, it will be remarked, Rupees 3,90,826, which falls short of the sum (Rs. 4,21,168) exhibited in my letter of the 29th November 1856, para : 5, and sanctioned by the Government, of India, on the 31st December 1856, by Rs. 30,342. It may however be proper to remark that the Honorable the Court of Directors in a recent Despatch have authorized this Government, with the approval of the Government of India, to raise the Stipend of Prince Azeem Jah Bahadoor, Uncle of the deceased Nawaub, to 1½ lac of Rupees per annum. A reference on this subject was made to the Supreme Government, under date the 1st Ultimo, No. 567. If the augmentation be granted the total amount now payable in Stipends to the Immediate Family will be Rupees 4,40,826.

4. Lists 2, 5, 6 having been prepared in conformity with the instructions and rules received from the Supreme Government do not require remark. The only deviation from those orders are in regard to Lists 3 and 4. The first of these is of very aged Servants, none of less than 60 years of age, to whom Pensions have been granted although in strictness they were not claimable, or have been granted at higher rates than would have been given under a strict application of the rules. List No. 4 is of Youths not admissible to Pensions but whose former allowances from motives of charity have been continued until their entry on their eighteenth year. For the sums borne in these Lists I am desired to solicit the sanction of the Supreme Government. The total amount of the two Lists is Rupees 10,344-0-0 per annum, which will decrease rapidly from lapses among the old and from the young attaining the prescribed age.

5. The Stipends and Pensions in all these six Lists are in the aggregate Rs. 48,089-14-5 per mensem, or Rs. 5,77,078-13-0 per annum, being Rs. 12,090 below the amount sanctioned in Mr. Secretary Edmonstone's letter, dated 31st December 1856, No. 6321.

6. Much pains has been taken by the Government Agent at Chepauk in the preparation of these Lists, by which as well as by the time occupied in the verification of alleged hereditary service their submission has been protracted. They are now believed to provide for all the claims that can be made on the bounty of Government in connection with the late Carnatic Circar, with the exception of a few Pensions to Servants. These are for the most part such as will have to be assigned to the servants at present in charge of property at Madras and the outstations belonging to the late Nawaub and which will now have to be taken possession and disposed of by the Receiver of the Carnatic property under Act XXX of 1858. When that has been done the claims of these servants will be settled and entered in a Supplemental List. The amount will not be considerable.

7. In submitting these Lists, I am desired to solicit attention to the present footing as respects remuneration of the Office of Government Agent at Chepauk. The Salary of that appointment stood originally at Rs. 1,490 per mensem, and the Paymaster of Carnatic Stipends was a distinct Office on a monthly salary of Rs. 525. In 1829 these two Offices were amalgamated and their remuneration was fixed at a consolidated salary of Rs. 525 per mensem, being the pay of the latter Office as fixed in 1805, and at this amount it has since stood. During the life time of the Nawaub and while much of the Agent's duty consisted in being the medium of communication between the Government and the Durbar, the salary was not so strikingly inadequate, although even then, as the Agent had the supervision and payment of the Carnatic and Jaghiredar Stipendiaries of 1801 whose allowances in 1855-56 aggregated Rs. 2,94,017 annually, it was but small. Since His Highness' death, however, the amount of Carnatic Pensions has risen from Rs. 2,94,017 to Rs. 8,71,095 a year, a very large proportion of these Pensions being life grants

NOTE.—See this more fully stated in an Extract appended from a letter to Government from the Agent at Chepauk, 24th December 1856, para : 82.

The Commission appointed by this Government (as reported to Government of India on the 25th June 1857, No. 371, Financial Department) for investigating Public Establishments, in their report upon the Chepauk Agency have submitted their opinion that "the amount of the salary of the Government Agent at Chepauk and Paymaster of Carnatic Stipends is not sufficient to ensure the due performance of the duties of the Office, which require not only a perfect acquaintance with the Persian and Hindustani languages, but also a thorough knowledge of the character of the people and of the political relations of the country."

the incumbent would not be induced to look for promotion elsewhere, thus tending to frequent

fraud. Independently of the payment and control of all these Stipends and Pensions the Chepauk Agent, since the death of the late Nawaub has deprived the Carnatic Family of its recognized head, is brought frequently in communication with the Chief Members of that Family, the Uncle and Widows of his late Highness and near relatives of his predecessors, all those in fact to whom large Stipends will be found to have been assigned in List No. 1. The responsibility and labor now attaching to the Office of Agent render, in the opinion of Government, the present salary (Rs. 525 consolidated) altogether insufficient. The party to fill it should possess a thorough knowledge of the Persian and Hindustani languages, and be a man of intelligence, industry and temper. The salary should be such as to admit of its being held without any other Office, and such that

changes. The Government would strongly advise that it be raised to Rs. 1,000 per mensem consolidated.

8. The pay of the head servant in the Agent's Office is at present only Rs. 175 per mensem. The Agent must depend much on this man for information relative to the Stipendiaries, their casualties, &c. He is exposed to great temptations. The Government would urge that his present rate of salary be increased to Rs. 250 per mensem. They would, with respect, submit that in this case as in that of the Agent to afford adequate remuneration will be found true economy. The Government would solicit that these increased salaries may have effect retrospectively from October 1856, being the time when the labors both of the Agent and of his Assistant were largely augmented by the settlement of the claims of relatives, servants and retainers of the late Nawaub to Pension under the orders of the Government of India, 17th September 1856

NOTE.—Under orders of the Government of India in letter, dated 17th September 1856, No. 4780, a Commission was appointed by this Government for the investigation and settlement of the debts of the late Nawaub. It consisted of Dr. Balfour, the Chepauk Agent, the Dewan of the late Nawaub, and Mr. Teed, a Barrister of the Supreme Court. The Commission were much embarrassed in their proceedings by want of the necessary legal powers and were obliged to confine themselves to enquiries into the property left by the Nawaub and the arrears of wages due to his Servants and to the Members of the Carnatic Family, the claims to which are very numerous and extend over a great length of time. Subsequently it was resolved to submit the adjudication of the Nawaub's debts, i. e., those due to Private Creditors, contracted in his own time or during the regency of his Uncle, to the Supreme Court at Madras under an Act to be passed for the purpose.

On this Act being passed as Act XXX of 1858, the Commission which had made great progress in investigating the arrears of wages and family allowances was dissolved, and Dr. Balfour was continued as sole Commissioner to complete the settlement of these arrears, (being quite distinct from the debts to be decided by the Supreme Court,) which it was calculated might be effected in six months, or by February next.

9. Among the Establishment of the late Nawaub were four Hummamees or women employed to verify the existence and report the lapses of such of the Female Pensioners as enjoyed the privilege of Gosha. Such a check however imperfect it is necessary to maintain and these servants have in consequence been brought upon the Establishment of the Agency. It seemed however vain to expect that their duty would be discharged with even tolerable fidelity on the pittance granted by the late Nawaub, and this Government have Rs. 4, 3½ and 2-10-0 per mensem. therefore, subject to the confirmation of the Government of India, raised their salaries to Rupees (10) Ten per mensem each, the aggregate monthly increase being Rs. 26-14-0.

10. It will be seen that this List contains in addition to the fixed Establishment, Rs. 447-8-0, temporary Servants at a monthly charge of Rs. 215. These men have been entertained under the orders of this Government temporarily on account of the greatly increased work thrown on the Agency in the investigation and settlement of so many claims to Pensions, and further recently for the inquiries touching the property of the late Nabob which the Chepauk Agent has to conduct in communication with the Receiver of Carnatic Property under Act XXX of 1858.

11. The extension of the business of the Agency will render necessary some permanent increase to the fixed Establishment of the Agent, but the exact amount it is impossible to state until the Carnatic Affairs have been wound up, when a further communication will be made on the subject.

12. I am instructed to submit a Tabular Statement in the prescribed form containing the above Charges, and earnestly to recommend it to the sanction of the Supreme Government.

Chief Secretary.
